SKIN CARE FOR
PROFESSIONALS

EST. 1979

ABOUT RAYA est. 1979

Raya began in Los Angeles in 1979 as a European esthetician trying to find a skin care line for her one room skin care salon. She was disappointed with the established skin care lines available at the time. Their prohibitive sales policies, inflated prices, and high minimums made it difficult for a small salon to open an account and even more challenging to afford their products. With the help of her family, and her extensive training and experience in Eastern Europe, she started a small-scale skin care product line. As time passed, her small skin care line evolved into a state-of-the-art, 100,000 sq. ft. cosmetic research, development and manufacturing facility in North Hollywood, California, with over 150 high quality products available in stock. In addition, her one room skin care salon became Raya Spa, one of the largest (12,000 ft sq.) and most successful Skin Care Salons in Los Angeles, California www.rayaspa.com.

Raya attributes her success, in large part, to the independent aestheticians who discovered the advantages of using Raya Products. The combination of their loyalty, time-proven high quality products, and affordable prices have allowed RAYA LABORATORIES to become a proven leader in professional quality skin care products for over three decades.

We have been loyally dedicated to supporting thousands of skin care professionals in their journey towards creating a profitable, reliable and manageable business, many of whom from humble beginnings have grown into very successful full service salons and spas, became experts in their field, and are still using and retailing Raya's products to remain successful and profitable in the very competitive and ever changing skin care industry.

No First Purchase Minimum. Extensive Free Sampling Program and Various Introductory Sample Kits for First Purchase

Directly from the Manufacturer and Made in Los Angeles since 1979, Ensures Fast Delivery and Your Products are Always in Stock.

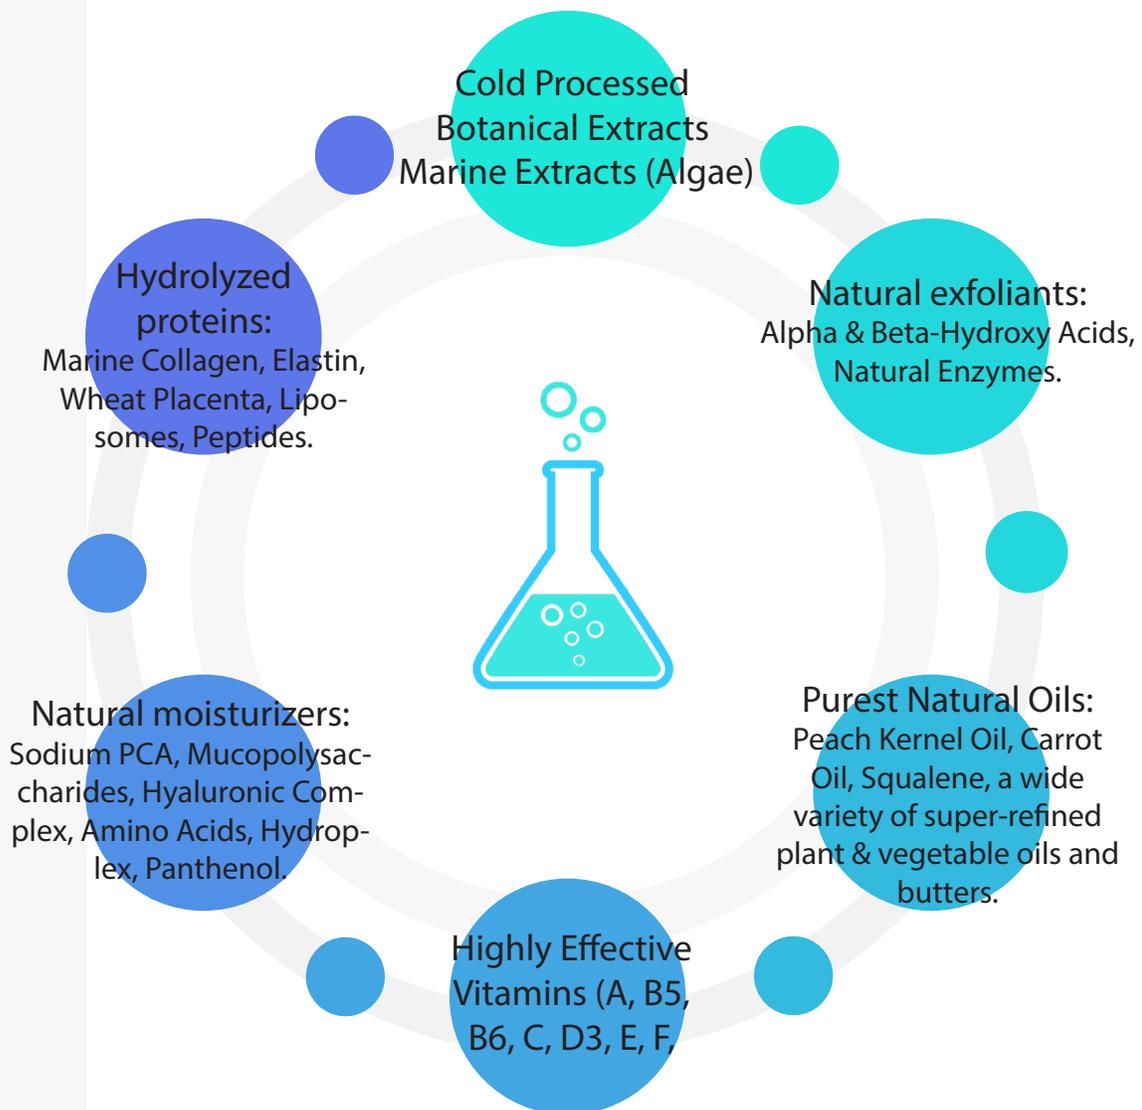

Time-Tested and Trusted Quality by Thousands of Professionals and Clients over Three Decades.

Advantage of Lower Prices because you are Purchasing Directly from the Manufacturer

SUPERIOR PRODUCT QUALITY

We are known for the consistent high quality and efficacy of our products which are created from the best of both newly discovered as well as traditional natural ingredients. We use the most effective and pure ingredients available in the world:

WORLD-WIDE FACTORY DIRECT DISTRIBUTION

Our efficient and independent system of operations ensures a timely and cost-effective delivery of our stock products within 72 business hours, directly from our manufacturing facilities in Los Angeles, California. For nearly 40 years we have been providing our products to thousands of the finest skin care salons, spas, dermatologists, and plastic surgeons throughout the United States and around the world.

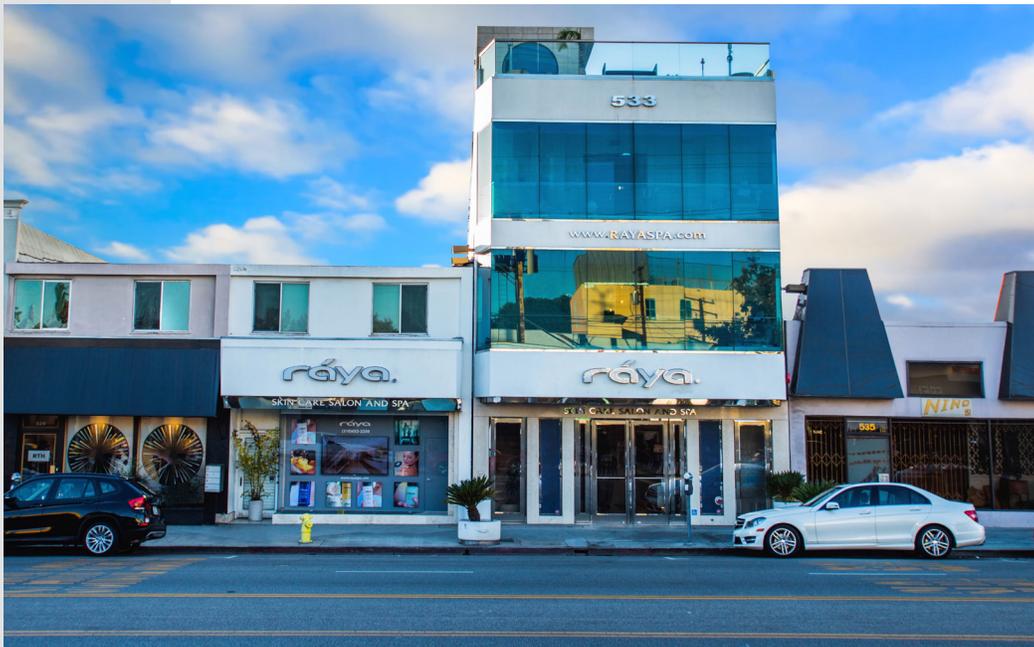

CUSTOM BLENDING

In addition to offering more than 100 (stock items) high quality retail and professional bulk products, we continuously stock a professional, in-salon, custom blending line of ingredients. Custom Blending has become an integral technique for modern, in-salon professional treatments. Our in-salon custom blending ingredients allows the professional aesthetician to customize any skin care treatment for a client. The custom blending line consists of a wide variety of pre-packaged, highest purity-grade moisturizing agents, exfoliating substances, biological elements, plant extracts, natural essential oils, oil-soluble vitamins, and a vast array of hard-to-find, super-refined natural oils.

CONSTANT REAL-WORLD EVALUATION OF PRODUCT PERFORMANCE

Real World Product Testing - In addition to industry standard quality assurance testing, our products are real-world time tested. In order to assess product performance in a true retail environment, we conduct, in our own 10,000 sq ft Los Angeles Salon and Day Spa, continuous panel studies on product efficacy and client/product satisfaction. Our time-tested product quality continues to receive enthusiastic accolades from our clients, attesting to the superior quality and consistent performance of our skin care products, nearing 40 years. We supply our products to thousands of skin care salons, spas, dermatologists, and plastic surgeons worldwide.

Raya Spa in Los Angeles

Advantages of Our Private Label LINE

As your private label product source, we are committed to your success. Experts predict that by the year 2020, 75% of all cosmetics sales will be transacted via the internet. Currently, many brand name cosmetic and skin care suppliers undercut estheticians and beauty professionals by selling their products directly online or through beauty supplies stores. RAYA® private label is dedicated to protecting your profits and your relationship with your customers. Beside the impressive aesthetic results achieved with our professional products, there are many solid business reasons to use RAYA® skin care products as your primary line for retail and back bar, or to add individual items to your existing line under your own name.

Advantages of Our Private Label LINE

Promote Yourself

By using your name on the label, you are promoting yourself, not another existing brand. Instead creating your own brand and securing your own business. We offer over 150 different products for you to create a a

Avoid Price Wars

By ordering private label and creating your own brand, you will not be undersold through other retail outlets, chain beauty store, Amazon or other online vendors.

Lower Your Cost

By buying directly from the manufacturer, you are avoiding the middleman and cutting your costs literally in half. Please compare our prices with what you are currently purchasing.

Customize

By incorporating in-salon custom blending techniques, you are able to customize treatments to your clients' individual needs. As a result, you are better prepared to compete in the ever-expanding and diverse skin care market.

Reasons to Have a Professional Facial

1. Skin Analysis by a trained professional

Study shows that most of people define their skin types and home care incorrectly. Professional aestheticians will provide this information to you correctly.

2. Deep cleansing of the skin and pores by a professional

Cleansing the skin and pores of dirt, debris and environmental factors can allow your skin to maintain a healthy balance and enhance its ability to fight off disease and aging. It can also enable the skin to better utilize the products that you apply for nourishment, protection and exfoliation. A professional is trained to perform this service when needed in the least invasive, though effective manner. The skin is prepped with products that ease the procedure, then the professional performs pore cleansing safely, with great results.

3. Deeper penetration of products through the benefits of a professional stimulating facial massage

Professional facial massage techniques warm the skin, thus opening the pores to allow deeper penetration of products. Warmth resulting from professional facial massage also dilates the vascular system, encouraging it to bring nutrients and moisture to the deeper layers of the skin and to remove toxins produced during normal metabolism. This stimulation also brings a healthy glow to the skin that only a professional facial massage can produce.

4. Professional recommendation

Skin care professionals are trained to recommend appropriate professional services that will meet your treatment needs. The professional can also recommend the correct home care program to enable you to meet your goals for your skin.

5. Professional products

The treatment products used by your skin care professional produce enhanced results in your treatment. Also, the professional level home care product recommended by your skin care specialist will maintain and improve the condition of your skin between services. You will be educated on the benefits of each treatment, on the benefits of home care products and on how to use them correctly for achieving your skin care goals. Caution: The recommend a course of treatment for your client should be based upon the individual factors associated with skin type and condition. The protocol listed is only a suggested treatment plan based on past results and most popular items for this skin type. Your client's skin type and condition may require a modified treatment plan which may include only some of the items listed.

I. Facial Cleansers

Facial skin needs regular cleansing to remove accumulated dead skin and dirt particulates, excessive oil, perspiration and metabolic wastes, and make-up. Cleansing opens the pores, preparing the skin to receive subsequent treatment. A good facial cleanser must function gently, without irritating the skin with aggressive ingredients. Our cleansers contain only the mildest cleansing agents, plus natural ingredients that soothe and moisturize. Cleanse twice daily, in the morning and night.

101 Camphor Soufflé

Camphor Soufflé is a powerful pH balanced facial cleanser recommended for normal to oily and problem skin. It is highly effective on blemished skin. It instantly softens the tap water, dissolving the heavy sebum which usually clogs blemished pores. Use twice daily, massage onto the skin and rinse with tepid water. Follow with Camphor or Menthol Astringent (for oily skin) or Blemish Control Astringent, Eucalyptus AHA Toner and Bio-Drying Lotion (on blemished skin), then Vitamin B day cream or Azulen day cream or other cream suitable for skin type.

Contains: Aloe Vera Gel, Stearic Acid, Hydrogenated Polyisobutane, Herb Extracts: (Ivy and Watercress and Lime Tree and Lavender and Soap Wort), Cetyl Alcohol, Dimethicone Copolyol, Triethanolamine, Lauroamphocarboxyglycinate and Sodium Trideceth Sulfate, Camphor, Clove Oil, Phenoxyethanol, Potassium Sorbate, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Professional in salon use: Can be used as a disincrustation cleanser for oily and problem skin types prior to extractions to soften and dissolve oils and pollutants congesting the skin (apply to face with water, lather then steam 2-5 minutes. Proceed with extraction). For sensitive skin do not steam. Could be followed by Camphor Astringent for disinfection. Then Enzyme Peeling Cream for exfoliation and Bio Drying or Blemish Control Mask for soothing. A second mask can be used for moisturizing (Cucumber Ice Sorbet or Azulen Mask). Can be used as lipid layer neutralizer prior to AHA or Enzyme in-salon treatment.

Key ingredient functions and product benefits: A deep pore cleanser with decongestive and anti-irritation activity. A Smooth whipped soufflé consistency. Removes surface dead cell build-up, impurities and pore blockage. Promotes anti-bacterial activity. Helps to promote clear and smooth complexion. Can be used as a luxurious facial shaving cream. Camphor, Clove Oil and five Herbal extracts help to cleanse and rejuvenate oily and blemished skin.

102 Mint Soufflé

Mint Soufflé is a mild pH balanced facial cleanser recommended for normal to oily and combination skin types. It instantly softens the tap water and dissolves oily and contaminated sebum from the skin's surface. Use twice daily, massage onto the skin and rinse with tepid water. Follow with Menthol Astringent, then any day cream suitable for skin type.

Contains: Aloe Vera Gel, Stearic Acid, Hydrogenated Polyisobutane, Shea Butter, Dimethicone Copolyol, Herb Extracts:(Fucus and Thyme and Horsetail and Sage), Cetyl Alcohol, Triethanolamine, Lauroamphocarboxyglycinate and Sodium Trideceth Sulfate, Menthol, Spearmint Oil, Peppermint Oil, Sassafras Oil, Sodium Hyaluronate, Carmine, Phenoxyethanol, Potassium Sorbate, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Professional in salon use: This is a milder version of Camphor Soufflé. Can be used as a disincrustation cleanser prior to extractions for normal to oily and combination skin types to soften and dissolve oils and pollutants congesting the skin (apply to face with water, lather then steam 2-5 minutes. Proceed with extraction). For sensitive skin do not steam. Could be followed by Camphor Astringent or Menthol Astringent for disinfection. Then Enzyme Peeling Cream or Scrub for exfoliation and Volcanic Mud, Mint or Azulen Mask for soothing. A second mask can be used for moisturizing (Cucumber Ice Sorbet or Collagen Mask). This product can be used as lipid layer neutralizer prior to AHA or Enzyme in-salon treatment.

Key ingredient functions and product benefits: A deep pore cleanser with decongestive and anti-irritation activity. A Smooth whipped soufflé consistency. Fresh minty scent. Removes surface dead cell build-up, impurities and pore blockage. Promotes anti-bacterial activity. Helps to promote clear and smooth complexion. Can be used as a luxurious facial shaving cream. Fucus, Thyme, Horsetail and Sage extracts help to cleanse and rejuvenate normal to oily and combination skin. Can be used for dry skin as a once to twice weekly deep pore cleansing mini-facial when followed by Collagen mask and Moisturizer to re-hydrate the skin.

104 Gentle Cleansing Gel

This Gentle Gel is specially formulated for normal to dry and sensitive skin. It cleans the face thoroughly while moisturizing with natural botanical extracts. Use twice daily. Apply cleansing gel with moistened hands, gently lather, then rinse. Follow with toner and moisturizer.

Contains: Aloe Vera Gel, Decyl Polyglucose, Glycerin, Cocamidopropyl Betaine, Polyquaternium-10, Coltsfoot Extract, Hops Extract, Rosemary Leaves Extract, Sage Leaves Extract, Allantoin, Sodium PCA, Sodium Hyaluronate, Fragrant Oil, Carrot Extract, Phenoxyethanol, Potassium Sorbate, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Professional in salon use: This is a mild cleansing gel. Can be used as in-salon all around facial cleanser for normal to dry and sensitive skin types. Gently removes make-up and all other impurities. Could be followed by Aloe Cucumber Astringent or Ginseng Astringent for additional mild cleansing and pollutant removal. Then Enzyme Peeling Cream

or Appropriate treatments. Use facial Scrub for exfoliation and Volcanic Mud (3-5 minutes) to detoxify the skin. A second mask can be used for moisturizing and soothing (Azulen Mask or Collagen Cream Mask). This product can be used as a light lipid layer neutralizer prior to AHA or Enzyme in-salon

Key ingredient functions and product benefits: Six herbal extracts known for their mild cleansing properties help to moisturize, purify, and calm the skin. Dissolves dry, dehydrated layers from the skin surface. Assists in promoting smooth skin and in achieving a more even complexion. Light and silky transparent gel consistency.

105 Eye Make-Up Remover

Eye make-up Remover is a light oil-free cleansing liquid especially formulated for gentle removal of mascara and eye make-up from around the delicate eye area. Use on damp cotton to wipe off make-up and cleanse the around the eye area. Remove excess with dry cotton. Use as needed.

Contains: Distilled Water, Chamomile and Saponaria Extracts, Glycerin, Lauroamphocarboxyglycinate and Sodium Trideceth Sulfate, Bisabolol, Sodium Chloride, Phenoxyethanol, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Professional in salon use: Eye make-up remover prior to facial treatment. Gently use in a circular motion away from the eyes and rinse thoroughly with water. Can be used as a super mild facial cleanser for very sensitive skin types.

Key ingredient functions and product benefits: Made with gentle, soothing Chamomile and Saponaria Extracts. Easily removes make-up without irritating eyes. Ideal for sensitive skin. Leaves the delicate skin around the eye area feeling cool and refreshed, with no oily residue. Light and oil-free transparent liquid cleanser.

106 Almond-Honey Scrub

Almond-Honey Scrub is composed of medium and fine almond meal, corn meal and wheat flour grains blended with Honey and Aloe Vera Gel. It works as a soft, natural exfoliating scrub removing dead skin cells, polishing the skin, and leaving it with a natural healthy glow. It is recommended for all skin types, except problem and blemished. Use twice a week. Mix a small amount of scrub with a few drops of water in the palm of the hand, lightly massage onto the skin's surface, then rinse with tepid water. Follow with an appropriate mask.

Contains: Aloe Vera Gel, Whole Wheat Flour, Almond Meal, Glycerin, Phenoxyethanol, Corn Meal, Corn Cob Meal, Oatmeal, Honey, Apricot Kernel Powder, Walnut Shell Powder, Peach Kernel Powder, Hops and Arnica and Horsetail Extracts, Titanium Dioxide, Guar Gum, Fragrant Oil, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

i d

Professional in salon use: Can be used after cleansing and either prior or after steam to help root out impurities, blackheads and improve skin texture. Helps to improve the penetration of following treatments. This is a medium strength scrub.

Key ingredient functions and product benefits: Almond paste with moisturizing honey cleans and exfoliates. Rinses off easily. Combines Whole Wheat Flour, Almond Meal, Corn Meal, Oatmeal, Honey, Apricot Kernel Powder, and Peach Kernel Powder to create a moisturizing and invigorating scrub. It is filled with honey (a natural humectant) that leaves the skin feeling soft and refreshed. Smooth paste consistency. Can be used as a part of at-home mini facial regiment when followed by serum, mask, and moisturizer twice weekly.

107 Micro-Dermabrasion Cream

Micro-Dermabrasion Cream is a resurfacing treatment that gently exfoliates the skin to help minimize fine lines and wrinkles. Natural fruit enzymes, hydrolyzed vitamins, herbal extracts and micronized marine salts enhance the micro-dermabrasion process by assisting in the reduction of sun damage and scarring. Helps to minimize pore size and other skin imperfections while stimulating the production of new and healthy skin cells.

Directions: Recommended for all non problem skin types. Apply a small amount to clean, damp face. Close the eyes to prevent introduction of crystals. Massage gently in circular motions for 1-2 minutes. Avoid eye area. Rinse thoroughly, then follow with an appropriate moisturizer. Use 1 to 2 times a week as tolerated.

Contains: Aloe Vera Gel, Hydrogenated Polyisobutane, Stearic Acid, Cetyl Alcohol, Sodium Alginate, Glycerin, Refined Aluminum Oxide, Chamomile Extract, Thyme Leaves Extract, Hydroxypropyl Methylcellulose, Safflower Oil, Dimethicone, Micronized Sodium Chloride (Salt), Bromelain Enzymes, Papain Enzymes, Lecithin, Calendula Extract, Rosemary Extract, Tocopheryl Acetate (Vit.E), Retinyl Palmitate (Vit.A), Allantoin, Sodium PCA, Phenoxyethanol, Potassium Sorbate, Sodium Benzoate. Caution: Use only as directed. Not to be used on sensitive or irritated skin. Do not use on Rosacea, Pustule Acne, Open Sores or other skin ailments. Do not use during or right after chemical peeling. Avoid contact with eyes and mucous membranes. Keep out of reach of children.

Professional in salon use: Can be used in salon as a milder alternative to machine micro-dermabrasion treatment. Use after cleansing and either prior or after steam to help root out impurities, blackheads and improve skin texture. Massage gently in circular motions for 2-5 minutes. Avoid eye area. Rinse thoroughly, then follow with an appropriate soothing mask followed by moisturizer. Helps to improve the penetration of following treatments. This is a maximum strength scrub.

Key ingredient functions and product benefits: Chamomile Extract, Thyme Leaves Extract, Safflower Oil, Bromelain Enzymes, Papain Enzymes, Lecithin, Calendula Extract, Rosemary Extract, leave your skin velvety smooth with an irresistible glow. This product utilizes the same crystals used in microdermabrasion machines. Helps to smooth fine lines and wrinkles, lighten skin discoloration and stimulate cellular regeneration. A non greasy emollient cream based formula. Can be used as a part of at-home mini facial regiment when followed by serum, mask, and moisturizer twice weekly

This gentle and soft exfoliator is abrasive particle free, and targets only the dead skin cells. Removes them gently without scratching live, healthy cells. Helps to minimize pore size and brighten skin tone. Prepares the skin to receive moisturizing and nourishing treatments. For all non-acne skin types. Directions: Apply over cleansed, dry skin, avoiding eye area. Let remain on the skin until the gel melts (5 to 10 minutes). You will feel the enzymes begin to work. The gel will begin to melt and liquify indicating that it is loosening your dead skin cells. When the product is completely liquid, gently rub your skin in a circular motion for 2-3 minutes. Rinse face thoroughly with warm water after using. Use once or twice weekly.

Contains: Aloe Vera Gel, Glycerin, Butylene Glycol, Carbomer, Cellulose Gum, Chamomile Extract, Sodium PCA, Papaya Extract, Pineapple Extract, Bromelain Enzymes and Papain Enzymes and Lecithin, Essential Oils, Glycosaminoglycans, Sea Buckthorn Oil, Triethanolamine, Phenoxyethanol, Potassium Sorbate, Sodium Benzoate. Caution: In case of very sensitive skin, do not rub your face too hard and long. It is more effective when you massage softly. Moderate stinging may occur. If skin becomes irritated, wash off immediately with warm water. Use only as directed. Not to be used on irritated or active acne skin, rosacea, open sores or other skin ailments. Avoid contact with eyes and mucous membranes. Keep out of reach of children

109 Enzyme Peeling Cream

Enzyme Peeling Cream is a gentle exfoliating cream for removing dead skin cells. It is recommended for all types of skin. Cleanse the skin. Apply peeling cream to the face and neck, avoiding eye area. Allow to dry for 1 minute. Remove with circular finger movements rubbing away buildup of dead cells. Follow with a moisturizer and a mask for appropriate skin type. Use once to twice weekly.

Contains: Aloe Vera Gel, Microcrystalline Wax, Ceresin, Glycerin, Glyceryl Stearate, Carbomer, Cetyl Alcohol, Paraffin, Papaya Extract, Pineapple Extract, Bromelain Enzymes and Papain Enzymes and Lecithin, Extracts of Cucumber and Elder Flower and Chamomile and Orange Peel, Avocado Oil, Wheat Germ Oil, Sesame Oil, Mango Butter, Sodium Hyaluronate, Triethanolamine, Sodium PCA, Fragrant Oil, Phenoxyethanol, Potassium Sorbate, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Professional in salon use: This product is very effective as a non abrasive scrub alternative for all skin types including blemished skin and sensitive skin. Can be used in professional treatment as a post extraction mild mechanical exfoliant. This is an effective, yet mild non abrasive exfoliating scrub. Use after cleansing and ether prior or after steam. Do not use directly under steam.

Key ingredient functions and product benefits: Can be used as a part of at-home mini facial regiment when followed by serum, mask, and moisturizer twice weekly. Fruit Enzymes, Herbal Extracts, Avocado Oil, Wheat Germ Oil, Sesame Oil, and Mango Butter work together to cleanse, polish and moisturize the skin. A non greasy emollient cream based fruit enzyme formula.

110 Herbal Peeling Gel

This gentle and soft exfoliator is abrasive particle free, and targets only the dead skin cells. Removes them gently without scratching live, healthy cells. Helps to minimize pore size and brighten skin tone. Prepares the skin to receive moisturizing and nourishing treatments. For all non-acne skin types.

Directions: Apply over cleansed, dry skin, avoiding eye area. Let remain on the skin until the gel melts (5 to 10 minutes). You will feel the enzymes begin to work. The gel will begin to melt and liquify indicating that it is loosening your dead skin cells. When the product is completely liquid, gently rub your skin in a circular motion for 2-3 minutes. Rinse face thoroughly with warm water after using. Use once or twice weekly.

Contains: Aloe Vera Gel, Glycerin, Butylene Glycol, Carbomer, Cellulose Gum, Chamomile Extract, Sodium PCA, Papaya Extract, Pineapple Extract, Bromelain Enzymes and Papain Enzymes and Lecithin, Essential Oils, Glycosaminoglycans, Sea Buckthorn Oil, Triethanolamine, Phenoxyethanol, Potassium Sorbate, Sodium Benzoate. Caution: In case of very sensitive skin, do not rub your face too hard and long. It is more effective when you massage softly. Moderate stinging may occur. If skin becomes irritated, wash off immediately with warm water. Use only as directed. Not to be used on irritated or active acne skin, rosacea, open sores or other skin ailments. Avoid contact with eyes and mucous membranes. Keep out of reach of children

R-114 Silky Cleanser

Silky Cleanser is a light foaming cleanser. It lifts away dirt, make up, and other impurities without stripping the essential lipids the skin needs to stay healthy and hydrated. Helps to keep the skin clear and smooth textured thanks to a potent blend of French sea waters, botanical extracts, gentle seaweed and sugar based exfoliants. Silky cleanser is a perfect start to prepare the skin for the refining treatment, by improving the penetration of the active ingredients contained in subsequently applied skin care products.

Directions: Use twice daily, massage a small amount onto the face with moistened hands. Gently lather, then rinse. Follow with toner and moisturizer.

Contains: Deionized Water, Aloe Vera Gel, Decylpolyglucose, Lauroamphocarboxyglycinate and Sodium Trideceth Sulfate, Glycerin, Cocamidopropyl Betaine, Purified Sea Water, Stearic Acid, Cetyl Alcohol, Rosemary Leaves Extract, Chamomile Extract, Seaweed Extract, Natural Fragrant Oils, Carbomer, Glycosaminoglycans, Mango Butter, Almond Butter, Yeast Extract, Triethanolamine, Sodium PCA, Sodium Hyaluronate, Ascorbyl Palmitate, Phenoxyethanol, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Professional in salon use: A gentle cleanser that dissolves impurities, excess oil, and make-up. On contact with water, this unique cleansing formula emulsifies into a silky consistency and rinses off easily. Could be followed by Aloe Cucumber Astringent or Ginseng Astringent for additional mild cleansing and pollutant removal. Then Enzyme Peeling Cream or appropriate facial Scrub for exfoliation and Volcanic Mud (3-5 minutes) to detoxify the skin. A second mask can be used for moisturizing and soothing (Azulen Mask or Collagen Cream Mask).

Key ingredient functions and product benefits: Chamomile Extract, Seaweed Extract, Glycosaminoglycans and Sodium PCA work together to help give you a better complexion. A non greasy lightly foaming emollient cream based formula. Orange and Vanilla essential oils combine to give this product a light fresh scent.

115 Instant Oxygen Skin Revival Masque

Ideal for use after long days or sleepless nights due to an “anti-fatigue” effect on the skin This oxygenating treatment helps to instantly revive dull, tired skin leaving it clean, soothed, glowing and refreshed. Provides immediate and long term benefits. Pure stabilized oxygen complex delivers important peptides, vitamins, amino acids and antioxidants to detoxify, hydrate and replenish skin. Helps to increase skin “plumpness” and decrease facial “puffiness”. Ginseng Extract provides an additional oxygen boost to rejuvenate and purify the skin.

Directions: Apply over slightly moist skin, avoiding eye area. The gel will begin to lightly bubble and a slight tingling and cooling sensation will develop, indicating delivery of additional oxygen to skin’s surface and oxygenation of active ingredients. Let remain on the skin 3 to 5 minutes. Rinse face thoroughly with warm water after using. Use once or twice weekly or before a special event. For all skin types.

Contains: Aloe Vera Gel, Glycerin, Disodium Lauroamphodiacetate, Polyhydroxystearic acid and Isononyl Isononanoate and Ethylhexyl Isononanoate and Sodium Cocamidopropyl PG-Dimonium Chloride Phosphate and Perfluoroisohexane and Butylene Glycol, Sodium Trideceth Sulfate, Glucose and Fructose and Sucrose and Alanine and Glutamic Acid and Aspartic Acid, d-Penthanol, Tocopheryl Acetate, Retinyl Palmitate, Ginseng Extract, Xanthan Gum, Guar Gum, Chamomile Extract, Corn Extract, Sodium PCA, Pumpkin Seed Extract, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Phenoxyethanol and Caprylyl Glycol and Ethylhexylglycerin and Hexylene Glycol, Essential Oils, Glycosaminoglycans, Sea Buckthorn Oil. Caution: If skin becomes irritated, wash off immediately with warm water. Use only as directed. Avoid contact with eyes and mucous membranes. Store the container tightly closed at room temperature and away from heat and direct sun light. Keep out of reach of children.

120 Pineapple Enzyme Scrub

This is an effective exfoliating, retexturizing, refining, and nourishing treatment scrub. Efficient and non-abrasive exfoliation is achieved by the combination of Bromelain enzyme (which is obtained from pineapple) and the action of Jojoba beads. The enzyme helps to effectively remove excess surface cells, while the micro spherical jojoba beads dissolve and release their nourishing jojoba oil into the skin. This process produces improved skin texture and leaves the skin with a luminous glow. The ultimate result is refined and moisturized skin.

Directions: After cleansing, apply a small amount to wet face, and massage in circular motions. Rinse thoroughly,

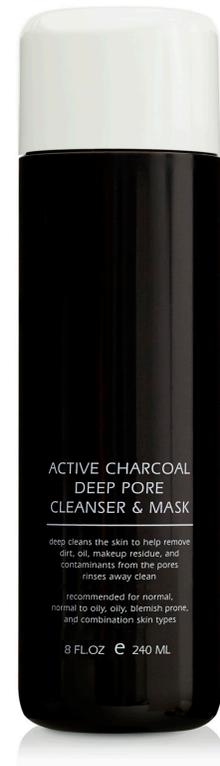

Professional in salon use: Can be used in salon as gel based scrub. Use after cleansing and ether prior or after steam to help root out impurities, blackheads and improve skin texture. Massage gently in circular motions for 2-5 minutes. Avoid eye area. Rinse thoroughly, then follow with an appropriate, serum, soothing mask followed by moisturizer. Helps to improve the penetration of following treatments. This is a mild strength scrub with spherical non abrasive beads. The enzyme level of this product is medium to mild and suitable for sensitive skin types. For a stronger in-salon enzyme treatment with steam use the Phytozyme Exfoliation System.

Key ingredient functions and product benefits: Chamomile, Pineapple, Papaya and Seaweed leave your skin moisturized and cleansed without drying it out. A fresh pineapple scent. Gentle scrub designed for frequent use.

121 Active Charcoal Cleanser

Deep cleans the skin to help remove dirt, oil, makeup residue, and contaminants from the pores. This effective blend of activated charcoal and a mild, sulfate-free, cleanser deep cleans the skin to help absorb toxins and balance the pH. Removes dirt, oil, makeup residue, and contaminants from the pores. Lightly foams and rinses clean, without over drying the skin. Amino acids, enzymes, herbal extracts, and pure essential oils provide excellent skin conditioning and moisturizing properties. Contains natural clays for additional oil absorbing and detoxifying properties. Directions: Recommended for normal, normal-to-oily, oily, blemish prone, and combination skin types. Not recommended for very dry skin.

Directions: Gently massage a small amount onto wet skin building a light lather. Rinse well with tepid water. Follow with an appropriate toner and moisturizer. For Normal, normal to oily, oily and blemished skin types, can be used once or twice daily as needed. For combination skin types, can be used as a deep pore detox mask treatment once to twice a week. For a deep pore mask treatment, apply a small amount onto dry skin and let remain on the face for 5 to 10 minutes. Rinse well with warm water.

Contains: Activated Charcoal Powder USP, Aloe Barbadosensis (Aloe Vera) Leaf Juice*, Panax Ginseng Root Extract*, Humulus Lupulus (Hops) Extract*, Hamamelis Virginiana (Witch Hazel) Leaf Extract*, Lactobacillus/Curcubita Pepo Fruit (Pumpkin) Ferment Extract, Niacinamide, Diatomaceous Earth, Kaolin, Calendula Officinalis Flower Extract*, Symphytum Officinale (Comfrey) Leaf Extract*, Rosa Centifolia (Rose) Extract*, Chamomilla Recutita (Chamomile) Flower Extract*, Eucalyptus Globulus Leaf Oil*, Citrus Aurantium Dulcis (Orange) Peel Oil*, Melissa Officinalis Leaf Oil*, Cedrus Atlantica (Cedarwood) Bark Oil*, Euginia Caryophyllata (Clove) Bud Oil*, Sodium PCA, Allantoin, * ORGANIC

R-125 Bamboo Scrub

This herbal based exfoliating treatment cream combines fine ground bamboo with jojoba beads and micro-fine French talc. It effectively removes excess surface cells, lifts away dull, dry skin for improved texture and healthy clarity. Refreshing herbal extracts of Rosemary, Calendula and Cucumber help to tone and rejuvenate for a more luminous skin glow.

Directions: After cleansing, apply a small amount to wet face, massage gently in circular motions. Avoid eye area. Rinse thoroughly, follow with an appropriate moisturizer. Use once to twice weekly.

Contains: Aloe Vera Gel, Safflower Oil, Polyethylene, Stearic Acid, Cetyl Alcohol, Ground Bamboo, Chamomile Extract, Cucumber Extract, Calendula Extract, Rosemary Extract, Allantoin, Chlorophyll, Sodium PCA, Papaya Extract, Pineapple Extract, Guar Gum, Bromelain Enzymes and Papain Enzymes and Lecithin, Fragrant Oil, Iron Oxide, Phenoxyethanol, Mango Butter, Talc, Xanthan Gum, Corundum Powder, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Use only as directed. Not to be used on sensitive or irritated skin. Do not use on Rosacea, Pustule Acne, Open Sores or other skin ailments. Do not use during or right after chemical peeling. Avoid contact with eyes and mucous membranes. Keep out of reach of children.

Professional in salon use: Can be used in salon as a nourishing cream based treatment.

Use after cleansing and either prior or after steam to help root out impurities, blackheads and improve skin texture. Massage gently in circular motions for 2-5 minutes. Avoid eye area. Rinse thoroughly, then follow with an appropriate, serum, soothing mask followed by moisturizer. Helps to improve the penetration of following treatments. A medium to strong (depending the pressure applied and the amount of time massaged on the face) nourishing cream based scrub. This product utilizes fine ground bamboo and jojoba beads as less aggressive exfoliation then microdermabrasion cream.

Key ingredient functions and product benefits: Ground Bamboo and Jojoba Beads for exfoliation. Chamomile Extract, Cucumber Extract, Allantoin and Chlorophyll for soothing. Sodium PCA, Aloe Vera Gel, Mango Butter and Safflower Oil for moisturizing. Papaya Extract, Pineapple Extract, Bromelain Enzymes and Papain Enzymes for pore refining. Dimethicone and Glycerin for skin protection. Helps to smooth fine lines and wrinkles, lighten skin discoloration and stimulate cellular regeneration. A nourishing emollient cream based formula. Can be used as a part of at-home mini facial regiment when followed by serum, mask, and moisturizer twice weekly.

127 Pumpkin Enzyme Dermal Exfoliation Puree

Pumpkin puree is rich in vitamins, amino acids, and enzymes known for their anti-oxidant and exfoliating properties. This resurfacing treatment gently exfoliates the skin to improve the appearance of fine lines, age spots, freckles, and rough skin. It minimizes pore size and other skin imperfections while stimulating the production of new and healthy skin cells.

Directions: Apply over cleansed skin, avoiding eye area. Allow to remain on the skin for up to 8 minutes (for dry, mature, and sensitive skin), or up to 15 minutes (for oily and problem skin). Remove with warm water. Use once or twice weekly.

Contains: Aloe Vera Gel, Pumpkin Enzyme, Pumpkin Pulp Extract, Glycerin, Chamomile Extract, Glucose and Fructose and Sucrose and Urea and Dex trin and Alanine and Glutamic Acid, Glycosaminoglycans, Bromelain and Papain En-

zymes and Lecithin, Guar Gum, Sodium PCA, Yeast Extract, Carrot Oil, Sea Buckthorn Oil, Phenoxyethanol, Sodium Alginate, Fragrant Oil, Seaweed Extract, Sodium Hyaluronate, Iron Oxide, Potassium Sorbate, Sodium Benzoate, Citric Acid, Lactic Acid. Caution: Moderate stinging may occur. If skin becomes irritated, wash off immediately with warm water. Always test product on small area before use on entire face. Use only as directed. Not to be used on sensitive or irritated skin. Do not use on Rosacea, open sores or other skin ailments. Do not use during or right after chemical peeling. Avoid contact with eyes and mucous membranes. Keep out of reach of children.

150 Azulen Milk

Azulen Milk is recommended as a make-up removing lotion and a gentle soapless cleanser for all skin types and especially for sensitive skin. It contains specially blended oils which dissolve heavy waxes contained in most make-up bases. Azulen helps to prevent the formation of inflammation and skin allergies because of its anti-bacterial properties. Use on damp cotton to wipe off make-up and cleanse the entire face. Remove excess with dry cotton.

Contains: Aloe Vera Gel, Decyl Oleate, Dimethicone, Glycerin, Cetyl Alcohol, Carbomer, Soap Wort and Marshmallow Extracts, Camellia Oil, Glucose and Fructose and Sucrose and Alanine and Glutamic Acid and Aspartic Acid and Hexyl Nicotinate, Avocado Oil, Wheat Germ Oil, Phenoxyethanol, Triethanolamine, Glycosaminoglycans, Fragrant Oil, Guaiazulene, Allantoin, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: This product is not intended for removing make-up from eyelids and around the eye area. Keep out of reach of children. Use only as directed. Color of product may change with time due to natural ingredients.

Professional in salon use: A gentle non foaming cleansing milk that dissolves impurities, excess oil, and make-up on contact. A light creamy consistency. Could be used with or without water. Rinses off easily. Could be followed by Aloe Cucumber Astringent or Ginseng Astringent for additional mild cleansing and pollutant removal. Then Enzyme Peeling Cream or appropriate facial Scrub for exfoliation and Volcanic Mud (3-5 minutes) to detoxify the skin. A second mask can be used for moisturizing and soothing (Azulen Mask or Collagen Cream Mask).

Key ingredient functions and product benefits: Dimethicone, Glycerin, Camellia Oil, Avocado Oil, Wheat Germ Oil, Glucose and Fructose and Sucrose protect and maintain your skin from moisture loss, while gently removing make-up and impurities. Glycosaminoglycans, Azulene, Aloe Vera and Allantoin help to calm inflammation and refine pores. Gently removes makeup and impurities without stripping the skin of its natural oils. Helps to improve skin's suppleness and elasticity. Light and creamy consistency. Light blue color comes from Azulen.

152 Chamomile Fluid Cleansing Cream

This is a gentle detergent-free fluid cleansing cream. It is recommended as a cleanser and make-up remover for sensitive, dry, and normal to dry skin. It helps to remove make-up and surface impurities while restoring the natural pH balance of the skin. It also rejuvenates the skin thanks to natural chamomile blossom extract and mucopolysaccharides. Use on damp cotton to wipe off make-up and cleanse the entire face. Remove excess with dry cotton.

Contains: Aloe Vera Gel, Caprylic/Capric Triglyceride, Safflower Oil, Squalane, Stearic Acid, Cetyl Alcohol, Dimethicone, Chamomile Blossom Extract, Sodium Alginate, Extracts of Cucumber and Elder Flower and Chamomile and Orange Peel, Tocopheryl Acetate (Vitamin E), Glucose and Fructose and Sucrose and Urea and Dextrin and Alanine and Glutamic Acid and Hexyl Nicotinate, Sodium PCA, Glycosaminoglycans, Phenoxyethanol, Chamomile Oil, Ascorbyl Palmitate, Sodium Lactate, Sodium Hyaluronate, Guar Gum, Triethanolamine, Retinyl Palmitate (Vitamin A), Fragrant Oil, Potassium Sorbate, Sodium Benzoate. Caution: This product is not intended for removing make-up from eyelids and around the eye area. Keep out of reach of children. Use only as directed.

Professional in salon use: An emollient non foaming cleansing milk that dissolves impurities and make-up. Could be used with or without water. Follow by Aloe Cucumber Astringent or Ginseng Astringent for additional mild cleansing and pollutant removal. Then Enzyme Peeling Cream or appropriate facial Scrub for exfoliation and Volcanic Mud (3-5 minutes) to detoxify the skin. A second mask can be used for moisturizing and soothing (Placental Mask or Collagen Cream Mask).

Key ingredient functions and product benefits: Extracts of Cucumber and Elder Flower and Chamomile and Orange Peel known for their soothing properties. Vitamin E, Vitamin A, Sodium PCA, Glycosaminoglycans, Chamomile Oil, Ascorbyl Palmitate. Dimethicone, Glycerin and Safflower oil protect and maintain your skin from moisture loss, while gently removing make-up and impurities. Glycosaminoglycans help to calm inflammation and refine pores. Gently cleanses without stripping the skin of its natural oils. Helps to Improve skin's suppleness and elasticity. Effective for dry, sensitive and mature skin. A rich and creamy non foaming liquid cream.

154 Chamomile Cleansing Oil

This light, silky, water soluble natural oil blend gently melts, dissolves and washes away heavy make up and impurities without stripping away natural oils. Combines chamomile oil, lavender oil, and vitamin e, to leave the skin feeling calm, clean and refreshed. With addition of water it becomes a gentle milky cleanser. Rinses away clean, leaving no residue. Emulsifies and removes waterproof make up.

Directions: Can be used as a daily facial cleanser or as needed to softly remove stubborn make up. Apply a small amount with a dry cotton pad to face and neck and around the eyes. Add water and cleanse thoroughly to transform into a milky cleanser. Rinse with warm water. Close eyes and spread over lashes to dissolve mascara. Emulsify by adding warm water, then rinse thoroughly. Ideal for all non-problem skin types. Chamomile Cleansing Oil can be used alone, or as a pre-cleanse oil before other cleansers.

Contains: Carthamus Tinctorius (Safflower) Seed Oil*, Caprylic/Capric Triglyceride(From Coconut Oil), Persea Gratissima (Avocado) Oil*, PEG-40 Sorbitan Peroleate, Tocopherol (Vit.E), Anthemis Nobilis Oil* (Roman Chamomile Essential Oil), Lavandula Officinalis Oil* (Lavender Essential Oil), Rosmarinus Officinalis (Rosemary) Leaf Oil*. Caution: Avoid direct contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed. Some users of this product may experience a mild irritation; if irritation becomes severe discontinue use and consult your skin care professional. Remove any contact lenses. For eye irritation flush with water for 15 minutes. For external use only. * Certified Organic Ingredients.

II. Facial Toners and Astringents

An important step of a facial care program, toning, follows cleansing and precedes moisturizing or similar facial care treatment. Applying a toning lotion provides a supplemental cleansing and facial rinse, and floods the open pores with pure botanical extracts selected to benefit a specific skin condition. Our toning lotions target specific responses from vital skin functions

202 Aloe-Cucumber Astringent

Aloe-Cucumber Astringent (alcohol free) helps to tighten pores, smooth the appearance of the skin, and gives it a finer, softer texture. Herbal extracts and soothing Aloe calm possible irritations. It is recommended for dry and sensitive skin. Apply with cotton several times daily after cleansing and before applying day cream or make-up.

Contains: Aloe Vera Gel, Cucumber Juice, Witch Hazel and Horse Chestnut Extracts, Glycerin, Glucose and Fructose and Sucrose and Urea and Dextrin and Alanine and Glutamic Acid and Hexyl Nicotinate, Biotin, Fragrant Oil, Chlorophyll, d-Panthenol, Ginseng Extract, Allantoin, Polysorbate 20, Carotene, Ascorbyl Palmitate, Phenoxyethanol, Potassium Sorbate, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Professional in salon use: A botanical skin toner with mild refining and refreshing action. Designed to be compatible with most cleansers (gentle cleansing gel, silky cleanser, cleansing milks). Helps to ensure thorough removal of final remaining traces of any cleanser or make up. Can be used after masks and facial massage to tighten pores. Can be used as a facial spray by diluting with purified water at a rate of 80% water and

20 % toner, then sprayed on to the face in a fine mist pattern (make sure to protect the eye area with moist cotton). After spraying, gently remove excess moisture with cotton or paper tissue. Suitable for all normal to dry, dehydrated, sensitive and mature skin types. Can be applied as a cotton or gauze compress (avoid eye area).

Key ingredient functions and product benefits: Aloe Vera Gel, Cucumber Juice, Witch Hazel and Horse Chestnut Extracts help to refine, tone, tighten pores and protect the skin. Restores the skins natural pH and oil balance. Glycerin and amino acid complex moisturize. Chlorophyll, Allantoin and Ginseng poses soothing and healing properties. Very effective prior to make up application to allow a matt, even and long lasting finish. Cools and soothes the skin.

203 Menthol Astringent

Menthol Astringent is an effective astringent and toner for normal to oily, and combination skin. It helps to fight bacteria. Highly recommended for skin having partial oiliness, and a tendency to break out. Apply with cotton several times daily after cleansing and before applying day cream or make-up.

Contains: Aloe Vera Gel, Lemon Juice, Glucose and Fructose and Sucrose and Urea and Dextrin and Alanine and Glutamic Acid and Hexyl Nicotinate, SD Alcohol 40, Lactic Acid, Aqueous Extract of Calendula, Thyme Leaves, Sage Leaves, Salicylic Acid, Ascorbyl Palmitate, Peppermint Extract, Chlorophyll, Azulene, Menthol, Carotene, Phenoxyethanol, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Professional in salon use: A corrective skin toner with medium refining, anti bacterial and astringent activity. Designed to be compatible with most cleansers (Gentle Cleansing Gel, Mint Soufflé, Silky Cleanser, Active Cleansing Gel). Helps to ensure thorough removal of final remaining traces of any cleanser or make up. Can be used after masks and facial massage to tighten pores. Very effective prior to make up application to allow a matt, even and long lasting finish. Do not use as a spray. Suitable for all normal to oily, and combination skin. Key ingredient functions and product benefits: Aloe Vera Gel, Lemon Juice, Extracts of Calendula, Thyme Leaves and Sage Leaves help to refine, tone, tighten pores and protect the skin's ph and oil balance. Amino acid complex provides skin hydration. Chlorophyll and Azulene poses soothing and anti inflammatory effects. Lactic and Salicylic Acids help to gently exfoliate and restore ph balance. Peppermint Extract and Menthol refresh, cool and soothe the skin.

204 Camphor Astringent

Camphor Astringent is a very effective astringent and toner for blemished and oily skin. It fights bacteria, reduces sebaceous gland secretion and helps to dry up blemishes. Apply with cotton several times daily after cleansing and before applying day cream or make-up.

Contains: Aloe Vera Gel, Lemon Juice, Glucose and Fructose and Sucrose and Urea and Dextrin and Alanine and Glutamic Acid and Hexyl Nicotinate, , SD Alcohol 40, Salicylic Acid, Lactic Acid, Hops and Arnica and Horsetail Extracts, Camphor, Yeast Extract

,Balsam Peru, Eucalyptus Oil, Ascorbyl Palmitate, Chlorophyll, Azulene, Phenoxyethanol, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Professional in salon use: A corrective skin toner with strong refining, anti bacterial and astringent activity. Designed to be compatible with most cleansers (Camphor Souffle, Mint Soufflé, Silky Cleanser, Active Cleansing Gel). Helps to ensure thorough removal of final remaining traces of any cleanser or make up. Can be used after masks and facial massage to tighten pores. Very effective prior to make up application to allow a matt, even and long lasting finish. Do not use as a spray. Suitable for oily and problem skin. Can be used after extraction as an anti-bacterial treatment.

Key ingredient functions and product benefits: Aloe Vera Gel, Lemon Juice, Hops and Arnica and Horsetail Extracts, help to refine, tone, tighten pores and protect the skin's ph and oil balance. Amino acid complex provides skin hydration. Chlorophyll and Azulene poses soothing and anti inflammatory effects. Lactic and Salicylic Acids help to gently exfoliate and restore ph balance. Yeast Extract helps to control excessive oil gland activity. Camphor, Balsam Peru and Eucalyptus refresh, cool and soothe the skin.

(Additional Toners can be found in section: *VIII. Products with Alpha, Beta, and Multi-Fruit Hydroxy Acids*)

III. Moisturizing and Special Treatment Products

Every good skin care moisturizer and treatment product has the ultimate goal to regulate and stabilize the skin's own acid mantle, a very thin layer of emulsified oil-and-water with a slightly acidic pH. This mantle, or hydro-lipid film, varies according to skin condition and type. The closer a skin product matches the mantle's composition, the more readily the skin will absorb it. Raya utilizes only carefully selected, purely natural botanical oils, natural moisture retention agents, and botanical extracts to stimulate the skin's self corrective mechanisms.

300 Vitamin B Day Cream

This highly effective, yet very light, day cream is recommended for normal to oily, blemished and problem skin. A complex of natural botanical extracts, vitamins, and amino acids help to moisturize and balance the skin, while natural Vitamin B Complex (Yeast Extract) helps to regulate oil gland secretion to reduce the possibility of clogged pores, inflammations, and breakouts associated with an oily skin condition and the use of make-up products. After cleansing and toning, gently smooth over your face once or twice daily.

Contains: Aloe Vera Gel, Stearic Acid, Dimethicone, Glycerin, Decyl Oleate, Cetyl Alcohol, Sodium Alginate, Aquas Extracts of Chamomile, and Cucumber, Blackcurrant Extract, Tamarind Extract, Apple Extract, Yeast Extract (Vitamin B), Carbomer, Ginseng Extract, Allantoin, d-Penthanol, Retinyl Palmitate, Glucose, Fructose, Sucrose, Dextrin, Glutamic Acid, Phenoxyethanol, Guar Gum, Sodium PCA, Tocopheryl Acetate (Vitamin E), Retinyl Palmitate (Vitamin A), Ascorbyl Palmitate, Triethanolamine, Sodium Hyaluronate, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Professional in salon use: This non-greasy, water based oil control formula can be used as a final step in oily and blemished skin facial by applying over moist skin. Designed to be compatible with Camphor Soufflé, Mint Soufflé and Active Cleansing Gel cleansers, and Camphor, Eucalyptus or Blemish control astringents. For a more aggressive treatment Glycolic gel GX50 or Blemish control gel can be used prior to cream application. This cream does not leave residue.

Key ingredient functions and product benefits: It is important to maintain a regular moisturizing routine to keep the skin from becoming too irritated or dry. Dehydrated oily skin can result in breakouts as the skin overcompensates by producing more oil. An oil control moisturizer may be desired in order to reduce shine and maintain skin's moisture balance, therefore reducing the need for make up powders (which can contain pore clogging ingredients). The primary cause of dryness in oily skin is excessive water evaporation from the skin surface. Rich in humectants (the substances that can trap and hold water) this product helps to keep the skin hydrated while controlling oil overproduction. Amino acid complex, Dimethicone, Glycerin, Sodium PCA, and Sodium Hyaluronate provide moisture binding activity. Fruit extracts of Blackcurrant, Tamarind, and Apple help to balance the skin's pH and control bacteria. Yeast Extract (Vitamin B) controls oil. Allantoin and Aloe Vera help to soothe problem skin. Absorbs rapidly providing immediate hydration.

301 Azulen Day Cream

Azulen Day Cream is a moisturizing under make-up cream for all skin types. Azulen and other herbal extracts leave a very thin protective layer on the skin which fights bacteria and prevents contact between the skin and the colored mineral salts and earths contained in most make-up bases or surrounding pollutants. It helps to prevent the formation of inflammations, pimples, blackheads and whiteheads, and also promotes quick clearing up of such problems. It smoothes and refines the skin, priming it for make-up. It is recommended for combination, and sensitive skin, as part of a highly effective skin care program. After cleansing and toning, gently smooth over your face once or twice daily.

Contains: Aloe Vera Gel, Safflower Oil, Stearic Acid, Cetyl Alcohol, Di-

methicone, Sodium Alginate, Hops Extract, Rosemary Leaves Extract, Sage Leaves Extract, Hazelnut Oil, Wheat Germ Oil, Phenoxyethanol, Sodium Hyaluronate, Sodium PCA, Triethanolamine, Avocado Oil, Azulene, Tocopheryl Acetate (Vitamin E), Retinyl Palmitate (Vitamin A), Ascorbyl Palmitate, d-Panthenol, Ginseng Extract, Allantoin, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed. Please note: Color of product may change with time due to natural ingredients.

Professional in salon use: This unscented, light emollient based formula can be used as a final step in a normal, combination and oily skin facial treatment. Apply over moist skin. Provides instant moisture relief with a long-lasting soothing effect. Azulene is made from chamomile and helps to soothe sensitive areas. Designed to be compatible with Gentle cleansing gel, Mint Soufflé, Silky cleanser and Active Cleansing Gel cleansers. Menthol, Aloe Cucumber, Ginseng and Calendula astringents.

Key ingredient functions and product benefits: Hops, Rosemary Leaves, Sage Leaves and Ginseng Extracts help to refine, tone, tighten pores and protect the skin's moisture balance. Sodium Hyaluronate and Sodium PCA provide moisture binding activity. Azulene, Allantoin and Aloe Vera Gel poses soothing and healing properties. Hazelnut Oil, Wheat Germ Oil, Safflower Oil, Avocado Oil and Dimethicone protect and maintain your skin from moisture loss. Tocopheryl Acetate (Vitamin E), Retinyl Palmitate (Vitamin A) and Ascorbyl Palmitate (Vitamin C) show skin renewal properties, help to calm inflammation and refine pores. Helps to improve skin's suppleness and elasticity. Helps to improve skin tone, firmness and hydration. Light to Medium creamy consistency. Light blue color comes from Azulene.

302 Collagen Day Cream

Collagen Day Cream is a luxurious and nourishing day cream recommended for normal and dry non-problem skin. It leaves skin soft and glowing and helps to prevent the early appearance of wrinkles. It contains the finest Hydrolyzed Marine Collagen. It absorbs quickly and leaves a smooth, non-greasy finish, helps to tighten the cell connections to improve firmness. After cleansing and toning, gently smooth over your face once or twice daily.

Contains: Deionized Water, Aloe Vera Gel, Decyl Oleate, Squalane, Cetyl Alcohol, Cetearth-20, Glycol Stearate, Avocado Oil, Wheat germ Oil, Sesame Oil, Avocado Butter, Beeswax, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Tocopheryl Acetate (Vitamin E), Retinyl Palmitate (Vitamin A), Ascorbyl Palmitate, d-Panthenol, Ginseng Extract, Allantoin, Soluble Marine Collagen, Phenoxyethanol, Allantoin, Lactic Acid, Olive Butter, Milk Protein, Fragrant Oil, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Professional in salon use: This rich yet lightweight vitamin and protein based formula can be used as a final step in a normal, normal to dry, dry and mature skin facial treatment. Apply over moist skin. Provides instant nourishing, hydration and long-lasting soothing effect. Designed to be compatible with Gentle cleansing gel, Silky cleanser and Azulene or Multi fruit milk cleansers. Aloe Cucumber and Ginseng astringents. Can be mixed with a facial mask (Collagen Mask, Lecithin Mask or Placental Mask) for added nourishment.

Key ingredient functions and product benefits: Lactic Acid provides moisture binding activity. Ginseng Extract, Allantoin

toin and Aloe Vera Gel provide soothing and healing properties. Avocado Oil, Wheat Germ Oil, Sesame Oil, Avocado Butter and Olive Butter protect from moisture loss and provide nourishment to the skin. Tocopheryl Acetate (Vitamin E), Retinyl Palmitate (Vitamin A) and Ascorbyl Palmitate (Vitamin C) show skin renewal properties, help to calm inflammation and refine pores. Helps to improve skin tone, firmness and hydration. Collagen, a soluble protein, effectively helps to diminish wrinkles and age lines while restoring elasticity to skin. Contains Pentapeptides for improved Collagen and Elastin production to further reduce and slow the formation of new lines and wrinkles. Medium creamy consistency. Can be used as a night cream for normal/combo skin types. Provides pollution protection. Promotes longer-lasting make-up.

303 Bio-Hydrating Cream

Bio-Hydrating Day Cream is a highly effective lightweight emollient, moisturizing and rejuvenating day cream. It is a great all-around moisturizer. Recommended for all types of non-problem skin, it leaves skin soft and glowing. Excellent results are achieved when used with our skin care supplements. Contains the finest natural moisturizers: Sodium PCA, and Hyaluronic Complex imported from Japan and Europe, as well as Collagen and Seaweed extracts. This cream acts against skin dehydration and effectively helps to improve firmness. After cleansing and toning, gently smooth over your face once or twice daily.

Contains: Aloe Vera Gel, Caprylic/Capric Triglyceride, Cetyl Alcohol, Dimethicone, Sodium Alginate, Squalane, Sweet Almond Oil, Tocopheryl Acetate, Polyamino Sugar Condensate and Sodium PCA and Sodium Lactate and Lactic Acid and Urea, Silk Amino Acid, Marine Collagen, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Phenoxyethanol, Hops and Arnica and Horsetail Extracts, Guar Gum, Soy Milk Protein, Fragrant Oil, Potassium Sorbate, Carmine, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Professional in salon use: Dehydrated skin may have a sufficient amount of oil, but still feels dry and flaky due to lack of water in the skin. This super hydrating, humectant based cream visibly helps to improve the moisture level of the skin. Can be used as a final step in a normal, normal to dry and dehydrated skin facial treatment. Apply over moist skin. Provides instant hydration and a long-lasting soothing effect. Designed to be compatible with Gentle cleansing gel, Silky cleanser and Azulen or Multi fruit milk cleansers. Aloe Cucumber and Ginseng astringents. Can be used in facial treatment as the base hydrating and protective layer prior to facial mask application. Can be mixed with facial masks (20 % cream to 80 % mask) to improve their hydration qualities. Can be used as a premium hydrating facial massage cream.

Key ingredient functions and product benefits: Lactic Acid, Dimethicone, Polyamino Sugar Condensate and Sodium PCA provide moisture binding activity. Dimethicone, Squalane and Sweet Almond Oil protect from moisture loss and provide nourishment to the skin. Tocopheryl Acetate (Vitamin E) shows skin renewal properties. Hops, Arnica, Horsetail and Aloe Vera Extracts help to calm inflammation and refine pores. Helps to improve skin's suppleness and elasticity. Helps to improve skin tone, firmness and hydration. Contains Pentapeptides for improved Collagen and Elastin production to further reduce and slow the formation of new lines and wrinkles. Light to medium creamy and silky consistency. Can be used as a night cream for normal/combo skin types. Provides pollution protection. Promotes longer-lasting make-up.

304 Ultra Light Seaweed Day Cream

This very light, yet highly beneficial, moisturizing day cream is recommended for normal to oily, blemished, and problem skin. It contains a complex of marine extracts that offer natural minerals and vitamins. This synergy of marine extracts includes spirulina, algae, fucus, green laminaria, and is very rich in trace elements. The Ultra Light Seaweed Day Cream helps to improve oxygenation. It also detoxifies, stimulates, and hydrates the skin. After cleansing and toning, gently smooth over your face once or twice daily.

Contains: Aloe Vera Gel, Glycerin, Cetyl Alcohol, Decyl Oleate, Dimethicone, Stearic Acid, Sodium Alginate, Seaweed Extracts (Fucus, Laminaria Digitata, Spirulina, Lithothamnion), Carbomer, d-Panthenol, Glucose, Fructose, Sucrose, Dextrin, Glutamic Acid, Sodium PCA, Tocopheryl Acetate (Vitamin E), Retinyl Palmitate (Vitamin A), Ascorbyl Palmitate, Phenoxyethanol, Triethanolamine, Sodium Hyaluronate, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Professional in salon use: This non-greasy, water based formula can be used as a final step in normal to oily and blemished skin facial by applying over moist skin. Can be mixed with facial masks (20 % cream to 80 % mask) to improve their hydration qualities. This is a milder version of Vitamin B Day cream. Can be used as a light and mild final moisturizing step for in-salon procedures (micro-dermabrasion, glycolic, enzymes, LED) Designed to be compatible with Camphor Soufflé, Mint Soufflé and Active Cleansing Gel cleansers, and Camphor, Eucalyptus or Menthol astringents. For a more aggressive treatment Glycolic gel GX50 can be used prior to cream application. This cream does not leave residue. Can be used as a premium seaweed facial massage cream.

Key ingredient functions and product benefits: It is important to maintain a regular moisturizing routine to keep the skin from becoming too irritated or dry. Dehydrated skin can result in breakouts as the skin overcompensates by producing more oil. A very light moisturizer may be desired in order to reduce shine and maintain skin's moisture balance, therefore reducing the need for make up powders (which can contain pore clogging ingredients). The primary cause of dryness in oily skin is excessive water evaporation from the skin surface. Rich in humectants (the substances that can trap and hold water) this product helps to keep the skin hydrated while controlling oil overproduction. Amino acid complex, Dimethicone, Glycerin, Sodium PCA, and Sodium Hyaluronate provide moisture binding activity. Aloe Vera helps to soothe the skin. Absorbs rapidly providing immediate hydration. Seaweed Extracts (Fucus, Laminaria Digitata, Spirulina, Lithothamnion) help to reduce sebaceous secretion and regulate the pH of the skin. Seaweed contains a large variety of different micronutrients. They form a bond with the skin proteins, maintaining optimal hydration, helping to refine pores, reduce oiliness, soothe irritation, fight blemishes, soften and improve texture. Contains Pentapeptides for improved Collagen and Elastin production to further reduce and slow the formation of new lines and wrinkles.

305 Vitaplex-C

Vitaplex -C is an active multi-vitamin, anti-aging, and revitalizing facial cream, with a generous content of vitamins C, A, D, B5 and E. It effectively provides a smoothing, lightening, and antioxidant skin treatment, while helping to stimulate the skin's own protection against UV radiation and environmental stress. Helps to activate skin's native collagen to provide moisturizing benefits through its natural herbal extracts, nourishing oils, and exclusive amino acids. After cleansing and toning, gently smooth over your face once or twice daily. Effective for normal to dry, aging, and environmentally damaged skin.

Contains: Aloe Vera Gel, Hydrogenated Polyisobutane, Stearic Acid, Cetyl Alcohol, Dimethicone, Sweet Almond Oil, Magnesium Ascorbyl Phosphate and L-Ascorbic Acid and Ascorbyl Palmitate, (Vitamins C Complex), Carbomer, Aquas Extracts of Chamomile, Ginseng, Cucumber, and Ginkgo Biloba, Triethanolamine, Citrus Extract, Glucose and Fructose and Sucrose and Alanine and Glutamic Acid and Aspartic Acid and Hexyl Nicotinate, Hydrolyzed Vegetable Protein, d-Penthanol, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide7, Phenoxyethanol, Natural Essential Oil, Tocopheryl Acetate (Vit.E), Retinyl Palmitate (Vit.A), Cholecalciferol (Vit. D) Pantothenic Acid (Vit B5), Carrot Oil, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed. Please note: Color of product may change with time due to natural ingredients.

Professional in salon use: This rich yet lightweight vitamin and protein based formula can be used as a final step in a normal, normal to dry, dry and mature skin facial treatment. Apply over moist skin. Provides instant nourishing, hydration and long-lasting soothing effect. Designed to be compatible with Mint Soufflé, Gentle cleansing gel, Silky cleanser and Azulen or Multi fruit milk cleansers. Aloe Cucumber and Ginseng astringents. Can be mixed with a facial mask (Collagen Mask, Lecithin Mask or Placental Mask) for added hydration, multi vitamin skin enrichment and anti-oxidant benefits. An effective addition to skin lightening treatment protocol. Can be used as a premium antioxidant facial massage cream. Key ingredient functions and product benefits: Ginseng Extract and Aloe Vera Gel provide soothing, oxygenating and healing properties. Dimethicone, Hydrolyzed Vegetable Protein, d-Penthanol, Amino Acids and Sweet Almond Oil protect from moisture loss and provide nourishment to the skin. Tocopheryl Acetate (Vitamin E), Retinyl Palmitate (Vitamin A) show skin renewal properties, helps to calm inflammation and refine pores. Magnesium Ascorbyl Phosphate and L-Ascorbic Acid and Ascorbyl Palmitate (Vitamin C Complex) are stabilized antioxidants to protect skin from environmental damage while providing long-lasting moisture. Helps to improve skin tone, brightness, firmness and hydration. Contains Pentapeptides for improved Collagen and Elastin production to further reduce and slow the formation of new lines and wrinkles. Medium creamy consistency. Can be used as a night cream for normal/combo skin types. Provides pollution protection. Promotes longer-lasting make-up.

307 Revitalizing Cream

(Live Yeast Oxygen Treatment)

This regenerating and calming day and night cream is recommended for normal to dry and irritated skin. Live yeast cell derivative has shown to possess soothing and anti-inflammatory properties as well as the ability to help increase oxygen utilization by the skin. Combination of Ginkgo Biloba Blend and Super Oxide Dismutase assists free radical scavenging, helping to offset the damage that leads to premature aging. After cleansing and toning, gently smooth over your face once or twice daily. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Contains: Aloe Vera Gel, Decyl Oleate, Cetyl Alcohol, Glycol Stearate, Almond Oil, Avocado Oil, Wheat Germ Oil, Hazelnut Oil, Allantoin, Extracts of Ginkgo Biloba and Cucumber and Elder Flower and Chamomile and Orange Peel, Tocopheryl Acetate, Live Yeast Cell Derivative, Phenoxyethanol, Dimethicone, Sodium Hyaluronate, Super Oxide Dismutase, Carrot Oil, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Potassium Sorbate, Sodium Benzoate, Citric Acid.

Professional in salon use: This emollient rich, non greasy formula can be used as a final step in a normal, normal to dry, dry and mature skin facial treatment. Apply over moist skin. Live yeast extract and super oxide dismutase provide oxygenation, skin protection and antioxidant treatment while instantly nourishing, hydrating and calming irritated and sensitive skin. Designed to be compatible with Gentle cleansing gel, Silky cleanser and Azulen or Multi Fruit Milk cleansers. Aloe Cucumber and Ginseng astringents. Can be mixed with a facial mask (Collagen Mask, Lecithin Mask or Placental Mask) for added nourishment, multi vitamin skin enrichment and anti-oxidant benefits. An effective addition to sensitive skin treatment protocol. Can be used as a premium calming facial massage cream. Can be used as a final emollient, calming, moisturizing and skin protective step for in-salon procedures (micro-dermabrasion, glycolic, enzymes, LED).

Key ingredient functions and product benefits: Live Yeast Extract, Ginkgo Biloba and Aloe Vera Gel provide soothing, oxygenating and healing properties. Avocado Oil, Wheat Germ Oil, Hazelnut Oil and Sodium Hyaluronate protect from moisture loss and provide nourishment to the skin. Tocopheryl Acetate (Vitamin E), Retinyl Palmitate (Vitamin A) show skin renewal properties, helps to calm inflammation and refine pores. Contains Pentapeptides for improved Collagen and Elastin production to further reduce and slow the formation of new lines and wrinkles. Medium creamy consistency. Can be used as a night cream for normal/combo skin types. Provides pollution protection. Promotes longer-lasting make-up.

309 Probiotic Calming Cream

This is a special blend of powerful anti-aging superfruit antioxidants combined with the highest quality probiotics and peptides for effective, corrective care. The probiotics and niacinamide used in this formulation is designed to help with accelerating the recovery of skins barrier function, calm and soothe over reactive skin and to balance good bacteria levels for improved skin microflora. When applied topically, the probiotic "good bacteria" helps to soothe redness, reduce irritation and make inflamed skin calm again. Peptides help to reduce the appearance of fine lines and wrinkles, increase skin firmness and to make skin more healthy and glowing. Naturally Scented With A Delicate Blend Of Fruit Extracts. Scent: Sweet Pomegranate and Ripe Fresh Berries

Directions: After cleansing and toning, use once or twice daily as needed.

Contains: Lactococcus Ferment Lysate (Probiotic), Niacinamide, Phragmites Kharka Extract, Poria Cocos Extract, Fructose (and) Glucose (and) Sucrose (and) Urea (and) Dextrin (and) Alanine (and) Aspartic Acid (and) Hexyl Nicotinate, Coconut Oil, Goji Extract, Coffee Extract, Acai Extract, Noni Extract, Pomegranate Extract, Green Tea Leaf Extract, Mangosteen Extract, Calendula Extract, Tangerine Extract, Grapefruit Peel Extract, Orange Peel Extract, Bergamot Extract, Rosewood Extract, Vanilla Extract, Raspberry Extract, Apple Extract, Passionflower Extract, Tomato Extract, Palmitoyl Tripeptide-1, Palmitoyl Tetrapeptide-7, Carrot Root Extract.

321 Fading Cream

Fading Cream Fading Cream is an excellent moisturizer and skin brightener, for non-oily skin types. It prevents moisture loss, while helping to lighten the skin. Best results are seen after 4-6 weeks of use.

Directions: Apply on clean face morning and evening.

Contains: Aqua, Aloe Barbadensis Leaf Juice, Ethylhexyl Palmitate, Hydrogenated Polyisobutene, Propanediol, Caprylic Capric Triglyceride, Niacinamide, Glyceryl Stearate SE, Bellis Perennis (Daisy) Flower Extract, Emulsifying Wax NF, Cetyl Alcohol, Hexylene Glycol (and) Fructose (and) Glucose (and) Sucrose (and) Urea (and) Dextrin (and) Alanine (and) Aspartic Acid (and) Hexyl Nicotinate, Alpha-Arbutin, Humulus Lupulus (Hops) Extract, Rosmarinus Officinalis (Rosemary) Leaf Extract, Salvia Officinalis (Sage) Leaf Extract, Panax (Ginseng) Root Extract, Persea Gratissima (Avocado) Oil, Caprylyl Glycol, Soluble Marine Collagen, Glycerin (and) Aqua (and) Butylene Glycol (and) Carbomer (and) Polysorbate 20 (and) Palmitoyl Tripeptide-1 (and) Palmitoyl Tetrapeptide-7, Cetearyl Alcohol, Beeswax, Dimethicone, Tocopherol, Ethylhexylglycerin, Cetearyl Glucoside, Isopropyl Myristate, Sodium Stearoyl Glutamate, Disodium EDTA, Squalane, Phenoxyethanol, Chlorphenesin, Benzyl Alcohol, Salicylic Acid, Sorbic Acid, Fragrance, Sodium Hyaluronate, Allantoin, Sodium PCA, Citric Acid.

Caution: Avoid contact with eyes and mucous membranes. Some users of this product may experience a mild transient stinging or may incur a mild skin irritation. If irritation becomes severe, discontinue use and consult your skin care professional. Keep out of reach of children. Use only as directed. Color, scent and viscosity of this product may

vary and change with time due to natural ingredients and storage conditions. Daily use of sun protection is recommended. 321

Professional in salon use: This unscented, emollient based formula can be used as a part of an effective at-home fading treatment. Not used for in-salon facial treatment.

Key ingredient functions and product benefits: Fading cream needs to be used a minimum of 6-8 weeks for maximum results. For maintenance, use cream three to six times weekly (at night). Use of Vitamin C products (Vitaplex C, Vitamin C Serum, Brightening Serum, Vital Silk, Vitanol A) helps to further improve fading results. Great for lightening sun spots, age spots, freckles and pigmented scars. This formula uses the superior brightening properties of hydroquinone, kojic acid, citric acid, and lactic acid to improve pigment problems. Dimethicone, Hazelnut Oil and Glycerin help to protect the skin's moisture balance. Aloe Vera, Hops, Rosemary, Sage and Ginseng Extracts poses soothing and healing properties. Helps to improve skin tone and hydration. Contains Pentapeptides for improved Collagen and Elastin production to further reduce and slow the formation of new lines and wrinkles. Medium creamy consistency. Glycosaminoglycans help to calm inflammation and refine pores. Can be used as a night cream for normal to dry and combination skin types. Provides pollution protection.

322 Fading Gel

This light (oil-free) fading gel is recommended for all types of non-sensitive skin. Repeated use helps to reduce the appearance of dark spots and discolorations. Use of sun protection is required to achieve desired results.

Directions: Apply after cleansing and toning. Follow with a sun protection cream in the morning and a night cream in the evening. A subtle darkening, over time, of the color of the gel is a normal characteristic of the product.

Contains: Aloe Vera Gel, Glycerin, Kojic Acid, Niacinamide, Bellis Perennis (Daisy) Flower Extract, Salvia Officinalis (Sage) Leaf Extract, Panax (Ginseng) Root Extract, Achillea Millefolium (Yarrow) Flower Extract, Sodium Hyaluronate, Hydroxyethyl Cellulose, Alpha-Arbutin, Phenoxyethanol and Caprylyl Glycol and Ethylhexylglycerin and Hexylene Glycol, Glucosamine HCl, Algae Extract, Saccharomyces Cerevisiae Extract, Urea, Polysorbate 20, Citric Acid.

Caution: Avoid contact with eyes and mucous membranes. Some users of this product may experience a mild transient stinging or may incur a mild skin irritation. If irritation becomes severe, discontinue use and consult your skin care professional. Keep out of reach of children. Use only as directed. 322

Use of sun protection is required to achieve desired results. Some users of this product may experience a mild transient stinging or may incur a mild skin irritation. If irritation becomes severe, discontinue use and consult your skin care professional. Do not use on skin that is irritated from the sun, extreme cold, peeling, waxing, or electrolysis. Keep out of reach of children. Use only as directed

Professional in salon use: This unscented, oil-free formula can be used as a part of an effective at-home fading treatment. Not used for in-salon facial treatment.

Key ingredient functions and product benefits: Water based formula is ideal for oily skin types. Can be used as a fading serum for normal to dry and combination skin types. Fading gel needs to be used a minimum of 6-8 weeks for maximum results. For maintenance, use three to six times weekly (at night). Use of Vitamin C products (Vitaplex C, Vitamin C Serum, Brightening Serum, Vital Silk, Vitanol A) helps to further improve fading results. Great for lightening

sun spots, age spots, freckles and pigmented scars. This formula uses the superior brightening properties of hydroquinone, kojic acid, citric acid, and lactic acid to improve pigment problems. Glycerin and Sodium Hyaluronate help to protect the skin's moisture balance. Aloe Vera, Pacific Sea Kelp and Yarrow Extracts poses soothing and healing properties. Helps to improve skin tone and hydration. Light oil-free consistency.

323 Aloe Vera and Herbs Soothing Gel

This is an effective soothing, moisturizing, and skin conditioning gel made from natural Aloe Vera and botanical extracts. Apply daily on cleansed face or body. After completely absorbed, follow with your regular regimen.

Contains: Aloe Vera Gel, St. John's Blossoms Extract, Arnica Blossoms Extract, Calendula Blossoms Extract, Xanthan Gum, Chlorophyll, Sodium PCA, Guar Gum, Phenoxyethanol, Fragrant Oils, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Professional in salon use: A very light aloe based gel that can be used as in-salon body wrap solution (to be mixed with seaweed powder or body mud). Can be mixed with face and body masks and creams to improve their hydration, calming and detoxification qualities. Key ingredient functions and product benefits: Aloe Vera Gel is known for its revitalizing benefits. This gel comforts dry, chapped and irritated skin by combining naturally soothing and moisturizing Aloe Vera Gel with revitalizing St. John's Blossoms, Arnica and Calendula Extracts. Excellent for use as a daily moisturizer for your entire body. Refreshing herbal scent.

390 Massage Cream

The low melting point (95 F) allows this cream to melt at body temperature resulting in a prolonged slip for a luxurious face or body massage treatment. It is not comedogenic and can be easily removed with water. Leaves skin silky, hydrated and soothed. Massage Cream is an excellent base for custom blending ingredients and essential oils during facial treatment.

Contains: DI Water, Aloe Vera Gel, Safflower Oil, Dimethicone, Cetyl Alcohol, Glyceryl Stearate, Glycerin, Sorbitan Tristearate, Beeswax, Guar Gum, Tocopheryl Acetate, Squalane, Extracts of Chamomile, Ginseng and Cucumber, Sodium PCA, Phenoxyethanol, Mango Butter, Olive Butter, Triethanolamine, Potassium Sorbate, Sodium Benzoate, Citric Acid.

Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. For external use only. Use only as directed.

IV. Nourishing and Treatment Creams

401 Collagen-Elastin Cream

Collagen-Elastin Cream is a high quality emollient and nourishing treatment cream, which can be used as a day (under makeup) and night cream for normal, combination and dry skin. Contains a blend of fine oils, natural marine hydrolyzed collagen, hydrolyzed elastin, carrot oil (natural vitamin A), chlorophyll, and botanical extracts. Soothes and softens the skin, helps to improve firmness and elasticity. Afterleansing and toning, gently smooth over your face once or twice daily.

Contains: Aloe Vera Gel, Decyl Oleate, Safflower Oil, Glycerin, Glyceryl Stearate, Squalane, Cetyl Alcohol, Glucose and Fructose and ucrose and Alanine and Glutamic Acid and Aspartic Acid and Hexyl Nicotinate, Wheat Germ Oil, Hydrolyzed Vegetable Protein, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Soluble Marine Collagen, Hydrolyzed Elastin, d-Panthenol, Ginseng Extract, Guar Gum, Allantoin, Retinyl Palmitate, Ascorbyl Palmitate, Corn Extract, Mango Butter, Olive Butter, Glycosaminoglycans, Phenoxyethanol, Fragrant Oil, Chlorophyll, Carrot Oil, Potassium Sorbate, Sodium Benzoate, Citric Acid.

Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Professional in salon use: This fine textured cream is a rich yet not greasy vitamin and protein based formula. Can be used as a final step in a normal, normal to dry, dry and mature skin facial treatment. Apply over moist skin. Provides instant nourishing, hydration and long-lasting soothing effect. Designed to be compatible with Gentle cleansing gel, Silky cleanser and Azulen or Multi fruit milk cleansers. Aloe Cucumber and Ginseng astringents. Can be mixed with a facial mask (Collagen Mask, Lecithin Mask or Placental Mask) for added nourishment. Multi vitamin skin enrichment and anti-oxidant benefits. Can be used as a premium dry and mature skin facial massage cream.

Key ingredient functions and product benefits: Hydrolyzed Elastin works on preserving and improving skin elasticity and tightness. Marine Collagen, a soluble protein, effectively helps to diminish wrinkles and age lines while helping to restore the elasticity to skin. Contains Pentapeptides for improved Collagen and Elastin production to further reduce and slow the formation of new lines and wrinkles. Ginseng Extract, Chlorophyll, Allantoin and Aloe Vera Gel provide soothing and healing properties. Wheat Germ Oil, Safflower Oil, Glycerin, Squalane, Mango Butter and Olive Butter, protect from moisture loss and provide nourishment to the skin. Palmitate, Ascorbyl Palmitate and Corn Extract show skin renewal properties, help to calm inflammation and refine pores. Helps to improve skin tone, firmness and hydration. Emollient creamy consistency. Glycosaminoglycans help to calm inflammation and refine pores. Can be used as an anti-aging night cream for normal to dry skin types. Provides pollution protection.

402 Placental Cream

Placental Cream is a luxurious regenerating anti-wrinkle night cream. It effectively helps to improve elasticity while nourishing the skin. Helps to revitalize, moisturize, and restore supporting tissue in aging skin, due to the active properties of placenta, vitamins, botanical extracts, and peptides. Placental extract, is a rich source of skin nutrients: 56 bio-active substances have been identified in placenta, including very important nucleic acids (RNA and DNA) and cystine. Recommended for all types of, non-oily skin as a night treatment cream (it is also beneficial to the skin of the neck and décolleté). For specifically dry skin, it can be used during the day under make-up.

Contains: Aloe Vera Gel, Caprylic/Capric Triglyceride, Squalane, Sorbitan Tristearate, Steareth-2, Cetyl Alcohol, Glycerin, Polysorbate-65, Sweet Kernel Oil, Witch Hazel Extract, Hops Extract, Ginseng Extract, Tocopherol, Steareth-20, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Retinyl Palmitate and Ergocalciferol, Beeswax, Lecithin, Mango Butter, Olive Butter, Phenoxyethanol, Marine Collagen, Glycosaminoglycans, Wheat Extract (Placenta), Fragrant Oil, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Professional in salon use: This traditional European night cream is a fine milled emulsion that is rich in vitamins, multi-peptides, exotic butters, and proteins. Can be used as a final step in normal to dry, dry and mature skin facial treatment. Apply over moist skin. Provides instant and long lasting nourishing, hydration and soothing benefits. Designed to be compatible with Gentle cleansing gel, Silky cleanser and Chamomile, Azulen or Multi fruit milk cleansers. Aloe Cucumber and Ginseng astringents. Can be mixed with a facial mask (Collagen Mask, Lecithin Mask or Placental Mask, Oxygen) for added nourishment. Can be used as a premium dry and mature skin facial massage cream. Emollient creamy consistency. Very lightly scented.

Key ingredient functions and product benefits: Pharmaceutical grade placenta extract (wheat origin) has shown to be very effective in helping to restore the elasticity and moisture to skin. Wheat placenta does not contain animal ingredients, but offers the same effect of increased cell renewal and is a scientific substitute for animal placenta extract. Marine Collagen, a soluble protein, effectively helps to diminish wrinkles and age lines while helping to restore the elasticity to skin. Contains Pentapeptides for improved Collagen and Elastin production to further reduce and slow the formation of new lines and wrinkles. Witch Hazel Extract, Hops Extract, Ginseng Extract, and Aloe Vera Gel provide soothing and healing properties. Lecithin, Mango Butter, Olive Butter, Glycerin, and Squalane, protect from moisture loss and provide nourishment to the skin. Glycosaminoglycans, Retinyl Palmitate and Ergocalciferol show skin renewal properties, help to calm inflammation and refine pores. Can be used as an anti-aging night cream for normal to dry skin types. Provides pollution protection. The creamy consistency makes Placenta Cream an ideal anti aging night pack (a very thin layer) for your face as you rest at night. Can be mixed (a small amount) with a drop of water before applying to face for an even base for makeup. Why use a night cream? During sleep the metabolic activity of the skin cells is at their highest, facilitating a better uptake of active ingredients. When using as a skin night pack, apply this cream about half an hour before you go to bed so that it does not transfer to the sheets or pillows.

403 Bio-Effective Night Cream

This active anti-aging skin revitalizing and regenerative treatment offers exceptional skin benefits based on exclusive properties of live cell complex, hyaluronic complex, natural vitamins (A,C,B,D3,E), pure botanical extracts and multi-peptides. Live cell complex is a true biological stimulator for the skin and helps to increase elasticity, improve moisture retention, and soften the skin, while helping to speed up the natural cellular renewal. Recommended for normal to dry, dry and mature non-problem skin as an anti-aging cream.

Directions: After cleansing and toning, gently smooth over your face once or twice daily. Contains: Aloe Vera Gel, Safflower Oil, Caprylic/Capric Triglyceride, Glycerin, Sorbitan Trioleate, Cetyl Alcohol, Sweet Kernel Oil, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Beeswax, Squalane, Stearic Acid, Peach Kernel Oil, Ginseng Extract, Avocado Oil, Hazelnut Oil, Soy Milk Protein, Lactic Acid, Corn Extract, Carrot Oil, Sea Buckthorn Oil, Retinyl Palmitate and Tocopheryl and Ascorbyl Palmitate and Magnesium Ascorbyl Phosphate and Lecithin, Sodium Hyaluronate, Cholecalciferol, Glycosaminoglycans, Phenoxyethanol, Mango Butter, Almond Butter, Silk Amino Acid, Guar Gum, Fragrant Oil, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Contains: Aloe Vera Gel, Safflower Oil, Caprylic/Capric Triglyceride, Glycerin, Sorbitan Trioleate, Cetyl Alcohol, Sweet Kernel Oil, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Beeswax, Squalane, Stearic Acid, Peach Kernel Oil, Ginseng Extract, Avocado Oil, Hazelnut Oil, Soy Milk Protein, Lactic Acid, Corn Extract, Carrot Oil, Sea Buckthorn Oil, Retinyl Palmitate and Tocopheryl and Ascorbyl Palmitate and Magnesium Ascorbyl Phosphate and Lecithin, Sodium Hyaluronate, Cholecalciferol, Glycosaminoglycans, Phenoxyethanol, Mango Butter, Almond Butter, Silk Amino Acid, Guar Gum, Fragrant Oil, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Professional in salon use: This ultra-rich (not greasy) formula is designed to replenish moisture lost during the day. Very rich in vitamins, multi-peptides, exotic butters, and proteins. Can be used as a final step in normal to dry, dry and mature skin facial treatment. Apply over moist skin. Creamy texture may be diluted with water for lighter daytime use. Provides instant and long lasting nourishing, hydration and soothing benefits. Designed to be compatible with Gentle cleansing gel, Silky cleanser and Chamomile, Azulen or Multi fruit milk cleansers. Aloe Cucumber and Ginseng astringents. Can be mixed with a facial mask (Collagen Mask, Lecithin Mask or Placental Mask, Oxygen) for added nourishment. Can be used as a premium dry and mature skin facial massage cream. Emollient creamy consistency. Very lightly scented. The yellow color comes from Carrot Oil and Sea Buckthorn Oil.

Key ingredient functions and product benefits: Corn derived live cells help to improve the complexion of skin by providing it with nutrients. Hydrolyzed Soy Milk Protein effectively helps to diminish wrinkles and age lines while helping to restore the elasticity to skin. Contains Pentapeptides for improved Collagen and Elastin production to further reduce and slow the formation of new lines and wrinkles. Ginseng Extract, Sea Buckthorn Oil and Aloe Vera Gel provide soothing and healing properties. Sweet Kernel Oil, Squalane, Peach Kernel Oil, Mango Butter, Almond Butter, Glycerin and Carrot Oil protect from moisture loss and provide nourishment to the skin. Glycosaminoglycans, Retinyl Palmitate, Tocopheryl and Ascorbyl Palmitate show skin renewal properties, help to calm inflammation and refine pores. Can be used as an anti-aging night cream for normal to dry skin types. Provides pollution protection. The creamy consistency makes Bio Effective Cream an ideal anti aging night pack (a very thin layer) for your face as you rest at night. When using as a skin night pack, apply this cream about half an hour before you go to bed so that it does not transfer

to the sheets or pillows. Can be mixed (a small amount) with a drop of water before applying to face for an even base for makeup. Why use a night cream? During sleep the metabolic activity of the skin cells is at their highest, facilitating a better uptake of active ingredients. When using as a skin night pack, apply this cream about half an hour before you go to bed so that it does not transfer to the sheets or pillows. This rich, "melt-in" night cream is specially formulated for application after a thin layer of appropriate facial treatment serum. Beneficial for dryer skin types, whose skin is less able to fight damaging free radicals (created by UV rays, pollution, and cigarette smoke).

407 Microsilk-C

(A unique delicate under eye micro-emulsion with Multi-Vitamins and Peptides) The effective encapsulated extracts and vitamins in this silky micro-emulsion help to calm, tone and brighten the tired looking delicate tissue under the eye area. Apply morning and evening after cleansing and prior to make up. Do not apply to the eye lid.

Contains: Aloe Vera Gel, Hydrogenated Polyisobutene, Almond Oil, Squalane, Dimethicone, Shea Butter, Safflower Oil, Allantoin, Sodium PCA, Cetyl Alcohol, Glyceryl Stearate, Olive Oil, Peach Kernel Oil, Ginseng Extract, D-Panthenol, Hazelnut Oil, Hydroxyethylcellulose, Arnica Extract, Calendula Extract, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Retinyl Palmitate and Tocopheryl and Ascorbyl Palmitate and Magnesium Ascorbyl Phosphate and Lecithin, Glycosaminoglycans, Sodium Chloride, Phenoxyethanol, Potassium Sorbate, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed. Please note: Color of product may change with time due to natural ingredients.

Professional in salon use: This is an unscented, medium lubricity eye and neck cream. An effective in-salon treatment when used to protect (forms a micro-thin lipid layer of Almond Oil and Dimethicone), brighten (Vitamin C) and nourish (Shea Butter) the delicate around the eye tissue (the thinnest and most fragile) during facial mask application and treatment. Apply a small amount of product to the around the eye area in a gentle dabbing motion (can be used on crows feet, cheekbone and neck area as well). Proceed with mask application (including Azulen paraffin mask). Do not apply very close to the eye. When we blink, the muscle around the eyes moves, which can pull the product toward the eye. If you get the cream into the eye, remove by rinsing out with water. When used in combination with an under eye treatment serum, always apply this cream last (prior to make-up) to seal in the serum's beneficial ingredients. Allow cream to absorb before applying eye make-up.

Key ingredient functions and product benefits: This very silky unscented formula is designed to revive tired and fatigued around the eye area. Can be used both morning and night, as well as under makeup. Almond Oil, Dimethicone, Shea Butter, Safflower Oil, Olive Oil, and Peach Kernel Oil protect from moisture loss and provide nourishment to the skin. Glycosaminoglycans, Retinyl Palmitate, Tocopheryl, Ascorbyl Palmitate and Magnesium Ascorbyl Phosphate show skin renewal properties, help to calm inflammation, refine and brighten the skin. Ginseng, Arnica, and Calendula Extracts provide soothing and healing properties. Contains Pentapeptides for improved Collagen and Elastin production to further reduce and slow the formation of new lines and wrinkles. Helps to reduce dark circles and puffiness. Smooths the look of the under eye area by producing a smooth and silky appearance effect on the skin. A cooling pleasant feel when applied.

408 Under Eye and Neck Cream

Under Eye and Neck Cream is a revitalizing and fortifying treatment for the fragile tissues around the eyes and on the neck. Infusion of Vitamins A, B, C, D3, E, F and H, with super-refined oils and active herbal extracts helps to delay the appearance of expression lines and wrinkles. Use a small amount morning and evening. Caution: Do not apply too close to the eyes.

Contains: Aloe Vera Gel, Olive Oil, Glycerin, Glyceryl Monostearate, Peach Kernel Oil, Avocado Oil, Milk Protein, Isopropyl Palmitate and Linoleic Acid and Tocopherol and Retinyl Palmitate, Coneflower Extract, Hops Extract, Rosemary Leaves Extract, Sage Leaves Extract, Ginseng Extract, Corn Extract, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Phenoxyethanol, Ascorbyl Palmitate and Magnesium Ascorbyl Phosphate and Lecithin, Mango Butter, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Professional in salon use: Recommended for dryer skin types, this emollient eye and neck cream is an effective in-salon treatment when used to protect (forms a micro-thin lipid layer of Avocado Oil and Glycerin), brighten (Vitamin C) and nourish (Mango Butter) the delicate around the eye tissue (the thinnest and most fragile) during facial mask application and treatment. Apply a small amount of product to the around the eye area in a gentle dabbing motion (can be used on crows feet, cheekbone and neck area as well). Proceed with mask application (Collagen Mask, Azulen Mask, Placental Mask, Lifting Mask or Azulen Paraffin Mask). Do not apply very close to the eye. When we blink, the muscle around the eyes moves, which can pull the product toward the eye. If you get the cream into the eye, remove by rinsing out with water. When used in combination with an under eye treatment serum, always apply this cream last (prior to make-up) to seal in the serum's beneficial ingredients. The around the eye area contains very few pores and oil glands as well as low subcutaneous fat content. Repairing, nourishing and protection properties of this cream are vital steps in delicate eye area treatment. Allow cream to absorb before applying eye make-up.

Key ingredient functions and product benefits: This very emollient (not greasy) formula is designed to revive tired and fatigued around the eye area. Can be used both morning and night, as well as under makeup. Can be mixed with a few drops of water prior to application for lighter daytime use. Olive Oil, Mango Butter, Peach Kernel Oil and Glycerin protect from moisture loss and provide nourishment to the skin. Retinyl Palmitate, Tocophylol, Ascorbyl Palmitate and Magnesium Ascorbyl Phosphate show skin renewal properties, help to calm inflammation, refine and brighten the skin. Corn derived live cells and milk protein help to improve the complexion of skin by providing it with nutrients. Coneflower Extract, Ginseng Extract and Hops Extract provide soothing and healing properties. Sage Leaves Extract and Rosemary Leaves Extract help to tone, refresh and purify. Contains Pentapeptides for improved Collagen and Elastin production to further reduce and slow the formation of new lines and wrinkles. Helps to reduce dark circles and puffiness. An excellent nourishing treatment for the around the lip area. Helps increase cell renewal to provide a smooth texture. For neck and décolleté area treatment apply a treatment serum (Line preventing Serum, Vitamin C Serum or Lifting Serum) to clean skin. After place a small amount of the Eye and Neck Cream on tips of fingers, rub together, and then gently massage with upward and outward strokes.

V. Treatment Serums & Extra Control Supplements

Supplemental Cellular Treatments include active ingredients that respond to individual skin care needs to fortify moisturization and nourishment of the skin. For application, mix three to five drops with your lotion, day cream, night cream or masque as recommended. Or apply three to five drops directly to the affected areas before moisturizing or nourishing.

501 Vitanol-A Complex

Vitamin-A Complex is a liposome encapsulated system of Retinol, Vitamin C, Beta Glucans and Amino Acids. It softens and smoothes while helping to improve skin firmness. Retinol and Ascorbic Acid are potent stabilized anti-aging vitamins that are very effective in helping to visibly reduce the appearance of fine lines, wrinkles, age spots, sun damage, and large pores. Beta Glucans are derived from yeast cell walls and are extremely effective in increasing moisture, activating the immune system of the skin, and inhibiting irritation.

Directions: Apply directly to the skin after cleansing, or prior to the application of any other facial product. Best results are achieved when used twice daily. Daily use of a sun protection cream is recommended while using this product. Contains: Aloe Vera Gel, Aquas Extracts of Chamomile and Calendula, Ascorbic Acid and Lecithin, Yeast Polysaccharides, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Polyamino Sugar Condensate, Sodium PCA, Carbomer, Hydroxyethyl Cellulose, Triethanolamine, Ascorbyl Palmitate, Ginseng Extract, Allantoin, Guar Gum, Retinol and Lecithin, Natural Essential Oils, Sodium Hyaluronate, Phenoxyethanol, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed. Please note: Color of product may change with time due to natural ingredients.

Professional in salon use: This lightly textured treatment gel combines pure essential oils with active anti-aging and skin brightening ingredients. Could be used during facial treatment by applying a thin layer to cleansed and moisturized skin prior or following treatment moisturizer and mask application. Serums are vehicles for active ingredients. Could be used with galvanic (+) or ultra-sound equipment to improve penetration. For sensitive skin types dilute a small amount of serum with purified water (50/50 ratio) prior to application. Could be added directly into facial creams and masks (a few drops) immediately prior to skin application (helps to boost product performance). For neck

and décolleté area treatment apply to clean skin. After place a small amount of the Eye and Neck Cream on tips of fingers, rub together, and then gently massage with upward and outward strokes. Could be used for in-salon skin brightening, anti aging and antioxidant treatments by incorporating with other products (Skin Recovery Mask, Oxygen Mask, Collagen Mask, Placenta Mask, Lifting Mask).

Key ingredient functions and product benefits: Stabilized Retinol (Retinol is the natural form of Vitamin A) in this active serum helps to thicken the epidermis and regulate the renewal of skin cells. Encapsulated retinol releases gradually to extend the activity of Vitamin A. Polyamino Sugar Condensate, Sodium PCA, and Sodium Hyaluronate provide moisture binding activity. Yeast Polysaccharides (betaglucons) help to support the immune cells in the skin for improved skin protection. Extracts of Chamomile and Calendula help to tone, refresh and purify. Ascorbyl Palmitate helps to refine and brighten the skin. Contains Pentapeptides for improved Collagen and Elastin production to further reduce and slow the formation of new lines and wrinkles. Boost your skin's ability to repair damage and look naturally younger and healthier. Smooth rough skin texture. Scented with pure essential oils.

502 HA + Collagen Anti-Age Serum

This highly concentrated anti-aging, moisture binding and skin repairing facial treatment contains hyaluronic acid microsphere sponge technology to help re-plump and “fill in” wrinkles. Dehydrated for greater penetration, these spheres are “micro-injected” into the tissues, where they swell up with water and increase in volume, resulting in smoother and more hydrated skin relief. Pure marine collagen effectively helps to diminish wrinkles and age lines while providing a skin tightening and plumping effect by helping to tighten the cell connections. Placenta extract (botanical origin) is effective in restoring skin elasticity and moisture while increasing cell renewal to provide a smooth and even texture to the skin. Multi-Peptides help to increase Collagen and Elastin production to further reduce and slow the formation of lines and wrinkles. Corn derived live cells help to improve the complexion of skin by providing it with nutrients. Makes skin feel soft, light, and velvety. Absorbs quickly and leaves a smooth, non-greasy finish. When used prior to makeup, helps to achieve an even application.

Directions: Apply directly to the skin after cleansing, and prior to the application of any other facial product. Especially effective around eyes, forehead and upper lips. May be used on the entire face and neck. Use twice daily. Follow with moisturizer. Recommended for all non-problem skin types.

Contains: Aloe Vera Gel, Glycerin (Vegetable), Soluble Collagen (Marine), Hyaluronic Filling Spheres (Hyaluronic Acid, Butylene Glycol, Ethylhexyl Palmitate, Silica Dimethyl Silylate), Cetyl Alcohol (Vegetable Based), Glyceryl Monostearate (Vegetable Based), Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Phenoxyethanol, Xanthan Gum, Polyamino Sugar Condensate, Corn Extract, Cyclopentasiloxane, Wheat Extract (Placenta), Tocopherol, Allantoin, Sodium Hyaluronate, Sodium PCA, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes or mucous membranes. Keep out of reach of children. Use only as directed.

503 Vitamin C Serum

This active Vitamin C Serum (hydra-stabilized L-Ascorbic Acid) helps to reduce the visible signs of photo aging by helping to fight destructive free radicals. In addition the skin acquires important protection from damaging ultra-violet rays. These productive functions result in retextured, toned, and younger looking skin. The Vitamin-C Serum is made from organic citrus fruit concentrates, that are rich in vitamin C, and amino acids.

Directions: After cleansing and toning, apply smoothly over the entire face, neck, and chest area. Allow to penetrate. Use a sun protecting moisturizer during the day, and for fine wrinkles, best results are achieved when used twice daily.

Contains: Citrus extract aqueous Blend, Glycerin, L-Ascorbic Acid (Vitamin C), Aloe Vera Extract, Yarrow Flowers Extract, Orange Peel Extract, Glucose and Fructose and Sucrose and Urea and Dextrin and Alanine and Glutamic Acid and Hexyl Nicotinate, Lecithin, Sodium Hyaluronate, Phenoxyethanol, Potassium Sorbate, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed. Please note: Color of product may change with time due to natural ingredients.

Professional in salon use: This very light, liquid, citrus extract based treatment serum combines natural vitamin C with active anti-aging and skin brightening ascorbic acid. Could be used during facial treatment by applying a thin layer to cleansed and moistened skin prior or following treatment moisturizer and mask application. Serums are vehicles for active ingredients. Could be used with galvanic (+) or ultrasound equipment to improve penetration. For sensitive skin types dilute a small amount of serum with purified water (50/50 ratio) prior to application. Could be added directly into facial creams and masks (a few drops) immediately prior to skin application (helps to boost product performance). For neck and décolleté area treatment apply to clean skin. After place a small amount of the Eye and Neck Cream on tips of fingers, rub together, and then gently massage with upward and outward strokes. Could be used for in-salon skin brightening, anti aging and anti-oxidant treatments by incorporating with other products (Oxygen Mask, Skin Recovery Mask, Collagen Mask, Placenta Mask, Lifting Mask). Could be added to the in-salon oxygen treatment (for improved skin tone, texture and elasticity) by mixing 3-5 drops with purified water and applied through a nebulizer. A mild and gentle pH balanced formula.

Key ingredient functions and product benefits: The nutrients in the Amino Acid Complex and Sodium Hyaluronate provide moisture binding activity and help create more resilient skin, plump up fine lines, and reduce the appearance of wrinkles. Aloe Vera Extract, Yarrow Flowers Extract, Orange Peel Extract help to tone, refresh and purify. Citrus extracts, and L-Ascorbic Acid (Vitamin-C) help to refine and brighten the skin. Helps to restore tone, vitality and vigor to dull, lifeless skin. A unique, light citrus scent. Suitable for all skin types.

504 Calming Serum

This professional strength concentrated treatment delivers instant comfort to irritated skin. Helps to relieve itching, reduce redness and improve the quality of the skin's barrier function. Effective botanical actives help to interrupt inflammatory triggers that lead to sensitization, while minimizing discomfort, burning and itching. Contains efficacious active ingredients with strong studies support. Relieves and soothes while reducing future flare-ups. May offer relief to people suffering from rosacea-prone skin. Key ingredient functions and product benefits: Allantoin and Aloe Vera poses soothing and healing properties. Squalane protects from moisture loss and provides nourishment to the skin.

Phragmites Kharka Extract (aquatic grass) and Poria Cocos Extract (pine tree root mushroom) are natural ingredients for the treatment of stressed and sensitive skin. They relieve itching, reduce redness and improve the quality of the skin's barrier function. A 4-t-Butylcyclohexanol is a clear liquid solution used for fast skin relief. It significantly alleviates stinging and burning. Hydroxyphenyl Propamidobenzoic Acid is a solution of avenanthramide that is used as an anti-irritant/anti-itch with anti-histaminic properties.

Apply directly to the skin after cleansing and toning. Use morning and night or at the first signs of irritation. Can be used on its own or under moisturizing products.

Key Ingredients: Aloe Vera Gel, Allantoin, Squalane, Phragmites Kharka Extract (and) Poria Coco Extract, 4-t-Butylcyclohexanol, Hydroxyphenyl Propamidobenzoic Acid.

505 Fruit Enzyme Serum

Fruit Enzyme Exfoliating Serum is a unique non-oily Natural Enzyme system which loosens blackheads and exfoliates other debris that clog pores. It also hydrolyzes (dissolves) and exfoliates the dead cells of the outermost layer of the skin's surface. It is recommended for all types of non-sensitive skin and is also very beneficial for problem, oily, pigmented, dull, and tired skin.

Directions: Apply directly to the skin after cleansing, or prior to the application of any other facial product. Best results are achieved when used twice daily.

Contains: Aloe Vera Gel, Aqueous Extract of Calendula and Thyme Leaves and Sage Leaves, Glycerin, Papaya Extract, Pineapple Extract, Bromelain, Papain, Hydroxyethyl Cellulose, d-Panthenol, Retinyl Palmitate, Carbomer, Triethanolamine, Polyacrylic Acid, Guar Gum, Natural Fragrant Oil, Sodium PCA, Phenoxyethanol, Potassium Sorbate, Sodium Benzoate. Caution: Do not use on skin that is irritated from the sun, extreme cold, peeling, waxing, or electrolysis. Do not apply prior, or immediately following Glycolic Acid Peels, or Retin-A. Avoid contact with eyes or mucous membranes. Keep out of reach of children. Use only as directed. Please note: Color of product may change with time due to natural ingredients.

Professional in salon use: This lightly textured treatment gel combines pure fruit enzymes with active and natural herbal extracts for a mild skin exfoliation and texture refining treatment. Could be used during facial treatment by applying a thin layer to cleansed and moistened skin prior or following treatment moisturizer and mask application. Serums are vehicles for active ingredients. Could be used with galvanic (+) or ultra-sound equipment to improve penetration. Massage gently in circular motions for 2-5 minutes. Avoid eye area. Rinse thoroughly, then follow with an appropriate soothing mask followed by moisturizer. For sensitive skin types dilute a small amount of serum with purified water (50/50 ratio) prior to application. Could be added directly into facial creams and masks (a few drops) immediately prior to skin application (helps to boost product performance). For neck and décolleté area treatment apply to clean skin. After place a small amount of the Eye and Neck Cream on tips of fingers, rub together, and then gently massage with upward and outward strokes. Could be used for in-salon skin brightening, decongestive and anti aging treatments by incorporating with other products (Oxygen Mask, Collagen Mask, Placenta Mask, Mint Mask, Volcanic Mud Masque, Lifting Mask). The enzyme level of this product is mild and suitable for sensitive skin types. For a stronger in-salon enzyme treatment with steam use the Phytozyme Exfoliation System. Helps to improve the penetration of following treatments.

Key ingredient functions and product benefits: The synergistic blend of Green Papaya Extract, Pineapple Extract, Bromelain, and Papain, in this active serum helps to start a gentle, yet effective biological peeling cycle. This process helps to remove dead skin cells from the surface without effecting live skin tissue. Helps to root out impurities, whiteheads, blackheads and improve skin texture. Aqueous Extract of Calendula and Thyme Leaves and Sage Leaves help to calm inflammation and refine pores. Glycerin and Sodium PCA improve moisture levels. A light and fresh citrus scent. Stimulates cell renewal and with regular use, improves skin's texture and feel. Increases cell turnover, enhances microcirculation. Helps to break down pore clogging oils.

507 Line Preventing Treatment with Liposomes

Line Preventing Complex is an active anti-aging facial treatment for skin with diminishing metabolic functions. A unique complex of highly specialized ingredients that help to supplement the skin's own vital resources to increase firmness and smoothness, for skin to appear younger looking. Rich in glycoprotein and ginseng extract to help increase oxygen uptake and promote the skin's natural rate of cell renewal. Contains liposome encapsulated, corn derived live cells to improve the complexion of skin by providing it with nutrients. Amino acid complex is a very important component of this polyvalent tissue treatment. Recommended for application to skin with diminishing cell functions, early wrinkles, and inadequate firmness. It is also ideal as a supplement (mix of 3-5 drops) to any cream, lotion or, masque during the application, it helps to revitalize and regenerate aging skin.

Directions: Apply directly to the skin after cleansing, or prior to the application of any other facial product. Best results are achieved when used twice daily. Recommended for all skin types.

Contains: Aloe Vera Gel, D.I. Water, Corn Extract and Lecithin, Proteoglycan Aggregate, Hydrolyzed Silk, Lactose, Ginseng Extract, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Phenoxyethanol, Plankton Extract, Pectin, Polyamino Sugar Condensate, Bioflavonoids, Natural Essential Oils, Potassium Sorbate, Citric Acid. Caution: Avoid contact with eyes or mucous membranes. Keep out of reach of children. Use only as directed. Please note: Color of product may change with time due to natural ingredients.

Professional in salon use: A concentrated aloe based treatment serum that contains nutrients and proteins vital to normal skin function. This silky, hydrating formula is light in texture and absorbs easily and softly onto the skin, making application really pleasant and refreshing. Could be used during facial treatment by applying a thin layer to cleansed and moistened skin prior or following treatment moisturizer and mask application. Serums are vehicles for active ingredients. Could be used with galvanic (+) or ultra-sound equipment to improve penetration. For sensitive skin types dilute a small amount of serum with purified water (50/50 ratio) prior to application. Could be added directly into facial creams and masks (a few drops) immediately prior to skin application (helps to boost product performance). For neck and décolleté area treatment apply to clean skin. After place a small amount of the Eye and Neck Cream on tips of fingers, rub together, and then gently massage with upward and outward strokes. Could be used for in-salon biological anti aging and skin strengthening treatments by incorporating with other products (Oxygen Mask, Skin Recovery Mask, Collagen Mask, Placenta Mask, Lifting Mask). Could be added to the in-salon oxygen treatment (for improved skin tone, moisture, and firmness) by mixing 3-5 drops with purified water and applied through a nebulizer. A mild and gentle pH balanced formula.

Key ingredient functions and product benefits: Corn derived live cells are combined with bioactive polypeptides to improve the complexion of skin by providing it with nutrients. Ginseng Extract helps to boost skin oxygen uptake. Proteoglycan Aggregate, Plankton Extract, Polyamino Sugar Condensate and Bioflavonoids promote plumping and smoothing of the skin. Assists in the treatment and prevention of broken capillaries. Pectin nourishes and moisturizes the skin.

508 Almond Serum

This concentrated treatment delivers a potent combination of pore refining, exfoliating, skin strengthening, calming, and brightening ingredients to smooth the complexion, lessen the appearance of fine lines and wrinkles, control oiliness and break-outs while helping to even out the skin tone.

Directions: Apply after cleansing and toning. Start by using once a day at night, after a one week acclimation period, the product can be used twice daily or as needed. Recommended for normal, combination and oily non-sensitive skin types. May be beneficial for people suffering from Rosacea.

Contains: Aloe Vera Gel, Mandelic Acid (10%), Glycerin, Niacinamide (3%), Azelaic Acid and Potassium Azeloyl Diglycinate (2%), Sweet Almond Fruit Extract, Raspberry Fruit Extract, Allantoin.

509 Vital Silk Serum

Vital Silk is an exclusive Multi-Vitamin Facial Treatment. It contains an essential amount of Vitamin C, just the right concentration of Vitamins A and E, also beneficial minerals, and extra pure essential oils. Vital Silk helps the skin regain tone, moisture, silkiness and radiance. It provides a smoothing, antioxidant, brightening and protective treatment for all types of non-sensitive environmentally damaged skin starting to show signs of aging. When used prior to makeup, it helps to form a breathable moisture seal and helps to achieve a smooth and even application of makeup. Apply a small amount directly to the skin twice a day.

Contains: Cyclomethicone, Cyclopentasiloxane, Sweet Almond Oil, Isoparaffin, Caprylic/Capric Triglyceride, Evening Primrose Oil, Dimethicone, Magnesium Ascorbyl Phosphate and L-Ascorbic Acid and Ascorbyl Palmitate (Vitamin C Complex), Guar Gum, Tocopheryl Acetate (Vit. E), Retinyl Palmitate (Vit. A), Squalene, Carrot Oil, Polysorbate 80, Blend of Natural Essential Oils. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed. Color of product may change with time due to natural ingredients.

Professional in salon use: This unique formulation combines a natural essential oil moisture retaining blend with micronized multivitamins for a long lasting, skin smoothing and conditioning effect. Could be used during facial treat-

ment as a final luxury step by applying a thin layer to the face following treatment moisturizer (This serum goes on last). Could be added directly into facial creams and masks (a few drops) immediately prior to skin application. This addition helps to boost product performance by adding brightening, skin softening and high grade aromatherapy properties to the treatment.

Key ingredient functions and product benefits: Pure essential oils of Lavender, Ylang, Geranium, Sandalwood, Neroli, Chamomile, Lemon Grass, Balm Mint, Rosemary, Rose, and Vetiver provide skin balancing, soothing, normalizing, calming, relaxing, antibacterial, decongestant, detoxifying, and restorative properties. Each essential oil's aroma also has unique properties that are known to create both energizing and mood-elevating effects. Evening Primrose Oil and Sweet Almond Oil nourishes and moisturizes the skin. Magnesium Ascorbyl Phosphate and L-Ascorbic Acid and Ascorbyl Palmitate (Vitamin C Complex) help to refine and brighten the skin. Tocopheryl Acetate (Vitamin E), Retinyl Palmitate (Vitamin A) show skin renewal properties and help to calm inflammation. Helps to restore tone, vitality and vigor to dull, lifeless skin. A unique, pure essential oil scent. Suitable for all non-sensitive skin types. Provides pollution protection. Deeply hydrates while sealing in moisture as it allows your skin to breathe. Provides an invisible shield to protect the skin from damage caused by the environment. Could be used as unique under make up primer that creates a smooth surface for your make up. Promotes longer-lasting make-up.

510 24 Karat Gold Anti Aging Suspension

This age-defying treatment combines pure 24 Karat Gold with the power of antioxidants, botanicals and essential oils to strengthen skin's elasticity and firmness while providing superior hydration and smoothness. By improving circulation and decreasing skin inflammation pure gold helps to improve the appearance of expression lines, fine wrinkles and age spots. Helps to restore skin softness, and radiance. Also could be used as unique under make up primer that creates a smooth surface for your make up.

Directions: Apply a small amount directly to the skin twice a day, gently massage in the gold in circular movements until fully dissolved. Recommended for all non problem skin types.

Contains: Cyclomethicone, Cyclopentasiloxane, Sweet Almond Oil, Isoparaffin, Caprylic/ Capric Triglyceride, Evening Primrose Oil, Dimethicone, Jojoba Oil, Apricot Kernel Oil, Gold, Tocopheryl Acetate, Ascorbyl Palmitate, Retinyl Palmitate, Squalene, Blend of Natural Essential Oils. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed. Color of product may change with time due to natural ingredients.

515 Face-Line Lift INSTANT FACIAL LIFTING SYSTEM

The Face-Line Lift (No. 515) is a new approach to anti-aging delivers a two phase facial rejuvenation system designed to smooth, fill, lift and improve the appearance of facial lines and wrinkles instantly. Contains concentrated active Multi-Peptides (12 %) for long term benefits.

Phase one: Micro-Tensing Serum. Tightening wheat protein and seaweed provide immediate lifting action for a firmer skin appearance.

Phase two: Moisture Infusion Cream. Hyaluronic Acid, Sodium PCA, oxygen boosting Ginseng extract and Multi-Vitamins help to smooth, plump and add volume to the skin. Multi-Peptides help to improve the appearance and depth of fine lines caused by facial expression.

Directions: For best results the skin should be clean, dry and free of oil. Apply a thin layer of the serum (phase 1) onto the targeted area in need of lifting or the entire face. Avoid the hair line, eye brow hair and eye lids. Allow 2-3 minutes for the serum to dry (only one layer of serum should be applied). A lifting and firming sensation on your skin will be evident at this time. Apply moisturizer (phase 2) to the entire face. Wait for the cream to absorb (about 1 minute) before applying any other cosmetics. Could be used alone or under make-up. Lifts instantly. Results last until washed off. Over applying or applying multiple layers once the serum is dry can cause a white residue. If residue develops after drying and moisturizer application, smooth over with a small amount of additional moisturizer.

Micro-Tensing Serum Contains: Aloe Vera Gel, Algae Extract, Sodium Alginate, Wheat Protein, Magnesium Aluminum Silicate, Sodium Polyethylene, Hexylene Glycol And Glucose And Fructose And Sucrose And Urea And Dextrin And Alanine And Glutamic Acid And Hexyl Nicotinate, Carbomer, Triethanolamine, Sodium PCA, Chlorophyll, Natural Essential Oils, Phenoxyethanol, Sodium Benzoate, Potassium Sorbate, Citric Acid. Moisture Infusion Cream Contains: Aloe Vera Gel, Cyclomethicone, Ginseng Extract, Seaweed Extract, Dimethicone, Glycerin, Hydrogenated Polyisobutane, Acetyl Hexapeptide 3, Glyceryl Stearate, Cetyl Alcohol, Polyamino Sugar Condensate, Chamomile Extract, Carbomer, Polysorbate 20, Retinyl Palmitate, Tocopherol, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Sodium PCA, Hyaluronic Acid, Triethanolamine, Disodium EDTA, Natural Essential Oils, Phenoxyethanol, Sodium Benzoate, Potassium Sorbate, Citric Acid. Caution: avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Professional in salon use: A concentrated two part system that provides a maximum amount of instant facial lifting, tightening and pore minimizing effects that last for hours. The micro-tensing serum could be added to facial masks, creams and serums for added lifting effects or both parts used together at the end of facial treatment following the directions above.

Key ingredient functions and product benefits: Tightens and lifts the skin until washed off. Micro-Tensing Serum contains and Amino Acid Complex to promote the appearance of smooth skin. Moisture Infusion Cream contains Pentapeptides for improved Collagen and Elastin production to further reduce and slow the formation of new lines and wrinkles. May be used in conjunction with other skin treatments or products. A great pre-Special Event treatment. Contains pure essential oils to promote skin brightening, antiseptic and purifying properties. Apply a small amount to targeted areas. Especially effective around eyes, forehead and upper lips. May be used on the entire face.

517 Brightening Serum

As skin ages, it starts to become duller, show previous sun damage, spots and discoloration. This is caused by the fact that proteins in the skin's epidermis become cross-linked and rigid, resulting in a loss of transparency and color. Brightening serum has been developed for use all over the face, as a means of restoring skin color without the use of strong bleaching agents. The result is brighter and more even skin tone. High concentration of Vitamin C, E and A is very effective in helping to neutralize free radicals before they damage healthy skin cells. Natural essential oils of lemon and orange work as effective pigment inhibitors to brighten the complexion for a more youthful look. Vitamin C helps to improve collagen and elastin production to reduce and slow the formation of new lines and wrinkles. This concentrated Vitamin C treatment helps to diminish fine lines, age spots, and discolorations. Visible improvement in skin color, texture and appearance should be evident within 4-8 weeks.

Directions: Apply on clean face and neck morning and evening. Follow with moisturizer. For all nonsensitive skin types.

Contains: Cyclopentasiloxane, Ascorbic Acid, Dimethicone, Tocopheryl Acetate, Retinyl Palmitate, Essential Oils. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Professional in salon use: This concentrated formula could be used during facial treatment by applying a thin layer to cleansed and moistened skin prior or following treatment moisturizer and mask application. Could be added directly into facial creams and masks (a few drops) immediately prior to skin application (helps to boost product performance). Could be used for in-salon skin brightening, anti aging and anti-oxidant treatments by incorporating with other products (Oxygen Mask, Skin Recovery Mask, Collagen Mask, Placenta Mask, Lifting Mask).

Key ingredient functions and product benefits: Effective when used as a brightening and fading serum for normal to dry and combination skin types. Use of Sun Protection products helps to further improve fading results. Great for lightening sun spots, age spots, freckles and pigmented scars. This formula uses the superior brightening properties of Vitamin C, Vitamin A, and Pure Essential oils of Lemon, Orange and Mandarin to help improve pigmentation problems. Helps to improve skin tone and hydration. Very light and fresh scent. Silky and non-greasy fluid absorbs rapidly, leaving the skin fresh and smooth. Helps to neutralize free radical damage due to high content of Vitamin C. Effective in improving the performance of other fading products (Fading Gel, Fading Cream, Vitanol A, Skin Refining Concentrate). Improves the appearance of dull complexions by promoting clarity and brightness. Assists in reducing the formation of melanin, which is responsible for skin discoloration.

555 Lifting Elixir Skin Firming Concentrate

Lifting Elixir is a unique skin firming, and lifting treatment combines advanced anti aging multi-peptides with lifting seaweed and moisture binding Hyaluronic Acid in a silky fluid suspension. Multi-peptides help to reduce the intensity and frequency of muscle contractions. This assists in preventing and improving the appearance and depth of fine lines caused by facial expression. Contains Pentapeptides for improved Collagen and Elastin production to further reduce and slow the formation of new lines and wrinkles. Apply a small amount to targeted areas. Especially effective around eyes, forehead and upper lips. May be used on the entire face and neck. Use twice daily. Follow with moisturizer. Recommended for all non-problem skin types.

Contains: Aloe Vera Gel, Acetyl Hexapeptide 3 (Argireline 15%), Cyclomethicone, Ginseng Extract, Seaweed Extract, Dimethicone, Glycerin, Glyceryl Stearate, Cetyl Alcohol, Polyamino Sugar Condensate, Chamomile Extract, Hydroxyethyl Cellulose, Sesame Oil, Safflower Oil, Retinyl Palmitate, Tocopherol, Ascorbyl Palmitate, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Phenoxyethanol, Hyaluronic Acid, Sodium Benzoate, Potassium Sorbate, Citric Acid, Natural Essential Oils. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed. Color of product may change with time due to natural ingredients.

Professional in salon use: This advanced, silky textured treatment suspension combines pure essential oils with active anti-aging and skin lifting ingredients. Could be used during facial treatment by applying a thin layer to cleansed and moistened skin prior to final treatment moisturizer. Because of the high nutrient concentration in this serum, only a very small amount is needed for treatment. For sensitive skin types dilute a small amount of serum with purified water (50/50 ratio) prior to application. Could be added directly into facial creams and masks (a few drops) immediately prior to skin application (helps to boost product performance). For neck and décolleté area treatment apply to clean skin. After place a small amount of the Eye and Neck Cream on tips of fingers, rub together, and then gently massage with upward and outward strokes. Could be used for in-salon anti aging and lifting treatments by incorporating with other products (Vitaplex C Cream, Revitalizing Cream, Bio-Effective Cream, Collagen Day Cream, Skin Recovery Mask, Collagen Mask, Placental Mask). Key ingredient functions and product benefits: Acetyl Hexapeptide 3 a non-toxic, non-irritant compound that controls the excessive stimulation of the facial muscles, relaxing facial tension and helps to reduce the depth of already formed wrinkles. Helps to inhibit the contraction of neurotransmitters that cause repeated movements of the facial expression muscles promoting the appearance of smooth skin. Enriched with Ginseng Extract, Seaweed Extract and Aloe Vera to provide a smoothed and "lifted" effect to the skin. Silky and non-greasy fluid. Tocopheryl Acetate (Vitamin E), Retinyl Palmitate (Vitamin A) show skin renewal properties and help to calm inflammation. Helps to restore tone, vitality and vigor to dull, lifeless skin. High level of pure Hyaluronic Acid helps to raise skin's moisture level to fill-in and "plump up" fine lines. Pure essential oils of Geranium, Sandalwood, Neroli and Chamomile provide skin calming, relaxing, antibacterial, decongestant, detoxifying, and restorative properties. Each essential oil's aroma also has unique properties that are known to create both energizing and mood-elevating effects. Sesame Oil, Safflower Oil, and Glycerin protect from moisture loss and provide nourishment to the skin. Palmitoyl Oligopeptide and Palmitoyl Tetrapeptide-7 assist in activating the skin cell renewal process and enhances healthy collagen production.

R-511 Skin Refining Concentrate

This advanced and powerful complex of Vitamins (A,C,E), natural Algae, Yeast Extract, Herbal Extracts, and exclusive acid-free marine technology gently enhances skin's own shedding cycle to help visibly improve texture, reduce pore size, calm irritation, and soften fine lines. It helps to achieve a more even skin tone, to calm over-reactive skin, and protect it from future damage.

Directions: apply on face and neck morning and evening after cleansing. Follow with a moisturizer. This product is suitable for all skin types.

Contains: D.I. Water, Aloe Vera Gel, Purified Sea Water, Cyclomethicone, Chamomile Extract, Calendula Extract, Ginseng Extract, Fucus Algae Extract, Spirulina Algae Extract, Laminaria Digitata Extract, Safflower Oil, Glyceryl Stearate, Glycosaminoglycans, Yeast Extract, Polyamino Sugar Condensate, Carbomer, Hydroxyethyl Cellulose, Yeast Polysaccharides, Retinyl Palmitate, Tocopherol, Squalene, Phenoxyethanol, Ascorbyl Palmitate, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Triethanolamine, Guar Gum, Natural Fragrant Oils, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed. Color of product may change with time due to natural ingredients.

Professional in salon use: This light, creamy textured treatment serum combines the exfoliating and soothing properties of Glycosaminoglycans with active anti-aging and calming botanicals. Helpful to stressed and over reactive skin. Could be used during facial treatment by applying a thin layer to cleansed and moistened skin prior to final treatment moisturizer. Because of the high nutrient concentration in this serum, only a very small amount is needed for treatment. For sensitive skin types dilute a small amount of serum with purified water (50/50 ratio) prior to application. Could be added directly into facial creams and masks (a few drops) immediately prior to skin application (helps to boost product performance). For neck and décolleté area treatment apply to clean skin. After place a small amount of the Eye and Neck Cream on tips of fingers, rub together, and then gently massage with upward and outward strokes. Could be used for in-salon anti aging, soothing, brightening and refining treatments by incorporating with other products (Vitaplex C Cream, Revitalizing Cream, Bio-Effective Cream, Collagen Day Cream, Skin Recovery Mask, Collagen Mask, Placental Mask). Can be used as a milder alternative to Glycolics or in conjunction with Glycolics. Beneficial for clients who need to increase skin clarity (brightness), Sun damaged skin, which needs increased exfoliation and moisture. Clients who have uneven skin tone (brown spots).

Key ingredient functions and product benefits: The small molecular structure of hydrolyzed Glycosaminoglycans allows easy penetration into the outer skin layers to promote the ability of collagen fibers to retain water and bind moisture to the skin. Polyamino Sugar Condensate helps to provide extra moisture binding activity. Yeast Polysaccharides (betaglucans) help to support the immune cells in the skin for improved skin protection. Extracts of Chamomile, Calendula, and Ginseng help to tone, refresh and purify. Ascorbyl Palmitate helps to refine and brighten the skin. Contains Pentapeptides for improved Collagen and Elastin production to further reduce and slow the formation of new lines and wrinkles. Boost your skin's ability to repair damage and look naturally younger and healthier. Fucus, Spirulina, and Laminaria Digitata Algae Extracts form a bond with the skin proteins, maintaining optimal hydration, helping to refine pores, soothe irritation, soften and improve texture. A light pleasant marine scent.

VI. Facial Treatment Masques

600 Skin Recovery Mask

This creamy, emollient rich, antioxidant and multi-vitamin treatment mask is designed to enhance micro-circulation, improve epidermal regeneration, and naturally brighten your skin complexion. Sea Buckthorn Berry delivers effective restorative properties due to its high content of essential fatty acids, carotenes, tocopherols, and phytosterols. Elements which are all essential for healthy skin. Nutrient rich carrot oil, mango butter, and natural plant extracts help to increase the skin moisture level, oxygen uptake, and prevent early appearance of wrinkles. Contains pentapeptides for improved collagen and elastin production to further reduce and slow the formation of new lines and wrinkles. Recommended for normal, normal to dry, dehydrated, and undernourished skin. Use twice a week. Spread a small amount over the entire face, avoiding the eye area. Leave on 10-20 min., then rinse with tepid water. Could be used as a facial massage mask.

Contains: Aloe Vera Gel, Cetyl Alcohol, Glycerin, Zinc Oxide, Glyceryl Stearate, Titanium Dioxide, Sesame Oil, Safflower Oil, Squalene, Guar Gum, Sea Buckthorn Berry Oil, Carrot Oil, Extracts of Chamomile, Ginseng, Cucumber, and Ginkgo Biloba, Phenoxyethanol, Retinyl Palmitate, Tocopheryl, Ascorbyl Palmitate and Magnesium Ascorbyl Phosphate, Mango Butter, Fragrant Oils, Sodium Hyaluronate, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Marine Collagen, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Professional in salon use: This is a moisture rich, creamy, whipped soufflé consistency nourishing mask with a light berry scent. The yellow color comes from Carrot Oil and Sea Buckthorn Oil. It is a non-setting type of phytotherapy mask (does not dry on the skin). Use of masks following serums and creams improves treatment properties and absorption of these products. Mask's properties could be customized to clients needs by blending appropriate serums (Vital Silk, Vitanol A, Line Preventing Serum) and creams (Vitaplex C, Revitalizing Cream, Bio Effective Night Cream), directly into the mask prior to skin application. A flash "moisture boost" effect helps to seal in the active ingredients contained in this treatment. In-Salon application: Analyze your client's skin to determine the correct treatment mask to use. Remove enough mask for one application with a disposable spatula from the bulk container and place in a smaller container for skin application or custom blending. Use on cleansed skin. Before proceeding protect the client's eyes with cotton pads dampened in warm water. Apply a thick layer with a brush, spatula or fingertips (a nickel-sized amount or more) over the entire face starting with the neck line, then jaws, cheeks, chin, nose and forehead. Avoid applying mask to lips, mouth, hairline, eyebrows and the area around the eyes. Ask the client if they are comfortable. Leave on for 5 to 15 minutes. The mask should be removed with tepid to warm water and cotton. Tone and refresh with appropriate toner (Aloe Cucumber or Ginseng Toners) and follow with a moisturizer or specialty product. Remove cotton pads from the client's eyes. For combination skin types, two masks can be used at the same time. Mild masks formulated for oily skin (Volcanic Mud Mask, Mint Mask) can be used on oily areas, and masks formulated for dry skin (Skin Recovery Mask, Collagen Cream Mask, Placenta Nourishing Mask) on the dry areas. For nonsensitive, dryer skin types can be used as a final emollient, calming, moisturizing and skin protective mask following in-salon procedures (Micro-Dermabrasion, Glycolic, Enzymes, LED).

Key ingredient functions and product benefits: Helps to reduce visible signs of aging, Supplies vital nutrients to the skin. Promotes skin balance and comfort. Sesame Oil, Safflower Oil, Squalane, Mango Butter, Glycerin and Carrot Oil protect from moisture loss and provide nourishment to the skin. Retinyl Palmitate, Tocophyrol and Ascorbyl Palmi-tate show skin renewal properties, help to calm inflammation and refine pores. Ginseng Extract, Sea Buckthorn Oil and Aloe Vera Gel provide soothing and healing properties. Collagen, a soluble protein, effectively helps to diminish wrinkles and age lines while restoring elasticity to skin. Contains Pentapeptides for improved Collagen and Elastin production to further reduce and slow the formation of new lines and wrinkles.

601 Natural Lecithin Masque

Natural Lecithin Masque is a nourishing treatment for normal and dry skin. Made from egg yolk, it contains natural lecithin (the most effective natural protein), natural vitamins, and specially blended oils, to smooth and refine the skin. Use twice a week. Spread a small amount of masque over entire face, avoiding eye area. Leave on 15-20 min., then rinse with tepid water.

Contains: Aloe Vera Gel, Kaolin, Natural Egg Yolk, Safflower Oil, Glycerin, Phenoxyethanol, Jojoba Oil, Sodium Alginate, Biotin, Titanium Dioxide, Lemon Juice, Tea Tree Oil, Witch Hazel Extract, Hops Extract, Ginseng Extract, Guar Gum, Sodium PCA, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Professional in salon use: This is a protein rich, paste nourishing mask. The yellow color comes from Egg Yolk. It is a non-setting type of mask (does not dry on the skin). Use of masks following serums and creams improves treatment properties and absorption of these products. Mask's properties could be customized to clients needs by blending appropriate serums (Vital Silk, Vitanol A, Line Preventing Serum) and creams (Vitaplex C, Revitalizing Cream, Bio Effective Night Cream), directly into the mask prior to skin application. A flash "moisture boost" effect helps to seal in the active ingredients contained in this treatment. In-Salon application: Analyze your client's skin to determine the correct treatment mask to use. Remove enough mask for one application with a disposable spatula from the bulk container and place in a smaller container for skin application or custom blending. Can be diluted with water or toner for easier application. Use on cleansed skin. Before proceeding protect the client's eyes with cotton pads dampened in warm water. Apply a thin layer with a brush, spatula or fingertips (a nickel-sized amount or more) over the entire face starting with the neck line, then jaws, cheeks, chin, nose and forehead. Avoid applying mask to lips, mouth, hairline, eyebrows and the area around the eyes. Ask the client if they are comfortable. Leave on for 5 to 15 minutes. The mask should be removed with tepid to warm water and cotton. Tone and refresh with appropriate toner (Aloe Cucumber or Ginseng Toners) and follow with a moisturizer or specialty product. Remove cotton pads from the client's eyes. For combination skin types, two masks can be used at the same time. Mild masks formulated for oily skin (Volcanic Mud Mask, Mint Mask) can be used on oily areas, and masks formulated for dry skin (Natural Lecithin Mask, Skin Recovery Mask, Collagen Cream Mask, Placenta Nourishing Mask) on the dry areas.

Key ingredient functions and product benefits:

Egg Yolk is a rich source of Lecithin (natural source of protein) and Biotin (B-complex vitamin). Lecithin is a natural

emollient and a conditioning agent with antioxidant and deep nourishing properties. It is a hydrophilic ingredient that attracts water. Safflower Oil, Glycerin, Jojoba Oil and Sodium PCA protect from moisture loss and provide nourishment to the skin. Aloe Vera helps to calm inflammation. Lemon Juice is a natural mild cleanser. Fine milled Kaolin Clay helps to gently absorb oil on the surface of the skin and refine pores. Ginseng Extract assists in increased oxygenation. Extremely beneficial for dull, dehydrated and sallow skin.

602 Azulen Soothing Masque

Azulen soothing masque is recommended for all skin types. It is very beneficial for sensitive skin as a decongestive and calming masque. Azulen, Bisabolol, Sodium PCA and Zinc Oxide soothe, calm, and moisturize the skin. Directions: Use twice a week. Spread a small amount of masque over entire face, avoiding eye area. Leave on 10-20 min., then rinse with tepid water. Contains: Aloe Vera Gel, Kaolin, Glycerin, Safflower Oil, Cetyl Alcohol, Squalene, Titanium Dioxide, Zinc Oxide, Azulen, Sodium PCA, d-Panthenol, St. John's Blossoms Extract, Arnica Blossoms Extract, Calendula Blossoms Extract, Glucose and Fructose and Sucrose and Urea and Dextrin and Alanine and Glutamic Acid and Hexyl Nicotinate, Tocopherol, Phenoxyethanol, Guar Gum, Sodium Hyaluronate, Sodium Benzoate, Potassium Sorbate, Bisabolol, Citric Acid, Allantoin. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Professional in salon use: This unscented, light emollient based, creamy formula is an effective addition to sensitive skin treatment protocol. Can be used as an emollient, calming, moisturizing and skin protective mask for in-salon procedures (micro-dermabrasion, glycolic, enzymes, LED). This is a non-setting type of mask (does not dry on the skin). Apply over moist skin. Provides instant moisture relief with a long-lasting soothing and comfort effect. Azulen is made from chamomile and helps to soothe sensitive areas. Mask's properties could be customized to clients needs by blending appropriate serums (Vital Silk, Vitanol A, Line Preventing Serum, Skin Refining Serum) and creams (Vitaplex C, Revitalizing Cream, Bio Effective Night Cream), directly into the mask prior to skin application.

In-Salon application: Analyze your client's skin to determine the correct treatment mask to use. Remove enough mask for one application with a disposable spatula from the bulk container and place in a smaller container for skin application or custom blending. Use on cleansed skin. Before proceeding protect the client's eyes with cotton pads dampened in warm water. Apply a thick layer with a brush, spatula or fingertips (a nickel-sized amount or more) over the entire face starting with the neck line, then jaws, cheeks, chin, nose and forehead. Avoid applying mask to lips, mouth, hairline, eyebrows and the area around the eyes. Ask the client if they are comfortable. Leave on for 5 to 15 minutes. The mask should be removed with tepid to warm water and cotton. Tone and refresh with appropriate toner (Aloe Cucumber or Ginseng Toners) and follow with a moisturizer or specialty product. Remove cotton pads from the client's eyes. For combination skin types, two masks can be used at the same time. Mild masks formulated for oily skin (Volcanic Mud Mask, Mint Mask) can be used on oily areas, and masks formulated for dry skin (Skin Recovery Mask, Collagen Cream Mask, Placenta Nourishing Mask) on the dry areas.

Key ingredient functions and product benefits: St. John's Blossoms Extract, Arnica Blossoms Extract, Calendula Blossoms Extract, help to refine, tone, tighten pores and protect the skin's moisture balance. Sodium PCA provides mois-

ture binding activity. Azulene, Allantoin and Aloe Vera Gel poses soothing and healing properties. Glycerin, Safflower Oil, Squalene, protect the skin from moisture loss. Fine milled Kaolin Clay and Zinc Oxide help to gently absorb oil on the surface of the skin and refine pores. Bisabolol and d-Panthenol show skin renewal properties and help to calm inflammation. Helps to improve skin's suppleness and elasticity. Helps to improve skin tone, firmness and hydration. Light creamy consistency. Light blue color comes from Azulen.

603 Mint Masque

Mint masque is recommended for normal, combination, normal to oily and blemished skin. It is a stimulating and effective mask that leaves the skin with a renewed and soothed after-feel. On thoroughly cleansed skin, spread a small amount of masque over the entire face, carefully avoiding eye area. Leave on for 15-20 min., then rinse with tepid water. Use twice a week.

Contains: Kaolin, Aloe Vera Gel, Bentonite, Glycerin, Zinc Oxide, Carrot Oil, Cetyl Alcohol, Sodium Alginate, Retinyl Palmitate and Cholecalciferol, Polyamino Sugar Condensate, Menthol, Peppermint Oil, Guar Gum, Phenoxyethanol, Chlorophyll, Spearmint Oil, Potassium Sorbate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Professional in salon use: This is an active, cooling and purifying mask treatment. Exhibits excellent decongestive, cleansing, toning, stimulating and anti-bacterial effects. Kaolin and Aloe Vera based, paste formula. An effective addition to oily and blemished skin treatment protocol. This is a setting type of mask (dries and tightens on the skin). Provides a cooling sensation to the skin. Post-treatment skin is clean, refreshed, and more receptive to other treatments. Mask's properties could be customized to clients needs by blending appropriate toners, gels or serums. For sensitive skin types dilute a small amount of mask with purified water (50/50 ratio) prior to application and allow to remain on the skin for a shorter period of time. Can be added in small quantity (5-10 %) to other treatment masks (Oxygen Mask, Skin Recovery Mask, Volcanic Mud Masque, Collagen Mask, Placenta Mask) to impart a mild cooling and astringent effect. |

In-Salon application: Analyze your client's skin to determine the correct treatment mask to use. Remove enough mask for one application with a disposable spatula from the bulk container and place in a smaller container for skin application or custom blending. The client may experience a tingling, cooling and tightening sensation as the mask dries. This should be explained prior to treatment so they know what to expect. Use on cleansed skin. Before proceeding protect the client's eyes with cotton pads dampened in warm water. Apply a thin layer with a brush, spatula or fingertips over the entire face starting with the neck line, then jaws, cheeks, chin, nose and forehead. Avoid applying mask to lips, mouth, hairline, eyebrows and the area around the eyes. Paste masks need to be applied in a thin layer so that the drying stage does not take to long to set. Ask the client if they are comfortable. Leave on for 5 to 15 minutes. The mask should be removed with tepid to warm water and cotton. A very small amount of Gentle Cleansing Gel or Mint Soufflé mixed with water could be used to make mask removal faster and easier. Tone and refresh with appropriate toner (Aloe Cucumber, Ginseng or Menthol Toners) and follow with a moisturizer or specialty product. Remove cotton pads from the client's eyes. For combination skin types, two masks can be used at the same time. Mild masks formulated for oily skin (Volcanic Mud Mask, Mint Mask) can be used on oily areas, and masks formulated for dry skin (Skin Recovery Mask, Collagen Cream Mask, Azulen Mask, Placenta Nourishing Mask) on the dry areas.

Key ingredient functions and product benefits: Zinc Oxide helps to normalize and protect the skin's pH and oil balance. Provides an antiseptic effect. Kaolin and Bentonite clays help to absorb oils from the skin, tighten pores, refine skin texture and calm irritations. Natural Peppermint and Menthol help to stimulate circulation, refresh, cool and soothe the skin. Glycerin and Carrot Oil protect from moisture loss and provide nourishment to the skin. Aloe Vera and Chlorophyll offer soothing and anti-inflammatory properties. Polyamino Sugar Condensate complex provides skin hydration. Dissolves excess oil and gives cool refreshing sensation to the skin. Removes surface dead cell build-up, impurities and pore blockage. Promotes anti-bacterial activity. Helps to promote clear and smooth complexion.

604 Collagen Treatment Masque

Collagen masque is a luxurious and nourishing treatment recommended for normal, normal to dry, dehydrated, and undernourished skin. Nutrient rich native collagen, cellular complexes, amino acids, panthenol, vitamins, and natural oils help to increase the moisture level, prevent early appearance of wrinkles, and help the skin breathe easily during cell renewal process. Use twice a week. Spread a small amount over the entire face, avoiding the eye area. Leave on 15-20 min., then rinse with tepid water.

Contains: Aloe Vera Gel, Cetyl Alcohol, Zinc Oxide, Titanium Dioxide, Sesame Oil, Safflower Oil, Soluble Marine Collagen, Squalene, Glucose and Fructose and Sucrose and Urea and Dextrin and Alanine and Glutamic Acid and Hexyl Nicotinate (Amino Acid\Sugar Complex), Guar Gum, Tocopherol, (Vitamin E), Mango Butter, Phenoxyethanol, Hydrolyzed Silk, Sodium Hyaluronate, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Potassium Sorbate, Citric Acid.

Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Professional in salon use: This unscented, emollient based, creamy formula can be used for normal, normal to dry, dry and mature skin facial treatment. Medium creamy consistency. Provides instant nourishing, hydration and long-lasting soothing effect. An effective addition to sensitive skin treatment protocol. Can be used as an emollient, calming, moisturizing and skin protective mask for in-salon procedures (microdermabrasion, glycolic, enzymes, LED). This is a non-setting type of mask (does not dry on the skin). Apply over moist skin. Provides instant moisture relief with a long-lasting soothing and comfort effect. Mask's properties could be customized to clients needs by blending appropriate serums (Vital Silk, Vitanol A, Line Preventing Serum, Skin Refining Serum) and creams (Vitaplex C, Revitalizing Cream, Bio Effective Night Cream), directly into the mask prior to skin application.

In-Salon application: Analyze your client's skin to determine the correct treatment mask to use. Remove enough mask for one application with a disposable spatula from the bulk container and place in a smaller container for skin application or custom blending. Use on cleansed skin. Before proceeding protect the client's eyes with cotton pads dampened in warm water. Apply a thick layer with a brush, spatula or fingertips (a nickel-sized amount or more) over the entire face starting with the neck line, then jaws, cheeks, chin, nose and forehead. Avoid applying mask to lips, mouth, hairline, eyebrows and the area around the eyes. Ask the client if they are comfortable. Leave on for 5 to 15 minutes. The mask should be removed with tepid to warm water and cotton. Tone and refresh with appropriate toner (Aloe Cucumber or Ginseng Toners) and follow with a moisturizer or specialty product. Remove cotton pads from the client's eyes. For combination skin types, two masks can be used at the same time. Mild masks formulated for oily skin (Volcanic Mud Mask, Mint Mask) can be used on oily areas, and masks formulated for dry skin (Skin Recovery Mask, Collagen Cream Mask, Placenta Nourishing Mask) on the dry areas. For nonsensitive, dryer skin types can be used as

a final emollient, calming, moisturizing and skin protective mask following in-salon procedures (Micro-Dermabrasion, Glycolic, Enzymes, LED).

Key ingredient functions and product benefits: Helps to reduce visible signs of aging, Supplies vital nutrients to the skin. Fights the effects of skin aging by helping to supply skin with hydration and elasticity. Promotes skin balance and comfort. Collagen, a soluble protein, effectively helps to diminish wrinkles and age lines while restoring elasticity to skin. Contains a high dose of hydrolyzed, low molecular weight marine collagen, designed to support and strengthen the skin. Sesame Oil, Safflower Oil, Squalane and, Mango Butter protect from moisture loss and provide nourishment to the skin. Retinyl Palmitate, and Tocopheryl show skin renewal properties, help to calm inflammation and refine pores. Aloe Vera Gel and Zinc Oxide provide soothing and healing properties. Contains Pentapeptides for improved Collagen and Elastin production to further reduce and slow the formation of new lines and wrinkles. Amino Acid / Sugar Condensate and Sodium Hyaluronate help to provide extra moisture binding activity. Proteins from hydrolyzed silk fibers are rich in amino acids, and help to provide relief from environmental damage, and dry, dehydrated skin.

605 Volcanic Mud Masque

Volcanic Mud Masque is a high performance treatment for dull and tired skin of all types. It draws out impurities as it cleanses, and renews firmness and elasticity to the skin's surface. Apply 2-3 times a week (5 minutes for dry skin, 15 min. for oily and blemished skin) by spreading a small amount over the entire face, avoiding the eye area. Remove with tepid water. Regular use helps to achieve smoother and finer textured pores.

Contains: Diatomaceous Earth, Fullers Earth, Kaolin, Glycerin, Aloe Vera Gel, Zinc Oxide, Sodium Alginate, Allantoin, Guar Gum, Sage Oil, Eucalyptus Oil, Tocopheryl Acetate (Vitamin E), Phenoxyethanol, Potassium Sorbate. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Professional in salon use: This is a mild, calming, cooling and purifying mask treatment. Exhibits excellent decongestive, cleansing, toning, and anti-bacterial effects. Diatomaceous earth is rich in natural minerals (magnesium, iron, calcium and sodium) that help retain moisture while absorbing excess sebum. A mild clay and Aloe Vera formula with essential oils. Medium paste consistency. An effective addition to combination, oily and blemished skin treatment protocol. Could be used on drier skin types as a cleansing and pore refining mask. This is a setting type of mask (dries and tightens on the skin). Post-treatment skin is clean, refreshed, and more receptive to other treatments. Mask's properties could be customized to clients needs by blending appropriate toners, gels or serums. For sensitive skin types dilute a small amount of mask with purified water (50/50 ratio) prior to application and allow to remain on the skin for a shorter period of time. A refreshing, mild aromatherapy scent.

In-Salon application: Analyze your client's skin to determine the correct treatment mask to use. Remove enough mask for one application with a disposable spatula from the bulk container and place in a smaller container for skin application or custom blending. The client may experience a mild tingling, cooling and tightening sensation as the mask dries. This should be explained prior to treatment so they know what to expect. Use on cleansed skin. Before proceeding

protect the client's eyes with cotton pads dampened in warm water. Apply a thin layer with a brush, spatula or fingertips over the entire face starting with the neck line, then jaws, cheeks, chin, nose and forehead. Avoid applying mask to lips, mouth, hairline, eyebrows and the area around the eyes. Paste masks need to be applied in a thin layer so that the drying stage does not take too long to set. Ask the client if they are comfortable. Leave on for 5 to 15 minutes. The mask should be removed with tepid to warm water and cotton. A very small amount of Gentle Cleansing Gel or Mint Soufflé mixed with water could be used to make mask removal faster and easier. Tone and refresh with appropriate toner (Aloe Cucumber or Ginseng Toners) and follow with a moisturizer or specialty product. Remove cotton pads from the client's eyes. For combination skin types, two masks can be used at the same time. Mild masks formulated for oily skin (Volcanic Mud Mask, Mint Mask) can be used on oily areas, and masks formulated for dry skin (Skin Recovery Mask, Collagen Cream Mask, Placenta Nourishing Mask) on the dry areas. Key ingredient functions and product benefits: Pure volcanic mud is stimulating and detoxifying. Provides an antiseptic effect. Kaolin and Fullers Earth clays help to absorb oils from the skin, tighten pores, refine skin texture and calm irritations. Natural Sage and Eucalyptus oils help to stimulate circulation, refresh, cool and soothe the skin. Zinc Oxide helps to normalize and protect the skin's pH and oil balance. Glycerin helps to protect from moisture loss. Aloe Vera and Allantoin offer soothing and anti-inflammatory properties. Dissolves excess oil and gives cool refreshing sensation to the skin. Helps to remove surface dead cell build-up, impurities and pore blockage. Promotes anti-bacterial activity. Helps to promote clear and smooth complexion. A refreshing, mild and natural Sage and Eucalyptus aromatherapy effect.

606 Placental Nourishing Masque

Placental Nourishing Masque is recommended for dry or aging skin. Wheat Placenta extract helps to revitalize the cellular processes which have progressively lost their efficiency with the passage of time, and are responsible for the appearance of typical signs of skin aging. Use twice a week by spreading a small amount over the entire face, avoiding the eye area. Leave on 15-20 min., then rinse with tepid water.

Contains: Aloe Vera Gel, Caprylic/Capric Triglyceride, Cetyl Alcohol, Stearic Acid, Kaolin, Titanium Dioxide, Zinc Oxide, Sweet Kernel Oil, Ginseng Extract, Hops Extract, Squalene, Tocopherol, Retinyl Palmitate, Polyamino Sugar Condensate, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Placental Extract (Wheat), Phenoxyethanol, Sodium PCA, Mango Butter, Potassium Sorbate, Sodium Benzoate, Carmine, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

607 Chlorophyll Tightening Masque

This is a very effective and beneficial skin tightening masque. The dried film of natural milk proteins, plant extracts, seaweed extracts, and minerals tighten the skin, help enhance blood circulation, help diminish fine lines, and help to create a fresh youthful appearance and feeling. Use twice a week. Apply a thin film on a clean face; when dry, rinse with tepid water and cleanser. Chlorophyll Tightening Masque can be added (50%) to other masks for a tightening effect.

Contains: Aloe Vera Gel, Glycerin, Milk Protein, Lactose, Algae Extract, Glucose and Fructose and Sucrose and Dextrin and Alanine and Glutamic Acid and Hexyl Nicotinate, Wheat Protein, Guar Gum, Phenoxyethanol, Polyethylene, Yarrow Flowers Extract, Orange Peel Extract, Sodium PCA, Biotin, Chlorophyll, Fragrant Oil, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

608 Cucumber Ice Sorbet

Cucumber Ice Sorbet Masque is a very gentle facial cooling gel. It is recommended as a calming and soothing regimen for all skin types (including sensitive skin). A natural synergy of herbal extracts (Cucumber, Chamomile, and Aloe Vera) provides an anti-irritant effect and helps to reduce redness and inflammation associated with in-salon treatments or environmental pollutants. Use of this cooling Gel Masque at home (2-3 times a week) helps to prevent blemishes and promotes hydration. Directions: Apply a thick layer to face and neck. Leave on for 10-15 minutes. Remove with tepid water, and follow with moisturizer. Use twice a week.

Contains: Deionized Water, Aloe Vera Gel, Glycerin, Extracts of Cucumber, Chamomile, Pineapple, and Yarrow Flowers, Carbomer, Allantoin, Sodium PCA, Triethanolamine, Chlorophyll, Amino Acid Condensate, Super Refined Sea Water, St.John's Wort Extract, Phenoxyethanol, Guar Gum, Salicylic Acid, Sodium Hyaluronate, Fragrant Oil, Sodium Benzoate, Potassium Sorbate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

609 Seaweed Fortifying Masque

This special seaweed fortifying masque is recommended for all types of non-problem skin. It is made from natural marine extracts full of minerals and natural vitamins. This synergy contains micronized algae, fucus, green laminaria, lithothamnion and is very rich in trace elements of manganese, zinc, iron, iodine, magnesium and also in amino acids and proteins. It helps improve oxygenation, detoxify, tone, stimulate, hydrate, and cleanse the skin. Apply two times a week, by spreading a small amount, avoiding the eye area. Leave on 10-15 min., then rinse with tepid water.

Contains: Aloe Vera Gel, Kaolin, Glycerin, Seaweed Extracts (Fucus, Laminaria Digitata, Spirulina, and Lithothamnion),

Glyceryl Stearate, Cetyl Alcohol, Zinc Oxide, Titanium Dioxide, Hydroxyethyl Cellulose, Allantoin, Sweet Almond Oil, Avocado Oil, Phenoxyethanol, Guar Gum, Hops Extract, Fragrant Oil, Ginseng Extract, Sodium Hyaluronate, Potassium Sorbate, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

611 Mediterranean Mud Masque

This exceptional Masque (deep, dark green color), contains natural mud from the Mediterranean Sea. This precious mud is innately rich in minerals, trace elements, and vitamins. These essential components have been brilliantly combined with pure herbal extracts and essential oils to help cleanse, detoxify, decongest, and revive dull and congested skin. Apply twice a week, by spreading a small amount over the entire face, avoiding the eye area. Leave on for 10-15 min. (This mask can be used for all types of skin, as well as a body treatment). Remove with tepid water or in the shower.

Contains: Aloe Vera Gel, Mediterranean Mud, Dead Sea Mud, Fullers Earth, Kaolin, Bentonite, Glycerin, Glyceryl Stearate, Cetyl Alcohol, Jojoba Oil, Squalene, Hops Extract, Burdock Root Extract, Rosemary Leaves Extract, Sage Leaves Extract, Ginseng Extract, Fragrant Oil, Sodium Hyaluronate, Dead Sea Salt, Phenoxyethanol, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

650 Disinfecting and Bleaching Powder Masque

(For Professional In-Salon Use Only)

This masque is specially recommended to follow deep pore cleansing during the facial. It helps to disinfect the effected area and prevents the infection of the open pores or scabs. Released hydrogen peroxide temporarily bleaches the skin, while working as an effective antibacterial agent. This masque is packed in a dry form to maintain its effectiveness. To activate the masque, mix approximately one teaspoon of powder with adequate quantity of purified water or toner/ astringent, appropriate for client's skin type (including toners/astringents with AHA). Apply after deep pore cleansing, leave on 10-15 min., then rinse with tepid water.

Contains: Zinc Oxide, Kaolin, Powdered Aloe Vera, Magnesium Peroxide, Boric Acid, Lactic Acid (powder), Sodium Borate. Caution: Not to be used on sensitive or irritated skin. Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

651 Phytozyme Exfoliating System (For professional in-salon use only)

651-A Enzyme Powder (Part A)

“Phytozyme” is a professional, non-chemical, two part exfoliating Fruit Enzyme System. It allows the Esthetician to offer a truly exceptional professional exfoliating treatment, that is an essential step of any active salon facial skin care program. When used as instructed it helps to dissolve excessive cell build-up on the stratum corneum, soften comedones, and assists in removing other impurities which clog pores.

Directions: Mix equal parts (about two tablespoons) of powder [Part A] and two tablespoons of activating gel [Part B] in a bowl and stir until a smooth paste consistency is achieved. Apply over cleansed skin (our Mint Soufflé is a great deep pore cleanser to be used prior to Phytozyme” application). Allow to remain on the skin for up to 8 minutes (for dry, mature, and sensitive skin), or up to 15 minutes (for oily and problem skin). Remove with warm water and cotton. Proceed with extraction and other treatments according to the client’s skin type. To achieve desired results in skin texture, clarity and firmness, the Phytozyme” treatment is recommended for use once every 4-8 weeks. Steaming the face prior or during the treatment will increase the enzyme activity and therefore should not be done on a first time application. A patch test should be performed behind the ear, prior to first use, to test for allergic reactions (discomfort, itching, or redness).

Phytozyme Powder Contains: Phytozyme Fruit Enzyme Complex, Kaolin, Zinc Oxide, Bentonite, Guar Gum, Powdered Sage Leaves, Powdered Ginseng Root, Allantoin, Natural Fragrant Oil, Powdered Aloe Vera, Iron Oxide. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. This product is to be used only by licensed professionals. Use only as directed.

651-B Enzyme Activating Gel (Part B)

This gel activator is formulated with natural herbal extracts and moisturizing agents that help to keep the skin moist and soothed during the Phytozyme™ treatment. Please follow the directions listed on the back of (Part A) Enzyme

Powder or read the instructions in our product catalog.

Contains: Deionized Water, Aloe Vera Gel, Yarrow Flowers Extract, Sodium PCA, Carbomer, Glycerin, Triethanolamine, St. John’s Blossoms Extract, d-Penthanol, Chlorophyll, Phenoxyethanol, Potassium Sorbate, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

653 Oxygen Treatment Masque with Vitamin C *(For professional in-salon use only)*

This active powder mask is formulated for an effective revitalizing and restorative salon strength treatment. Fine powdered clays perform deep cleansing, while Vitamin C, tissue respiratory factors (yeast oxygen treatment), super oxide dismutase (anti-free radical treatment) and a blend of natural plant extracts (in powder form), help to restore sun damaged, under-moisturized, dull, and maturing skin.

Directions: To activate the masque, mix approximately 1 teaspoon of powder with an adequate quantity of purified water or toner/astringent, appropriate for client's skin type. Apply after deep pore cleansing and mechanical exfoliation (scrubs or peeling creams). Do not use any chemical exfoliators (alpha or beta hydroxy acids or enzymes) immediately prior to, or after treatment. Leave on for 10-15 min., then rinse with tepid water. For super active oxygen treatment (not for sensitive skin) rather than water or toner/astringent, add 3-5 drops of 3% hydrogen peroxide to powder. The mask will begin to heat up, rise, and slightly fizz. Please allow enough room in your mixing container for this to occur (the container should be at least 3 times larger than used for a regular mask). This method is only to be used by a licensed esthetician.

Contains: Zinc Oxide, Kaolin, Live Yeast Cell Derivative, Bentonite, Guar Gum, Superoxide Dismutase, Powdered Aloe Vera and Chamomile, L-Ascorbic Acid, Citrus Oils. Caution: Not to be used after in-salon glycolic treatments. Not to be used on sensitive or irritated skin. Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

655 Pure Algae (Seaweed) Powder Masque *(For professional in-salon use only)*

This is a deep cleansing and purifying facial masque recommended especially for normal to oily and oily skin. It effectively enhances cellular exchange (by osmosis) promoting the elimination of impurities. It provides minerals in high concentrations (calcium, magnesium, sodium, potassium, iodine, iron, manganese, zinc, copper, selenium). This masque is packed in a dry form to maintain its effectiveness and freshness. To activate the masque, mix approximately 1 teaspoon of powder with adequate quantity of purified water or toner/astringent, appropriate for client's skin type (including toners/astringents with AHA). Apply twice a week. Leave on 10-15 min., then rinse with tepid water.

Contains: Micronized Laminaria Digitata and Lithothamnium Calcareum Algae (sterilized), Bentonite, Zinc Oxide, Powdered Aloe Vera. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

657 Lifting Masque (in two parts) (for professional in-salon use only)

This two part system allows the Esthetician to offer a truly exceptional professional treatment mask for the face and the body. The Lifting Mask is great for facial toning, hydrating, and purifying. It is recommended for all types of non-problem skin.

657-A Part one: Mask base (powder)

This powder base, when activated, provides a stimulating and detoxifying professional mask treatment. Rich in Minerals, Seaweed, Lecithin, Chlorophyll, and Plant Extracts, it also helps to soothe and remineralize the skin.

Contains: Diatomaceous Earth, Micronized Seaweed, Sodium Alginate, Micronized Powdered Chamomile Blossoms, Spirulina Extract, Powdered Lecithin, Chlorophyll, Iron Oxide.

657-B Part two: Mask Activator (liquid)

This liquid Aloe activator is formulated with natural herbal extracts, soothing Azulen and remineralizing salts to tone, calm, and condition the skin.

Contains: Aloe Vera Gel, Glycerin, Ginseng Root Extract, Yarrow Flowers Extract, Sodium PCA, Dead Sea Salts, Azulen, PEG 40 Castor Oil, Guar Gum, Phenoxyethanol, Potassium Sorbate, Sodium Benzoate, Fragrant Oil.

Directions:

1. Apply a thin layer of a moisturizer or nourishing cream (appropriate for client's skin type) onto the skin.
2. Apply petroleum jelly liberally to eyebrows, hairline, and any other facial hair.
3. Combine one part powder base with two parts liquid mask activator (1:2) in a mixing bowl.
4. Mix until a smooth paste is achieved (an additional small amount of activator could be added to achieve desired consistency).
5. Apply immediately in an even, thick, layer over the face. Setting time for the mask is about 15 minutes.
6. When set, gently peel from the skin.
7. Remove any remaining residue with water and cotton.

Note: Custom blending ingredients from our product list (i.e., Aromatic Oils, Vitamins, Herbal Extracts), can be added to the mixed mask immediately prior to application in concentration of 1.00% or less. Caution: Keep away from eyes, mucous membranes, and the hairline. It is important to leave all airways (nasal openings) unobstructed. It is highly recommended to test a small area of the skin for allergic reactions (discomfort, itching or redness)

671 Azulen-Paraffin Mask (no gauze needed)

Azulen paraffin mask is an effective combination of pure professional grade elastic (no gauze needed) facial paraffin blended with ultra soothing azulene, calming minerals, hydrating herbal extracts, nourishing oils and restorative vegetable butters. This therapeutic salon only treatment is designed to seal in and enhance the benefits of anti aging treatment serums and creams applied under the mask. Helps to hydrate, nourish and smooth the skin. Helps to refine lines. Recommended for all skin types except acne. This facial treatment is an instant "fix" for dehydrated and over stressed skin.

Directions: before using the azulene paraffin mask, cleanse face and remove all traces of makeup. Remove all jewelry and pull hair away from face; a headband or shower cap may be used to wrap hair. Thoroughly dry face. Apply a treatment serum followed by a light layer of moisturizer. Gently stir the wax after it has melted. It is very important for your client's safety that you put a small amount of wax on the inside of your wrist to test the temperature of the wax. Dip the bristles of the facial brush into the wax. Brush a layer of wax onto the face. Wait at least three seconds before applying another layer. For the best results, repeat at least three times. After 10 to 15 minutes, gently remove the mask, starting from the neck and peeling upward. Slowly peel the hardened wax from your face. Do not reuse the hardened wax. Massage the oils left on the face after the wax is peeled off to get the full therapeutic and rejuvenating benefits of this treatment. After using, rinse face with lukewarm water, follow with your favorite moisturizing cream if desired. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed. Do not apply hot wax near eyes or other heat sensitive areas, to any skin injury, eruption, or surface growth. Follow operating instructions for your wax heater. Test hot wax on a small area of skin for warmth and possible skin reactions before using. Do not use if the client is susceptible to allergic reactions or if they have circulatory problems. Do not heat paraffin on a range, stove, or in a microwave. Only use an approved paraffin melting device. Please note: this product should not be used on open wounds or cuts, inflammatory skin conditions, growth peripheral vascular disease where circulation is impaired, or where sensation of the extremity is reduced or absent. Discontinue use if wax feels too hot or cool.

Contains: Paraffin, Sodium Alginate, Extracts of Chamomile, Gin Seng, and Ginkgo Biloba, Polysorbate-80, Jojoba Oil, Almond oil, Azulene, Fragrant Oils, Tocopheryl Acetate (Vit.E), Retinyl Palmitate (Vit.A), Cholecalciferol (Vit. D) Pantothenic Acid (Vit B5), Shea Butter, Olive butter, Mango Butter, Carrot oil. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

677 Hydro-Magnetic Mud

This unique facial treatment mask is recommended for normal to dry skin types. Pure essential oils, powerful anti-oxidants, soothing emollients and deep cleansing sea muds nourish, brighten, hydrate, and rejuvenate the skin. Special magnetic minerals help to increase blood circulation, refine the pores and improve the skin's appearance. The magnet gently attracts the mask for easy removal, while leaving behind a soothing and moisturizing layer of especially blended skin protective oils. This layer can be left on overnight for further nourishment or rinsed off.

Directions: Apply by smoothing a small amount of the mask over the face in a thin layer. Allow to remain on the skin for up to 10 minutes. Then, wrap the magnet in a paper tissue and move it along your face in sections. Change the tissue as needed. Use once to twice weekly. Do not apply close to the eyes.

Contains: Safflower Oil, Caprylic/Capric Triglyceride, Mediterranean Mud, Fullers Earth, Super Refined Iron, Glyceryl Stearate, Beeswax, Paraffin, Jojoba Oil, Bentonite, Dimethicone, Sweet Almond Oil, Carrot Oil, Sea Buckthorn Berry Oil, Essential Oils, Tocopheryl Acetate, Cholecalciferol, Oil Extracts of Laminaria Digitata and Spirulina, Hazelnut Oil, Shea Butter, Mango Butter, Rosemary Leaf Oil Extract, Citric Acid. Caution: Should not be used on oily and acne-prone skin. Always test product on small area before use on entire face. Use only as directed. Not to be used on sensitive or irritated skin. Do not use on broken skin. Avoid contact with eyes and mucous membranes. Keep out of reach of children.

SPL-104 Multi-Vitamin Oxygen Facial Treatment Activator (For professional in-salon use only)

When delivered through a pure oxygen concentrator system (with an airbrush), this potent skin care treatment is activated to deliver important peptides, vitamins, minerals and antioxidants to nourish and replenish skin cells. Leaves skin soothed, glowing and refreshed. Can be used for soothing irritated skin after in-salon treatments such as micro-dermabrasion, glycolic or enzyme exfoliation.

Directions: Protect the eyes with moist cotton. Place a small amount of product into the airbrush feed cup or hand nebulizer cup. Proceed with the mist treatment. Keep the airbrush at least 12 to 18 inches away from the face. Spray with even, smooth strokes. Treatment time should be 7 to 12 minutes. Follow with treatment serum, cream or mask.

Contains: Aloe Vera Gel, French Sea Water, Allantoin, Glycerin, Dead Sea Salts, Amino Acid Condensate, Retinyl Palmitate, Tocopherol, Phenoxyethanol, Ascorbyl Palmitate, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Sodium PCA, Natural Essential Oils, Sea Buckthorn Oil, Polysorbate 20, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Use only as directed. Not to be used on very sensitive or irritated skin. Do not use during or right after chemical peeling. Avoid contact with eyes and mucous membranes. Keep out of reach of children.

VII. Specialty Products for Problem Skin

Our extensive line of Specialty Products for Blemished and Break-Out Prone Skin has been effectively clearing complexions for over three decades. These products have been created with the targeted and specialized goals of addressing white heads, black-heads, oiliness and irritation associated with inflamed and irritated blemished skin.

701 Bio-Drying Lotion

Bio-Drying Lotion is an excellent skin care treatment for blemished skin. It helps to dry up blemishes, reduce tissue redness, irritation and helps to prevent growth of the blemish. Recommended to use together with Camphor Soufflé, Camphor Astringent or Blemish Control Astringent. Shake well; apply only to the blemish (with a cotton swab) several times a day as needed.

Contains: Deionized Water, SD Alcohol 40, Horsetail Extract, Sulfur, Pyroligneous Acid, Glycolic Acid, Salicylic Acid, Lactic Acid, Sodium Borate, Propolis Extract, Retinol, Yeast Extract, Tea Tree Oil, Camphor. Caution: Apply only to the blemish. Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

702 Bio-Soothing Cream

The Bio-Soothing Cream is a soothing skin care treatment for irritated and problem skin, formulated from botanical extracts. It is very popular for after wax soothing, especially after facial waxing. Apply only on the blemish or irritated area of the skin, in a thin layer. Use once or twice daily as needed.

Contains: Aloe Vera Gel, Pineapple Juice, Petrolatum, Dimethicone, Sage Oil, Zinc Oxide, Eucalyptus Oil, Beeswax, Sangunaria, Lecithin, Sodium Borate, Allantoin, Chlorophyll, Azulene, Sodium Benzoate, Potassium Sorbate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

703 Blemish Control Gel

Oily skin is prone to blackheads, breakouts, and large pores, especially in the T-zone (forehead, nose, and chin areas). When sweat glands produce too much oil, pores become clogged with a mixture of sebum and dead skin cells. Accumulated sebum contains propionic acid bacteria, which is released into the tissue causing an inflammatory reaction. Blemish Control Gel reduces shine, absorbs moisture and perspiration, providing a long lasting smooth and non greasy matte finish. Encapsulated Tea Tree oil combines anti-microbial, and anti-inflammatory activities, while micro-sponge technology helps to absorb excess oil and assists with time released delivery of multi-hydroxy acids for gentle exfoliation. These processes help to prevent cell build up and clogged pores, while Vitamin B Complex (Yeast Extract) helps to regulate oil gland secretion.

Directions: Apply to the face twice daily prior to application of moisturizer or make up. Repeated use helps to reduce oiliness, skin problems, and fine lines. Contains: Aloe Vera Gel, Which Hazel Extract, Refined Sea Water, Glycolic Acid and Lactic Acid and Malic Acid and Salicylic Acid, Stearic Acid, Carbomer, Tea Tree Oil, Dimethicone, Lecithin, Silica, Tocopheryl Acetate, Yeast Extract, Lavender Extract, Sodium PCA, Triethanolamine, Sodium Hyaluronate, Phenoxyethanol, Sodium Benzoate, Potassium Sorbate. Caution: Avoid contact with eyes and mucous membranes. Use of sun protection is required when using this product. Some users of this product may experience a mild transient stinging or may incur a mild skin irritation. If irritation becomes severe, discontinue use and consult your skin care professional. Do not use on skin that is irritated from the sun, extreme cold, peeling, waxing, or electrolysis. Keep out of reach of children. Use only as directed.

705 Blemish Control Astringent

The Blemish Control Astringent is highly effective, and recommended only for very oily and blemished skin types. Containing Vitamin B complex, it helps to normalize the pH balance of the skin and regulate oil gland secretion. Camphor Soufflé, Bio-Drying Lotion, Bio-Drying Masque, and Vitamin B Day Cream are very effective with, and complementary to the Blemish Control Astringent for blemished skin treatment and maintenance. Apply with cotton several times daily after cleansing or before applying day cream or make-up.

Contains: Deionized Water, Aloe Vera Gel, Glycerin, Glucose and Fructose and Sucrose and Urea and Dextrin and Alanine and Glutamic Acid and Aspartic Acid and Hexyl Nicotinate, SD Alcohol 40, Yeast Extract, Coltsfoot Extract, Hops Extract, Rosemary Leaves Extract, Sage Leaves Extract, Glycolic Acid, Lactic Acid, Camphor, Menthol, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed

707 Blemish Control Tar *activated with natural pine rosin*

Blemish Control Tar is a spot treatment tar that helps to draw out toxicity and to clear up blemishes. It is very beneficial for post extraction treatment in the salon, and as a part of an effective "at-home" blemish control regimen.

Directions: Apply, in a very thin layer, only on the blemish or irritated area of the skin. Can be left on over night. In-salon use: apply at the end of facial to help the skin recover faster, and prevent infection. Contains: Aloe Vera Gel, Petrolatum, Dimethicone, Ichthimmol, Tea Tree, Cedar wood And Eucalyptus Oils, Salicylic Acid, Refined Pine Rosin, Guaiazulene. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

708 Bio-Sulfur Masque

Bio-Sulfur mask is recommended for treatment of oily, problem and blemished skin types. This deep pore cleansing mask combines Bio-Sulfur, Vitamin-B, Pure Essential Oils and Fruit Enzymes to help balance the skin's pH, reduce oiliness, follicle and pore blockage and inflammations. Restores excessive sebaceous gland secretion to normal rate. This mask also helps to dissolve surface oils, dead skin cells and other debris that clogs pores. Cooling Camphor and Eucalyptus help to reduce redness and irritation, leaving the skin calm and refined.

Directions: Apply to cleansed face once or twice a week. Leave on 10-15 minutes. Remove with warm water. Follow with your regular skin care regimen. Can be used as a spot treatment: apply a very small amount of masque onto the blemish and leave on over night.

Contains: Aloe Vera Gel, Kaolin, Diatomaceous Earth, Glycerin, Sodium Alginate, Zinc Oxide, Bentonite, Bio Sulfur, Allantoin, Phenoxyethanol, Carbomer, Glycosaminoglycans, Yeast Extract, Bromelain Enzymes and Papain Enzymes and Lecithin, Guar Gum, Triethanolamine, Hops Extract, Rosemary Leaves Extract, Sea Buckthorn Berry Oil, Carrot Oil, Natural Essential Oils, Camphor, Eucalyptus Oil, Iron Oxide, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

709 Blemish Control Masque

This traditional European mask is an exceptional deep cleansing and purifying oily and blemished skin. Its perfect combination of finely milled clays, pure essential oils, minimizes pores, and helps to calm irritated blemishes. Directions: Apply to cleansed face once or twice a week. Leave on 15-20 minutes. Remove with warm water. Follow with your regular skin care regimen. Can be used as a spot treatment: apply a very small amount of masque onto the blemish and leave on over night.

Contains: Deionized Water, Aloe Vera Gel, Kaolin, Diatomaceous Earth, Glycerin, Fullers Earth, Ichthammol, Sodium Alginate, Zinc Oxide, Bentonite, Allantoin, Refined Pine Rosin, Glycolic Acid, Lactic Acid, Carbomer, Glycosaminoglycans, Yeast Extract, Triethanolamine, Extracts of Cucumber, Chamomile, Pineapple, and Yarrow Flowers, Phenoxyethanol, Camphor, Eucalyptus Extract, Essential Oils, Potassium Sorbate, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

710 Bio-Drying Masque

Bio-Drying Masque is recommended for oily and blemished skin, as an anti-microbial treatment. It helps to tighten the pores, improve blood circulation, and to dry up existing blemishes. Its zinc oxide, camphor, herbal extracts and other ingredients helps to balance the skin's pH and reduce oiliness and inflammations. Use twice weekly for 15-20 min., by spreading a small amount over the entire face, carefully avoiding the eye area. Then rinse with tepid water.

Contains: Kaolin, Aloe Vera Gel, Glycerin, Zinc Oxide, Bentonite, Dimethicone, Hops and Fenugreek Extracts, Rosemary Leaves Extract, Sage Leaves Extract, Guar Gum, Camphor, SD Alcohol 40, Glycolic Acid, Lactic Acid, Phenoxyethanol, Potassium Sorbate, Sodium Benzoate, Eucalyptus Extract, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

715 Pro-Clear Treatment Gel

Reduces bacteria and inflammation which lead to redness, soreness, and swelling in deep facial cystic nodules. Helps to improve the recovery time of slow to heal blemishes, and decrease the potential for scarring, dark spots and skin damage.

Directions: Apply to areas of breakouts twice daily until skin clears. Recommended for non-sensitive blemished skin types.

Contains: Aloe Vera Gel, Glycerin, Glycolic Acid, Ethyl Lactate, Niacinamide, Lactic Acid, Hydroxyethylcellulose, Lavender Extract, Sodium PCA, SD Alcohol 40, Sodium Hydroxide, Phenoxyethanol. Caution: Test product on a small area first. Avoid contact with eyes and mucous membranes. Use of sun protection is required when using this product. Some users of this product may experience a mild transient stinging or may incur a mild skin irritation. If irritation becomes severe, discontinue use and consult your skin care professional. Keep out of reach of children. Use only as directed.

790 Massage Gel

Massage Gel is ideal for all skin types including oily skin. It is very beneficial for a prolonged luxurious massage. It is not comedogenic and can be easily removed with water. Pure Amino Acid Complex helps to prevent the early appearance of fine lines and wrinkles. Absorbs quickly and leaves a smooth, non-greasy finish. Message Gel is an excellent base for Custom Blended treatments and massage media for in-salon procedures (LED, Ultrasound). Contains: D.I. Water, Aloe Vera Gel, Glucose and Fructose and Sucrose and Urea and Dextrin and Alanine and Glutamic Acid and Hexyl Nicotinate, Car-bomer, Glycerin, d-Panthenol, Allantoin, Guar Gum, Phenoxyethanol, Sodium Hyaluronate, Triethanolamine, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. For external use only. Use only as directed.

VIII. Products with Alpha, Beta, and Multi-Fruit Hydroxy Acids

Alpha-Hydroxy Acids (AHA's), the naturally occurring weak fruit and food acids, have been an exciting development in the skin care industry. They show excellent results in improving the collagen creation and the exfoliation of epidermis dead cells. The AHA's include glycolic, lactic, citric, malic and tartaric acids. Glycolic acid is present in sugar cane, lactic acid in sour milk, citric acid in fruits, malic acid in apples, and tartaric acid in grapes. Use and effectiveness of these acids was well known by ancient and folk medicine. Ancient youth remedies such as milk baths to smooth the skin or stale wine application to the face to diminish the wrinkles are well described. The widely used glycolic acid has the smallest molecular size of any of the AHA's and is believed to have the best penetration ability into the skin.

Our products with alpha hydroxy acids also incorporate another important development in modern skin care - Use of atomized oxygen as a penetrative vehicle for Vitamin A Palmitate. Once the Vitamin A Palmitate penetrates the skin, it is converted to weak retinoic acid by the body's natural biochemical processes. This conversion is well documented by Hoffman-LaRoche in Switzerland, which manufactures the retinoic acid-ingredient used to make Retin-A creams. This group of products containing alpha-hydroxy acids does

not replace our home care regimen or the monthly salon visits. It complements our existing extensive product line, and makes it more complete and competitive. We are confident you will benefit from the excellent quality and efficacy of these products and our competitive prices.

Glycolic Cleansers

G-103 Glycolic Mud Cleanser

Glycolic Mud Cleanser is a gentle pH balanced facial cleanser recommended for non-sensitive, normal to dry and dry skin. It is highly effective thanks to the exfoliative properties of glycolic acid, volcanic mud, and the blend of natural active botanical extracts. Use twice daily. Massage onto the skin, then rinse with tepid water.

Contains: Aloe Vera Gel, Safflower Oil, Cetyl Alcohol, Glyceryl Stearate, Diatomaceous Earth, Fullers Earth, Glycolic Acid and Sodium Glycolate (5%), Glycerin, Avocado Oil, Squalene, Lauroamphocarboxyglycinate and Sodium Trideceth Sulfate, Chamomile and Saponaria Extracts, Amino Acid Condensate, Avocado Oil, Wheat Germ Oil, Hazelnut Oil, Sesame Oil, Phenoxyethanol, Guar Gum, Sodium Hyaluronate, Natural Fragrant Oil, Potassium Sorbate, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

G107 Active Cleansing Gel (with AHA & BHA)

Active Cleansing Gel (with AHA & BHA) is a deep cleansing (oil free) formula that thoroughly removes excess oil, surface impurities and make-up. It helps to exfoliate the dead cells thanks to Alpha and Beta Hydroxy acids, and natural enzymes. Active Cleansing Gel is recommended for normal-to-oily, oily, and problem skin types.

Directions: Apply with moistened hands, gently lather, then rinse. Follow with appropriate toner and moisturizer.

Contains: Aloe Vera Gel, Decyl Polyglucose, Glycolic Acid-7% (partially neutralized for balanced pH), Salicylic Acid, Cocamidopropyl Betaine, Dimethicone, Yeast Extract (Vitamin B), Sodium PCA, Glycerin, SD Alcohol 40, Lactic Acid, Watercress Extract, Papain, Bromelain, Lavender Extract, Soap Wort Extract, Camphor, Sodium Hydroxide, Guar Gum, Phenoxyethanol, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

G-154 Multi-fruit AHA Cleansing Milk

This light, detergent-free, cleansing milk is recommended for normal to dry and combination skin types. It effectively removes make-up and pollutants from the skin (do not use to remove eye make-up) while moisturizing, detoxifying, and exfoliating the skin. This is done by a unique system of Natural Plant Extracts, Humectants, Vitamins, and a Blend of Multi-Fruit AHA's. Use on damp cotton to wipe off make-up and cleanse the entire face. Remove excess with dry cotton.

Contains: Deionized Water, Aqueous extracts of Chamomile & Calendula & Sage & Witch Hazel & Ginseng, Cetyl Alcohol, Safflower Oil, Stearyl Alcohol, Dimethicone, Squalene, Almond Oil, Wheat Germ Oil, Glycolic Acid, Phenoxyethanol, Lactic Acid, Malic Acid, Triethanolamine, Tocopheryl Acetate, Potassium Sorbate, Sodium Benzoate.

Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

Glycolic Toners

G-205 Ginseng Astringent Toner

This is a gentle, alcohol-free, glycolic astringent toner and freshener for normal to dry and sensitive types of skin. It helps to tone and firm the skin, tighten the pores, and smooth the appearance of the skin, to give it finer, softer texture. Ginseng is a natural supplier of oxygen to the skin cells. Accumulation of dead cells causes the skin to appear rough, dull and aged. Glycolic Acid and Ammonium Glycolate-(5%) work to help the skin loosen the excess accumulation of dead skin cells to a natural rate of exfoliation. Helps to diminish superficial sun damage, and reduces the appearance of fine lines. Apply with cotton several times daily after cleansing and before moisturizing or nourishing.

Contains: Deionized Water, Aloe Vera and Witch Hazel and Horse Chestnut Extracts, Glycolic Acid and Ammonium Glycolate, Glycerin, Glucose and Fructose and Sucrose and Urea and Dextrin and Alanine and Glutamic Acid and Hexyl Nicotinate, Ginseng Extract, Phenoxyethanol, Sodium Benzoate, Biotin, Polysorbate 20, Fragrant Oil.

Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

G-206 Calendula Astringent Toner

This is an effective facial astringent toner recommended for normal and normal to oily skin. Its normalizing pH helps to fight bacteria, so it is highly recommended for types of skin having partial oiliness and breakouts. Glycolic Acid (10%) and Sodium Glycolate effectively accelerate the exfoliation of the skin's dead cells, diminish superficial sun damage, and reduce the appearance of fine lines. Apply with cotton several times daily.

Contains: Deionized Water, Aloe Vera Gel, Glycerin, Lemon Juice, Calendula Extract, Glycolic Acid and Sodium Glycolate, Glucose and Fructose and Sucrose and Urea and Dextrin and Alanine and Glutamic Acid and Hexyl Nicotinate, Lactic Acid, SD Alcohol 40B, Fragrant Oil, Bisabolol, Phenoxyethanol, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Use of sun protection is recommended when using this product. Some users of this product may experience a mild transient stinging or may incur a mild skin irritation. If irritation becomes severe, discontinue use and consult your skin care professional. Do not use on skin that is irritated from the sun, extreme cold, peeling, waxing, or electrolysis. Keep out of reach of children. Use only as directed.

G-207 Eucalyptus Astringent Toner

This is a very effective facial astringent toner recommended only for oily and blemished skin. Its balancing pH helps to fight bacteria, to reduce oil secretion, and to dry up blemishes. The high content of Glycolic Acid and Sodium Glycolate (15%) effectively accelerate the exfoliation of the skin's dead cells, diminish superficial sun damage and reduce the appearance of fine lines. Apply with cotton several times daily after cleansing or before applying day cream or make-up.

Contains: Deionized Water, Glycolic Acid and Sodium Glycolate, Aloe Vera Extract, SD Alcohol 40B, Glucose and Fructose and Sucrose and Urea and Dextrin and Alanine and Glutamic Acid and Hexyl Nicotinate, Lactic Acid, Eucalyptus Extract, Salicylic Acid, Camphor, Balsam Peru, Phenoxyethanol, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Use of sun protection is recommended when using this product. Some users of this product may experience a mild transient stinging or may incur a mild skin irritation. If irritation becomes severe, discontinue use and consult your skin care professional. Do not use on skin that is irritated from the sun, extreme cold, peeling, waxing, or electrolysis. Keep out of reach of children. Use only as directed.

Glycolic Treatment Creams, Gels, and Exfoliators

G-322 Alpha Brightener

This Liquid Cream is an excellent moisturizer for all non-sensitive skin types. The combination of Alpha Hydroxy Acid and effective skin lightening agents help to prevent moisture loss while brightening the skin. Repeated use will help to fade dark spots, help to reduce the appearance of fine lines, and improve the exfoliation of the skin's dead cells to a normal healthy rate of exfoliation. Best results are achieved when used twice daily for 4-6 weeks, while avoiding sun exposure.

Directions: Apply after cleansing and toning. Start by using once a day at night, after a one week acclimation period, the product can be used twice daily. A subtle darkening, over time, of the color of the cream is a normal characteristic of the product.

Contains: Aloe Vera Gel, Glycolic Acid, Ammonium Glycolate, Hydrogenated Polyisobutane, Glyceryl Stearate SE, Propanediol, Ethylhexyl Palmitate, Stearic Acid, Cetyl Alcohol, Niacinamide, Bellis Perennis (Daisy) Flower Extract, Stearyl Alcohol, Aqua (and) Phragmites Kharka Extract (and) Poria Cocos Extract, Pentylene Glycol (and) 4-t-Butylcyclohexanol, Butylene Glycol (and) Pentylene Glycol (and) Hydroxyphenyl Propamidobenzoic Acid, Sodium Acrylate / Sodium Acryloyldimethyl Taurate Copolymer & Isohexadecane & Polysorbate 80, Alpha-Arbutin, Sodium PCA, Dimethicone, Squalane, Phenoxyethanol and Caprylyl Glycol and Ethylhexylglycerin and Hexylene Glycol, Ceresin Wax, Emulsifying Wax NF, Magnesium Aluminum Silicate, Xanthan Gum, Sodium Hyaluronate, Chlorphenesin, 4-Butylresorcinol, Benzyl Alcohol (and) Salicylic Acid (and) Glycerin (and) Sorbic Acid, Disodium EDTA, Annatto Extract, Citric Acid.

Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed. Some users of this product may experience a mild transient stinging or may incur a mild skin irritation. If irritation becomes severe, discontinue use and consult your skin care professional. Do not use on skin that is irritated from the sun, extreme cold, peeling, waxing, or electrolysis. Sunburn Alert: This product contains an alpha hydroxy acid (AHA) that may increase your skin's sensitivity to the sun and particularly the possibility of sunburn. Use a sunscreen, wear protective clothing, and limit sun exposure while using this product and for a week afterwards. No. G322

G-323 Multi-Fruit Day Cream

This ultra-light, hydrating treatment cream is recommended for normal to oily and blemished skin. A complex of natural botanical extracts, vitamins, and amino acids help to moisturize and balance the skin, while a unique Multi-Fruit AHA blend gently assists in exfoliating the dead skin, and controlling bacteria. This moisturizer helps to prevent the formation of blackheads, whiteheads, breakouts, and inflammation associated with an oily skin condition.

Contains: Aloe Vera Gel, Stearic Acid, Glycerin, Cetyl Alcohol, Hydrogenated Polyisobutane, Dimethicone, Sodium Alginate, Black Current Extract, Tamarind Extract, Apple Extract, Glycolic Acid, Tartaric Acid, Malic Acid, Carbomer, Panthenol,

Guar Gum, Retinyl Palmitate, Herbal Extracts (Ivy and Watercress and Horse Chestnut), Phenoxyethanol, Tocopherol, Glucose, Fructose, Sucrose, Glutamic Acid, Sodium Hyaluronate, Triethanolamine, Fragrant Oil, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Use of sun protection is required when using this product. Some users of this product may experience a mild transient stinging or may incur a mild skin irritation. If irritation becomes severe, discontinue use and consult your skin care professional. Do not use on skin that is irritated from the sun, extreme cold, peeling, waxing, or electrolysis. Keep out of reach of children. Use only as directed.

G-327 Glycolic Treatment Cream X30

This is a medium strength (pH 4.5) restorative and rectifying treatment cream with glycolic acid and sodium glycolate (10%), and Retinyl Palmitate. Recommended for all types of non-sensitive skin beginning to show signs of aging. Apply to the face once to twice daily.

Contains: Aloe Vera Gel, Safflower Oil, Glycerin, Glycolic Acid and Sodium Glycolate, Stearic Acid, Cetyl Alcohol, Dimethicone, Arnica Blossoms Extract, Calendula Blossoms Extract, Glucose and Fructose and Sucrose and Urea and Dextrin and Alanine and Glutamic Acid and Hexyl Nicotinate, Tocopherol, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Sodium Alginate, Retinyl Palmitate (Vitamin A), Chamomile Extract, Octyl Methoxycinnamate, Guar Gum, Sodium Hyaluronate, Sodium PCA, Hydrogen Peroxide, Ascorbyl Palmitate, Phenoxyethanol, Potassium Sorbate, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Use of sun protection is required when using this product. Some users of this product may experience a mild transient stinging or may incur a mild skin irritation. If irritation becomes severe, discontinue use and consult your skin care professional. Do not use on skin that is irritated from the sun, extreme cold, peeling, waxing, or electrolysis. Keep out of reach of children. Use only as directed.

G-329 Glycolic Treatment Cream X50

This is an effective (pH 3.5) restorative and rectifying treatment with a high content of glycolic acid, sodium glycolate (15%) and Retinyl Palmitate. It is recommended for all types of non-sensitive skin beginning to show signs of aging. Apply to the face once to twice daily. Because excessive drying of the skin may occur, start with one application daily, then gradually increase to two times daily if needed. Repeated use helps to reduce the appearance of fine lines and improve skin tone and texture.

Contains: Aloe Vera Gel, Safflower Oil, Glycerin, Glycolic Acid and Sodium Glycolate, Stearic Acid, Cetyl Alcohol, Dimethicone, Arnica Blossoms Extract, Calendula Blossoms Extract, Glucose and Fructose and Sucrose and Urea and Dextrin and Alanine and Glutamic Acid and Hexyl Nicotinate, Tocopherol, Sodium Alginate, Retinyl Palmitate (Vitamin A), Chamomile Extract, Octyl Methoxycinnamate, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-3, Guar Gum, Sodium Hyaluronate, Sodium PCA, Ascorbyl Palmitate, Hydrogen Peroxide, Phenoxyethanol, Potassium Sorbate, Sodium

Benzoate. Caution: Avoid contact with eyes and mucous membranes. Use of sun protection is required when using this product. Some users of this product may experience a mild transient stinging or may incur a mild skin irritation. If irritation becomes severe, discontinue use and consult your skin care professional. Do not use on skin that is irritated from the sun, extreme cold, peeling, waxing, or electrolysis. Keep out of reach of children. Use only as directed.

G-330 Glycolic Treatment Gel GX-50

This oil-free aloe vera gel with Glycolic Acid (15%) and Sodium Glycolate is very beneficial for non-sensitive, normal to oily, and blemished skin types. It effectively helps to fight bacteria and increases the rate of natural dead skin exfoliation, while helping to promote moisturization by renewal of native skin collagen. Apply to the face twice daily. Repeated use will help reduce oiliness, clearing up skin problems, and reducing the appearance of fine lines.

Contains: Aloe Vera Gel, Glycolic Acid and Sodium Glycolate, Lavender Extract, Arnica Blossoms Extract, Calendula Blossoms Extract, Carbomer, Guar Gum, Sodium Hyaluronate, Sodium PCA, Sodium Hydroxide, Phenoxyethanol, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Use of sun protection is required when using this product. Some users of this product may experience a mild transient stinging or may incur a mild skin irritation. If irritation becomes severe, discontinue use and consult your skin care professional. Do not use on skin that is irritated from the sun, extreme cold, peeling, waxing, or electrolysis. Keep out of reach of children. Use only as directed.

In-Salon use Exfoliators

CONCENTRATED FORMULATIONS TO BE APPLIED ONLY IN-SALON BY LICENSED ESTHETICIAN

Description: Thickened upper layers of stratum corneum, a common condition of the skin, is a result of increased resistive build-up of dead skin cells on the surface of the skin. This condition is not only physically unappealing, it usually lends itself to several other unwanted conditions such as comedone formation, milia, etc. There are two ways an esthetician can help to break down a thickened stratum corneum:

1. Hydrating and mechanical scrubbing. An esthetician can provide intensive hydrating services such as steam and sloughing products (see our Enzyme Peeling Cream or Almond Honey Scrub). They work as "sand paper" to remove the dead skin cells. Almond meal grains act as a coarse exfoliant and the French talc within the scrub as a polishing finish. Intensive steam and scrubbing leaves the skin radiant because of better light reflection (called interference). Mechanical scrubs do not influence the lower levels of the stratum corneum. They remove only the very top layers of the stratum corneum.
2. Exfoliation with Alpha Hydroxy Acids. This is a special group of fruit acids found to reduce resistive dead cell build-up. As the solution of Alpha Hydroxy Acids influences dead cell build-up at a lower level of the stratum corneum (because of its penetration), the removal of the deeper dead cell layer allows the skin to become more flexible.

This results in a thinner stratum corneum layer, which bends more readily without cracking and splitting; the skin becomes more radiant and obtains natural color. Benefits Our unique Bio-Rectifying Exfoliator is an important in-salon portion of the facial or as separate service. This concentrated formulation of Glycolic Acid and Ammonium Glycolate accelerates the removal of the dead outer skin, improving the skin's appearance and enhancing the results obtained with our other skin care products. It may be used as part of the existing facial procedure or as a separate exfoliation service. Caution: It is strongly recommended that a client has been using Glycolic Acid Products, without irritation, for one to two weeks prior to in-salon Glycolic Treatments. This is necessary to irritations or excessive sensitivity from Alpha Hydroxy Acid Treatment Products. If sensitivity or irritations occur, do not perform the in-salon Glycolic Treatments. Do not perform treatment on sunburned, sensitive, or irritated skin.

G-331 Glycolic Bio-Rectifying Exfoliator X70

Glycolic Acid-30%, partially neutralized by Ammonium Hydroxide to final pH 3.5 Caution: It is strongly recommended to run a sensitivity test, by testing the product on a small area behind the client's ear. If after 24 hours redness or irritations occur, do not proceed with application to face. A safety test should be done even if client has used or is currently using Alpha Hydroxy Acid Products. Avoid contact with eyes and mucous membranes. Some users of this product may experience a mild skin irritation. If irritation becomes severe, discontinue use. Keep out of reach of customers and children. Use only as directed. Contains: Aloe Vera Gel, Glycolic Acid (30%), SD Alcohol 40, Ammonium Hydroxide, Guar Gum, Hydroxyethylcellulose. Application Procedure for the Bio-Rectifying Exfoliator X70

1. Cleanse and tone the face and neck with the appropriate products (Camphor or Mint Soufflé). Cover the eyes with cotton pads
2. Use a very small amount (about 2-3 ml.) of Exfoliator for each application to the entire face and neck area. If you apply Exfoliator to other areas, adjust the amount accordingly.
3. Apply Exfoliator with two cotton applicators held together. Work in a consistent manner, either clockwise or counter-clockwise. Apply Exfoliator into the hairline and eyebrows and onto neck. Avoid the eyelids during the application. Be very careful not to get Exfoliator into the eyes.
4. Leave Exfoliator on according to the skin type for a total of from 5 to 10 minutes. For maximum effect for non-sensitive skin keep no longer than 15 min. Start timing when you begin the application.
5. Remove thoroughly with warm water and gauze. Remove Exfoliator in the same direction and sequence in which it was applied. Remove the Exfoliator at the same rate as its application so that each area is exposed evenly for a total of ten minutes (10 min).
6. Apply a sun-screen and moisturizer. Do not use active products, or products containing Alpha Hydroxy Acids for at least 24 hours after procedure.

Caution: Avoid contact with eyes and mucous membranes. Some users of this product may experience a mild skin irritation. If irritation becomes severe, discontinue use.

G-332 Glycolic Bio-Rectifying Exfoliator X80

Glycolic Acid-40%, partially neutralized by Ammonium Hydroxide to final pH 2.5

Caution: It is strongly recommended to run a sensitivity test, by testing the product on a small area behind the client's ear. If after 24 hours redness or irritations occur, do not proceed with application to face. A safety test should be done even if client has used or is currently using Alpha Hydroxy Acid Products. Avoid contact with eyes and mucous membranes. Some users of this product may experience a mild skin irritation. If irritation becomes severe, discontinue use. Keep out of reach of customers and children. Use only as directed. Contains: Aloe Vera Gel, Glycolic Acid (40%), SD Alcohol 40, Ammonium Hydroxide, Guar Gum, Hydroxyethylcellulose. Application procedure for the Bio-Rectifying Exfoliator X80

1. Cleanse and tone the face and neck with the appropriate products (Camphor or Mint Soufflé). Cover the eyes with cotton pads
2. Use a very small amount (about 2-3 ml.) of Exfoliator for each application to the entire face and neck area. If you apply Exfoliator to other areas, adjust the amount accordingly.
3. Apply Exfoliator with two cotton applicators held together. Work in a consistent manner, either clockwise or counter-clockwise. Apply Exfoliator into the hairline and eyebrows and onto neck. Avoid the eyelids during the application. Be very careful DO NOT get Exfoliator into the eyes.
4. Leave Exfoliator on according to the skin type for a total of from 1 to 3 minutes. For maximum effect for non-sensitive skin keep no longer than 3 min. Start timing when you begin the application.
5. Remove thoroughly with warm water and gauze. Remove Exfoliator in the same direction and sequence in which it was applied. Remove the Exfoliator at the same rate as its application so that each area is exposed evenly for a total of ten minutes (10 min).
6. Apply a sun-screen and moisturizer. Do not use active products, or products containing Alpha Hydroxy Acids for at least 24 hours after procedure. Caution: Avoid contact with eyes and mucous membranes. Some users of this product may experience a mild skin irritation. If irritation becomes severe, discontinue use.

Glycolic Masques

G-611 Glycolic Exfoliating Masque

Glycolic exfoliating masque is very beneficial for all types of non-sensitive skin. It effectively increases the rate of natural dead skin exfoliation while promoting moisturization by renewal of native collagen. Apply 2 times a week. Leave on 10 min., then rinse with tepid water.

Contains: Aloe Vera Gel, Glycerin, Safflower Oil, Kaolin, Sodium Glycolate and Glycolic Acid (10%), Stearic Acid, Cetyl Alcohol, Dimethicone, Titanium Dioxide, Zinc Oxide, Sodium PCA, Tocopheryl Acetate (Vitamin E), Sage Extract, Biotin, Jojoba Oil, Sodium Alginate, Sweet Kernel Oil, Ginseng Extract, Hops Extract, Lactic Acid, Salicylic Acid, Squalene, Allantoin, Guar Gum, Olive Butter, Phenoxyethanol, Potassium Sorbate, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Use of sun protection is recommended when using this product. Some users of this product may experience a mild transient stinging or may incur a mild skin irritation. If irritation becomes severe, discontinue use and consult your skin care professional. Do not use on skin that is irritated from the sun, extreme cold, peeling, waxing, or electrolysis. Keep out of reach of children. Use only as directed.

G-712 Bio-Treatment Masque with Glycolic Acid

Bio-Treatment masque is recommended for oily and blemished skin as an anti-microbial and exfoliating treatment. It helps to dry up blemishes, control oiliness, and balance the pH of the skin. Use twice weekly for 10 min., then rinse with tepid water.

Contains: Deionized Water, Aloe Vera Gel, Glycolic Acid and Sodium Glycolate (15%), Glycerin, Zinc Oxide, Titanium Dioxide, Kaolin, Lemon Juice, Xanthan Gum, Guar Gum, Lavender Extract, Camphor, Sage Extract, Horsetail Extract, Sulfur, Phenoxyethanol, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Some users of this product may experience a mild transient stinging or mild skin irritation. If irritation becomes severe, discontinue use. Keep out of reach of children. Use only as directed.

IX. Hair Removing Waxes (depilatory)

801 Azulen Depilatory Wax

This effective, gentle, classic European quality depilatory wax, is formulated from the finest natural ingredients and designed for use only by professional salons and aestheticians. The combination of Propolis wax and Azulen Makes epilating faster, easier, and less painful.

Contains: Natural Resin, Beeswax, Paraffin, Carnauba Wax, Safflower Oil, Propolis Wax, Azulen.

Heating instructions: Plastic jars for microwave (to be used as a quick prep for metal heaters): microwave on high for 1-2 minutes (do not use directly on client after microwave). Open the jar and gently stir. Pour wax into a metal can that can be used with wax heaters or pots. Always test the temperature of the wax on the inside of your wrist before using. The temperature should be comfortable. Never apply to hot. Metal cans for wax pots: place can into the heater. Warm until all hair remover is liquefied. Reduce intensity of the heat, so that hair remover is a lukewarm liquid. Always test the temperature of the wax on the inside of your wrist before using. Never apply hot. The wax should be used while in a fluid consistency.

Azulen Depilatory Wax Directions:

1. Cleanse the area to be treated with a gentle toner.
2. A very minimal application of talcum powder is recommended on dry skin (excluding lip, underarms, and bikini line).
3. A very minimal application of Azulen Oil allows easier removal of the wax.
4. Dip the spatula into the hair remover, and wipe it's underside on the edge of the can.
5. Holding the spatula upright spread a very thin layer of wax in the direction of the hair growth.
6. Place, then smooth, an epilating strip in the direction of the hair growth so that it adheres firmly.
7. Pull the strip off sharply against the direction of the hair growth, and as close to the skin as possible. Do not pull up into the air.
8. Press your hand lightly over the area which has just been treated.
9. After the entire area has been waxed, apply our Azulen Oil or Body Nourishing Cream to calm, soothe and clean the skin. For upper lip, and bikini line areas, a very small amount of our Bio Soothing cream can be applied for extra calming benefits. Please note that the temperature at which Azulen wax should be used varies according to the temperature of the skin and room temperature. In the winter, when the skin is cold and dry, it is recommended to apply the wax at a slightly higher temperature. Caution: As for all epilation procedures, keep away from inflamed, diseased or broken skin, moles or bumps and from very sensitive skin types and areas. Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed. For external use only. For professional use only.

802 Honey Depilatory Wax

Effective soft, amber color, lukewarm (very low melting point) Classic Ancient Formula Hair Removing Wax, formulated from the finest natural gum rosin and a blend of selected natural oils. It is designed for professional salons to make epilating easier and faster.

Contains: Natural Resin, Vegetable oils, Paraffin, Honey. Packaged in 16 oz. metal cans. Available in plastic jars for microwave oven.

Heating instructions: Plastic jars for microwave (to be used as a quick prep for metal heaters): microwave on high for 1-2 minutes (do not use directly on client after microwave). Open the jar and gently stir. Pour wax into a metal can that can be used with wax heaters or pots. Always test the temperature of the wax on the inside of your wrist before using. The temperature should be comfortable. Never apply to hot. Metal cans for wax pots: place can into the heater. Warm until all hair remover is liquefied. Reduce intensity of the heat, so that hair remover is a lukewarm liquid. Always test the temperature of the wax on the inside of your wrist before using. Never apply hot. The wax should be used while in a fluid consistency.

Directions:

1. Cleanse the area to be treated with a gentle toner.
2. A very minimal application of talcum powder is recommended on dry skin (excluding lip, underarms, and bikini line).
3. A very minimal application of Azulen Oil allows easier removal of the wax.
4. Dip the spatula into the hair remover, and wipe it's underside on the edge of the can.
5. Holding the spatula upright, spread a very thin layer of wax in the direction of the hair growth.

X. SPA and Salon Body Treatment Products

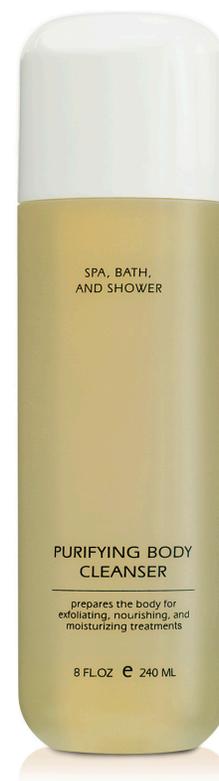

Spa Body Treatment products are an exceptional body treatment system. These luxurious body products are enriched with vitamins, minerals, proteins, seaweeds, and an extensive variety of other botanical ingredients that rejuvenate and revitalize the entire body. These products are far more than skin maintenance, they are therapeutic, and make the skin feel sensational. In addition to being used in spas, and salons, customers can indulge themselves with the highest quality body treatment products available, now in the comfort of their own homes.

Each individual RAYA® product delivers a beneficial body treatment. The entire Line of products work together as a complete body therapy system. Daily use of RAYA® body treatment products will help result in softened, hydrated, toned, and smoother looking, and feeling skin.

S-101 Purifying Body Cleanser (available in sweet apple or coco-mango scents)

This gentle and detoxifying cleanser prepares the body for exfoliating, nourishing, and moisturizing treatments. Helps to remove any residue remaining after treatments. The outstanding cleansing and softening qualities of the Purifying Body Cleanser, allow you to use this product as an excellent conditioning hair and scalp shampoo. Directions: Use by applying onto moistened skin (or hair), working up a lather, then rinse with warm water. It is recommended to use a body scrub prior to this product. Follow with a body milk, oil, or nourishing cream for maximum hydration. Recommended for all skin types

Contains: Aloe Vera Gel, Sodium Laureth Sulfate, Cocamidopropyl Betaine, Oleyl Betaine, Glycerin, Seaweed Extract, Witch Hazel Extract, Arnica Blossom Extract, Sodium Hyaluronate, Fragrant Oil, Glycolic Acid, Sodium Chloride, Phenoxyethanol, Potassium Sorbate, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

S-102 Body Hydrating Milk (available in fruit - cocktail or coco-mango scents)

Body Hydrating Milk is an excellent skin hydrating and protecting veil that is rich in natural oils, butters, and vitamins. Helps to restore the skin's natural lipids, leaving the skin soft and radiant. After cleansing and exfoliating, apply to the entire body, and massage onto the skin until absorbed. Provides an immediate burst of long lasting moisture. Helps to hydrate, calm, and fortify skin's protective barrier against dehydration and irritation.

Contains: Aloe Vera Gel, Safflower Oil, Cetyl Alcohol, Glycerin, Dimethicone, Glyceryl Stearate, Stearic Acid, Seaweed Extract, Squalene, Almond Oil, Jojoba Oil, Sesame Oil, Tocopheryl Acetate, Carbomer, Phenoxyethanol, Guar Gum, d-Panthenol, Sodium PCA, Olive Butter, Mango Butter, Fragrant Oil, Triethanolamine, Potassium Sorbate, Sodium Benzoate, Carmine, Citric Acid.

Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

S-103 Exfoliating Body Scrub (For bath or shower with natural loofah)

This effective exfoliating, refining, and polishing body scrub contains natural loofah and essential oils. The loofah helps to exfoliate the skin, which aids in relieving ingrown hairs, while the essential oils soothe and nourish the skin. Apply in the bath or shower onto wet arms, legs, and all over the body, using gentle circular motions (for a more intense exfoliation, apply with a natural sea sponge.). Rinse with warm water, then follow with Purifying Body Cleanser. By incorporating this scrub into the regular bath or shower regimen, the client will benefit from smoother and significantly softer skin.

Contains: Aloe Vera Gel, Stearic Acid, Glycerin, Glyceryl Stearate, Olive Oil, Jojoba Oil, Clove Oil, Dimethicone, Squalene, Cocoa Butter, Loofah, Polyethylene Beads, d-Panthenol, Burdock Extract, Coltsfoot Extract, Tocopheryl Acetate, Guar Gum, Phenoxyethanol, Essential Oils, Hydrogenated Jojoba Oil (Jojoba Beads), Potassium Sorbate, Sodium Benzoate, Triethanolamine, Olive Butter, Mango Butter, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

S-104 Hydrating Body Scrub (available in cucumber, pineapple or orange - vanilla scents)

The Hydrating Body Scrub is a seaweed scrub designed to provide gentle exfoliation with natural jojoba beads and fruit enzymes. The seaweed scrub benefits the skin in three phases. First, the scrub's seaweed extract remineralizes the skin. Next, the fruit enzymes help to exfoliate the skin. Finally, while massaging the Hydrating Body Scrub onto the skin, the natural jojoba beads slowly melt and release their nourishing jojoba oil. This tri-action gentle body exfoliator helps to create an incredible softness. The Hydrating Body Scrub is applied to the body in a thin layer, left on for 2-3 minutes, and removed by massaging away with warm water. It is recommended, to follow with the use of the Purifying Body Cleanser and then a body nourishing cream, oil, or milk.

Contains: Aloe Vera Gel, Glycerin, Seaweed Extract, Carbomer, Polyethylene Beads, Hydrogenated Jojoba Oil (Jojoba Beads), Papain Extract, Bromelain, Chamomile Extract, Triethanolamine, Guar Gum, Natural Fragrant Oil, Sodium PCA, Phenoxyethanol, Potassium Sorbate, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

S-105 Velvet Body Nourishing Seaweed Oil

This truly elegant treatment oil helps to hydrate, nourish, and lubricate the skin with its natural blend of French seaweed oils, vitamins and minerals. Leaves the skin feeling soothed, and moisturized with a non-oily after feel. Apply, then massage an even quantity over the entire body, until absorbed, leaving the skin velvety soft. Can be used as a luxurious body massage oil.

Contains: Caprylic/Capric Triglyceride, Safflower Oil, Squalene, Sweet Almond Oil, Tocopherol Acetate, Oil Extracts of Laminaria Digitata and Spirulina, Hazelnut Oil, Azulen, Natural Essential Oils. Caution: Avoid contact with eyes and mucous membranes. For external use only. Keep out of reach of children. Use only as directed. Please note: Color of product may change with time due to natural ingredients.

S-106 Conditioning Seaweed Masque (For body and scalp treatment)

This is an exceptional hair, scalp, and body nourishing treatment. The Seaweed Conditioning Masque is rich in vitamins, marine extracts, minerals, and essential oils. This synergy helps to recondition the skin of the scalp, the hair, and the skin of the body through oxygenating and stimulating.

Directions: Apply, then massage a generous amount of this cream masque onto the hair, scalp, and entire body. Allow the masque to moisturize for 5-10 min., then sponge off, or remove in the shower. The skin will feel significantly softer and supple. You can follow with the Body Nourishing Seaweed Oil, Body Nourishing Cream, or Body Hydrating Milk.

Contains: Aloe Vera Gel, Infusion of Algae, Lavender and Jasmine, Glycerin, Seaweed Extract, Spirulina Extract, Cetyl Alcohol, Stearyl Alcohol, Laminaria Digitata, Chamomile Extract, Dead Sea Salts, Cetrimonium Chloride, Squalane, Almond Oil, Keratin Oil, Phenoxyethanol, d-Panthenol, Retinyl Palmitate, Natural Essential Oils, Tocopherol, Potassium Sorbate, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

S-107 Mineral Earth Body Treatment Masque

The Mineral Earth Body Treatment Masque is a deep remineralizing, moisturizing, and toning treatment for the entire body. It cleanses, absorbs excess oils, and draws out impurities from the skin. This is due to a blend of minerals, natural earth, and volcanic ash powders. It helps to restore firmness and elasticity with a unique blend of vitamins, amino acids, extracts, and humectants.

Directions: Apply, a thin layer, with gentle circular massage motions onto the entire body. Allow to dry for 10-15 minutes. Remove with moist, warm sponge or rinse off in the bath or shower. Follow the treatment with our Body Nourishing Seaweed Oil, Aloe Vera Hydrating Body Gel, or Body Nourishing Cream for silky feeling skin.

Contains: Aloe Vera Gel, Glycerin, Decyl Oleate, Diatomaceous Earth, Fullers Earth, Dimethicone, Cetyl Alcohol, Carbomer, Soap Wort and Marshmallow Extracts, Olive Oil, Squalane, Triethanolamine, Sodium PCA, Glucose and Fructose and Sucrose and Urea and Dextrin and Alanine and Glutamic Acid and Aspartic Acid and Hexyl Nicotinate, Tocopheryl Acetate, Natural Essential Oils, Phenoxyethanol, Potassium Sorbate, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

S-108 Eucalyptus Body Soak

The Eucalyptus Body Soak is an essential treatment for the feet, hands, and the entire body. The feet and hands are continuously subjected to abusive conditions, resulting in tired and dull skin. The Eucalyptus Body Soak exhibits extensive soothing and cooling properties, which assist in calming and conditioning the skin of the feet, hands, and the rest of the body. Eucalyptus, tea tree, and lavender oils provide antiseptic and calming effects, while natural glycolic acid provides gentle exfoliation. In addition, beneficial concentration of sea salts provides minerals and trace elements for the skin. These gentle cleansing, conditioning, and re mineralizing agents will leave the skin feeling cleansed and revived.

Directions: Add to warm water for a foot or hand soak, or add directly to running bath water for an all-over relaxing body soak. You can use any one of the following products after a soaking, to achieve a terrific moisturizing treatment: Body Hydrating Milk, Body Nourishing Seaweed Oil, Aloe Vera Hydrating Body Gel, Or the Body Nourishing Cream for smooth and silky feeling skin.

Contains: Deionized Water, Aqueous extract of Horse Chestnut and Rosemary leaves, Sodium Laureth Sulfate, Cocamidopropyl Hydroxysultaine and Erucamidopropyl Hydroxysultaine and PEG-150 Pentaerythrityl Tetrastearate, Cocamideopropyl Betaine, Dimethicone Copolyol, Aloe Vera Extract, Allantoin, Glycolic Acid, Vitamin B-Yeast Extract, Tea Tree Oil, Eucalyptus Oil, Lavender Oil, Dead Sea Salts, Mica, Phenoxyethanol, Potassium Sorbate, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

S-109 Body Massage Gel

The Body Massage Gel is an oil-free professional massage gel that is ideal for all skin types (it will not promote acne in oily skin). It is exceptional for prolonged luxurious massages. The Body Massage Gel Leaves skin clear, with a soft after-feel. The Body Massage Gel is a superb massaging aid to relieve sore muscles or improve circulation to areas which are cellulite prone.

Contains: Deionized Water, Aloe Vera Gel, Carbomer, Glycerin, Pacific Sea Kelp Extract, Angelica Root Extract, Phenoxyethanol, Polysorbate-20, Triethanolamine, Fragrant Oil, Potassium Sorbate, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

S-110 Body Massage Cream

This professional Body Massage Cream is perfect for deep massaging. It creates a smooth, non-oily after-feel, and leaves the skin soft and soothed. Natural Bisabolol helps to calm and soothe irritated skin, due to its anti-bacterial properties.

Directions; Apply in circular massaging motions onto the skin. Any excess can easily be removed with water. Contains: Aloe Vera Gel, Safflower Oil, Glycerin, Olive Oil, Squalane, Dimethicone, Sorbitan Tristearate, Steareth-2, Calendula Blossoms Extract, Shea Butter, Olive Butter, Phenoxyethanol, Hazelnut Oil, Natural Essential Oils, Mango Butter, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

S-111 Aloe Vera Hydrating Body Gel

The Aloe Vera Hydrating Body Gel is a superior soothing and moisturizing gel made with 100% natural aloe vera juice and herb extracts. It is a versatile gel that can be applied daily to the face and body, or it can be used as a before-and-after sun soother. By using this product, your skin will attain maximum benefits from the combination of aloe vera and herbs. After cleansing and exfoliating the skin, apply a thin layer onto the face and body. Massage onto the skin until the skin is left with a velvety after-feel. You can follow with the Body Hydrating Milk, Body Nourishing Seaweed Oil, or Body Nourishing Cream.

Contains: Aloe Vera Gel, St. John's Blossoms Extract, Arnica Blossom Extract, Calendula Blossom Extract, Carbomer, Triethanolamine, Chlorophyll, Fragrant Oil, Phenoxyethanol, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

S-112 Body Nourishing Cream

Body Nourishing Cream is a rich and silky body moisturizer, and an effective softening and nourishment treatment. With regular use, it helps to regenerate the elasticity of the skin, as well as improve its firmness. Contains beneficial fine oils, butters and vitamins A, D3, and E to protect the skin from drying out. Apply, then massage an even quantity over the entire body, until absorbed, leaving the skin velvety soft. Can be used as a luxurious body massage cream.

Contains: Deionized Water, Decyl Oleate, Stearic Acid, Safflower Oil, Olive Oil, Cetyl Alcohol, Cetereth-20, Dimethicone, Glycerin, Tocopheryl Acetate, Retinyl Palmitate, Carbomer, Phenoxyethanol, Triethanolamine, Fragrant Oil, Glucose and Fructose and Sucrose and Urea and Dextrin and Alanine and Glutamic Acid and Hexyl Nicotinate, Mango Butter, Olive Butter, Guar Gum, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. For external use only. Use only as directed.

S-117 Body Butter

Body Butter is an exotic mix of super refined butters whipped to a silky consistency using purified sea water and soy milk to replenish essential skin moisture. It is easily absorbed, giving the skin a soft, velvety texture. Applied to the body daily, this highly effective and concentrated formula helps to regenerate and restore the elasticity of the skin and is ideal for dry, cracked hands and feet. It also makes an excellent "massage" butter that melts nicely when coming in contact with body heat.

Contains: Olive and Almond and Shea and Avocado Butters, Purified Sea Water, Safflower Oil, Glycerin, Dimethicone, Stearic Acid, Natural Soy Milk, Cetyl Alcohol, Guar Gum, Tocopherol Acetate (Vitamin E), Phenoxyethanol, Triethanolamine, Natural Fragrant Oil, Olive Oil, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

S-501 Calming Mint Gel

Calming Mint Gel helps to reduce and improve the appearance of unsightly razor bumps, razor burn, and ingrown hairs from shaving, electrolysis, and waxing. It helps to soothe, soften, and condition the skin, while protecting against irritation. Great for women's bikini lines, underarms, legs, and men's face, neck and back of the head. Directions: After shaving, waxing or when needed, apply onto palm, rub gently to effected area. Apply morning and night until effected area is clear. Continue using as needed to maintain cleaner and smoother skin.

Contains: Deionized Water, Aloe Vera Gel, Glycerin, Calendula Blossoms Extract, Peppermint Oil, Tea Tree Oil, Lavender Oil, SD Alcohol 40B, Salicylic Acid, Carbomer, Triethanolamine, Polysorbate 20, Dimethicone, Hydroxyethyl Cellulose, Phenoxyethanol, Camphor, Allantoin, Menthol, Chlorophyll, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: For external use only. Do not use if allergic to Aspirin. Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

S-515 Micronized Seaweed Powder for Body Wrap

This is a natural fortifying and slimming treatment for the entire body. Micronized French seaweed blended with fine powdered minerals, clays, and plants provide trace minerals and vitamins necessary to detoxify, stimulate, and nourish the skin. The presence of polysaccharides and laminaria seaweed help to improve the moisture level in the skin.

Directions: Mix Seaweed powder with hydrating gel or toner (one that is appropriate for the client's skin type) for a detoxifying, slimming, and toning wrap. Mix seaweed powder with hydrating body milk, seaweed oil, or hand and body cream lotion for a nourishing and revitalizing wrap. Mix powder to creamy consistency. Mask should be applied slightly warm or at room temperature. Follow with wrapping the body in warm blankets to retain body heat and activate the skin to receive treatment.

Contains: Kaolin, Bentonite, Micronized Laminaria Digitata and Lithothamnium Calcareum Algae (sterilized), Zinc Oxide, Powdered Aloe Vera. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

S-519 Bath Salt Crystals with Essential Oils

Natural French Salt Crystals are well known for their soothing and relaxing effect on the body. Aromatherapy blend of pure essential oils and plant extracts help to further relieve and condition tired skin and muscles. Pour one or two scoops of salt into running bath water.

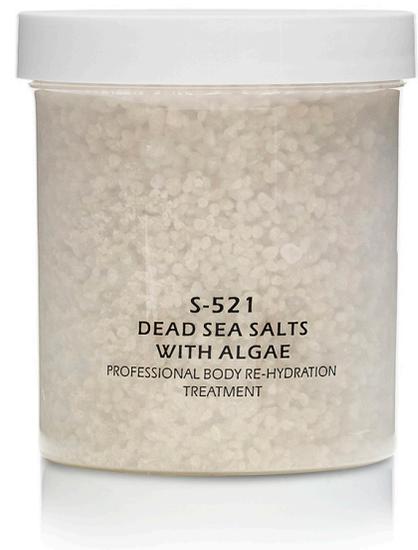

Contains: Natural French Salt Crystals, Natural Essential Oils, Horsetail Extract, Chamomile Extract, Seaweed Extract. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

S-521 Dead Sea Salts with Algae

Pure Dead Sea Salts are prized for their high levels of minerals, seaweed, and algae. This combination of salts and seaweed has a high concentration of calcium, iodine, magnesium, and potassium. These essential minerals all work together to help reduce inflammation and stress, while assisting in detoxification and re-hydration of the skin.

Contains: Dead Sea Salt, Laminaria Digitata, Essential Oils. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

S-522 Black Currant Berry And Mint Leaf Body Cream

This natural emollient based cream provides an immediate burst of long lasting moisture. Black Currant Berry is rich in essential fatty acids that help to defend the skin from environmental damage and pollution. Balm Mint Oil provides mild antiseptic, cooling and refreshing properties. Mango and Olive butters, Almond and Jojoba oils, and Vitamin E help to hydrate, calm, and fortify the skin's protective barrier against dehydration and irritation.

Directions: After cleansing and exfoliating, apply to the body, and massage onto the skin until absorbed.

Contains: Aloe Vera Gel, Safflower Oil, Cetyl Alcohol (Vegetable Based), Glycerin (Vegetable Based), Glyceryl Stearate, Emulsifying Wax NF (Vegetable Based), Stearic Acid (Vegetable Based), Almond Oil, Cyclopentasiloxane, Jojoba Oil, Sesame Oil, Tocopheryl Acetate, Xanthan Gum, Beet Juice, Phenoxyethanol, Black Currant Extract, Balm Mint Leaf Oil, Guar Gum, Sodium PCA, Olive Butter, Mango Butter, Natural Essential Oils, Fragrant Oil, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. For external use only. Use only as directed.

S-523 Green Tea, Soy Milk & Honey Body Cream

This antioxidant and nutrient enriched formula contains natural Green Tea Extract to improve the skin's resistance to free radical damage and provide anti-aging benefits. Soy Milk and Honey to help nourish, refine and protect. Aloe Vera and Chamomile Extracts to soothe and calm. Olive Butter, Jojoba Oil, and Vitamin E to improve skin's elasticity and comfort.

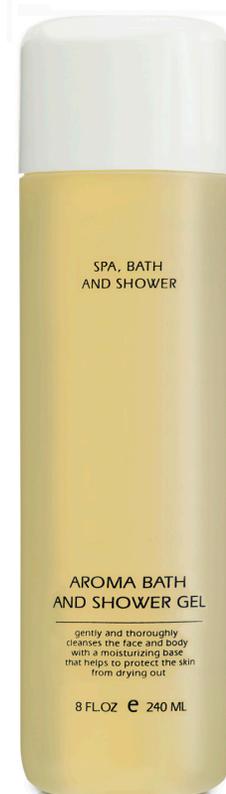

Directions: After cleansing and exfoliating, apply to the body, and massage onto the skin until absorbed.

Contains: Aloe Vera Gel, Safflower Oil, Cetyl Alcohol (Vegetable Based), Glycerin (Vegetable Based), Glyceryl Stearate, Emulsifying Wax NF (Vegetable Based), Stearic Acid (Vegetable Based), Cyclopentasiloxane, Jojoba Oil, Sesame Oil, Tocopheryl Acetate, Xanthan Gum, Hydrolyzed Soy Milk, Phenoxyethanol, Extracts of Ginkgo Biloba and Cucumber and Elder Flower and Chamomile and Orange Peel, Guar Gum, Sodium PCA, Green Tea Extract, Natural Honey, Olive Butter, Natural Essential Oils, Fragrant Oil, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. For external use only. Use only as directed.

108 Aroma Bath and Shower Gel

This special Aroma Bath & Shower Gel gently and thoroughly cleanses the body with a moisturizing base that helps protect the skin from drying out. Smooth Aroma Bath on the body with moistened hands, washcloth, or sponge, gently lather, then rinse. Contains: Aloe Vera Gel, Sodium Laureth Sulfate, Cocamidopropyl Betaine, Oleyl Betaine, Glycerin, Seaweed Extract, Chamomile Extract, Natural Essential Oils, Arnica Blossom Extract, d-Panthenol, Natural Mineral Salts, Calendula Blossom Extract, Phenoxyethanol, Witch Hazel Extract, Potassium Sorbate, Sodium Benzoate, Allantoin, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

451 Azulen Hand and Body Oil

This is an effective skin softening, lubricating and sun-tan blend of natural oils for the hands, arms, legs, and all over the body. Contains Azulen and Vitamin E to help form a glowing tan. Applied daily, helps to regenerate and restore the elasticity of the skin and helps to improve its firmness. Recommended as after-wax treatment oil and a luxurious facial or body massage oil.

Contains: Vegetable Oil, Olive Oil, Avocado Oil, Sweet Almond Oil, Caprylic/Capric Triglyceride, Peach Kernel Oil, Retinyl Palmitate, Squalene, Tocopherol Acetate, Fragrant Oil, Azulen. Caution: This product is not a sun screen, therefore use caution when in the sun. Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed. For external use only.

G-333 Glycolic Hand and Body Lotion *(available in fruit cocktail, coconut-pineapple, citrus, and peach scents)*

This is an effective soothing, moisturizing, and conditioning cream-lotion for the hands, arms, legs and all over the body. Applied daily it effectively helps to accelerate the exfoliation of the skin's dead cells, and diminish superficial sun damage. Contains glycolic acid (7%) to accelerate dead skin exfoliation. Available without fragrant oil or available in your choice of fruit, citrus, peach, or coconut-pineapple fragrant oils.

Contains: Aloe Vera Gel, Extracts of Cucumber, Chamomile, Pineapple, Calendula Blossoms and Yarrow Flowers, Glycolic Acid, Decyl Oleate, Glycerin, Caprylic/Capric Triglyceride, Cetyl Alcohol, Stearyl Alcohol, Emulsifying Wax, Dimethicone, Sweet Almond Oil, Hydroxyethylcellulose, Phenoxyethanol, Hyaluronic Acid, Sodium PCA, Squalane, Avocado Oil, Fragrant Oil, Sodium Hydroxide, Potassium Sorbate, Sodium Benzoate. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

S-900 Moisturizing Cream Shampoo

The outstanding cleansing and softening qualities allow to use this product as an excellent conditioning hair, body and scalp shampoo. Directions: Use by applying onto moistened hair and body, work up a lather, then rinse with warm water.

Contains: Aloe Vera Gel, Sodium Laureth Sulfate, Oleyl Betaine, Glycerin, Cocamidopropyl Betaine, Seaweed Extract, Witch Hazel Extract, Chamomile Extract, Arnica Blossom Extract, Phenoxyethanol, Sodium Hyaluronate, Ginseng Extract, Tocopherol, Fragrant Oil, Glycolic Acid, Sodium Chloride, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

S-903 Moisturizing Cream Conditioner

The Cream Conditioner is an exceptional hair, scalp, and body nourishing treatment. It is rich in vitamins, marine extracts and essential oils. This synergy helps to recondition the skin of the scalp, the hair, and the skin of the body through oxygenating and stimulating.

Directions: Apply, then massage a generous amount of this cream conditioner onto the hair, scalp, and entire body. Allow to moisturize for 5-10 min., then rinse.

Contains: Aloe Vera Gel, Infusion of Algae, Lavender and Jasmine, Glycerin, Cetyl Alcohol, Cetrimonium Chloride, Stearyl Alcohol, Glycol Stearate, Seaweed Extract, Spirulina Extract, Chamomile Extract, Squalene, Almond Oil, Dimethicone, Keratin Oil, d-Panthenol, Retinyl Palmitate, Olive Butter, Phenoxyethanol, Mango Butter, Ginseng Extract, Natural Essential Oils, Tocopherol, Potassium Sorbate, Sodium Benzoate, Citric Acid. Caution: Avoid contact with eyes and mucous membranes. Keep out of reach of children. Use only as directed.

All products for custom blending are only for professional use by licensed estheticians.

THE SIGNIFICANCE OF CUSTOM BLENDING

Since the dawn of history, the use and application of natural substances, botanical and biological products, have been known to man. Today's botanicals are used individually and in combinations with each other, creating a synergistic effect. In the beginning, cosmetic-like preparations came only from nature. With the introduction of synthetics, the cosmetic industry moved away from natural ingredients. Now we witness the return to naturals and the industry's current trend toward custom blending. Custom blending allows the esthetician to customize products to the clients individual needs. Our extensive variety of botanical extracts, super nourishing oils, vitamins, minerals, seaweed extracts, and biological extracts permits the esthetician to take nearly any of our ready products or blank bases, choosing those that are well suited for the clients skin type, and transform them into custom treatment products which will deliver the extensive benefits of the custom blending natural substances. With the incorporation of this approach to skin care the esthetician acquires a new domain in which she gains a strong *customer loyalty, the advantage of maintaining and utilizing the latest ingredients, and develops a reputation of expertise and professionalism.*

Customer loyalty is essential in any profession, but especially in skin care, where the client is entrusting their most visible asset - their skin. When an esthetician custom blends a product for a client, the client can physically see the custom ingredients being added, so there is no speculation or doubt that the product will be effective. Furthermore, the client knows that she cannot simply go to any salon for such a product. In order to receive the product that is specifically customized to her needs she must go to the esthetician that utilizes custom blending. Another advantage of custom blending lies in the ability of keeping up to date with the newest trends in skin care without having to continuously invest in numerous different lines of cosmetics. When new ingredients appear or reappear on the market magazines and television immediately educate and influence the retail customer in the benefits of using a product with such components. Our Custom blending Line allows you to simply add many of these new ingredients to a product that is appropriate for the individuals skin type. Creating, not only a customized product but, a product that follows the latest developments in current skin care. We offer over 60 European quality ready skin care products and over 100 pure custom blending ingredients that you receive directly from the manufacturer. From this array of choices the professional esthetician can develop an unlimited spectrum of customized products.

The ability of an esthetician to apply the methods of custom blending demonstrates an exceptional quality of expertise and an essential character of professionalism that the clients of today expect and demand.

SALON AND SPA SERVICES THAT SUCCESSFULLY INCORPORATE CUSTOM BLENDING INGREDIENTS:

Face Treatments, Body Treatments, Paraffin Treatments, Body Wraps, Body Massage, Facial And Body Steam, Sauna, Steam Room, Vichy Shower Applications, Hand And Cuticle Treatments, Localized Target Treatments, After Wax Treatments, Scalp Treatments, Plastic Surgery Follow-Up

INGREDIENTS USAGE SUGGESTIONS

*The Custom blending extracts, blends, oils, biological, minerals, and vitamins are truly potent ingredients that are **NOT made to be used directly on the skin.** They are made pure and concentrated in order to be added to either ready products or blank bases.*

The % dosage of ingredients to be added to a base product varies. Usually this is 1-3%. For some products it can be as much as 5-10% (see suggested dosage). This is an approximate and rough average. An Esthetician has to use her professionalism and prepare a blend accordingly to the customer's skin type and skin condition.

Applying custom blending to your product line and services is very simple:

- 1. Choose a ready product that correlates to the clients skin type.**
- 2. Add the appropriate amount of the custom ingredient that you professionally feel will further enhance the product you have chosen and further benefit the client's skin. (Or create a completely new product by using our blank base - cream, gel, mask, etc.)**
- 3. Add the extracts, oils, vitamins, mineral, seaweeds, cosmetic preservative, and sun screens of your choice.**

Your imagination and professionalism is the limit.
Custom blending gives you the opportunity to put yourself ahead of the competition.

CARING FOR SKIN THE NATURAL WAY

Many people do not realize that our skin is our most vital organ, and the largest living organ of our body. Its thickest points are the soles of the feet, the palms of the hands and the back. At its thinnest point, the eyelids, the skin measures only 1/25 inch. The main functions of the skin are to regulate our body temperature and, more importantly, to protect our internal organs against the offenses of the outside environment. The elasticity of the skin is a protecting shield against shock and damage to the body. Skin is divided into three layers: the epidermis, dermis and subcutus; each with its own unique functions. I. The Epidermis: This is the highly cellular uppermost layer, usually comprised of 15-20 layers that overlap at the skin's surface. The epidermis continually undergoes the birth, life and death of cells which are created at the base of the epidermis and, after a two-week migration, are shed at the surface. ⁹⁹

This cell activity is performed by three layers each with its own responsibilities. a.) The Basal Layer: the bottom most layer Containing melanocytes, the pigment producing cells; and where cell growth begins. b.) The Prickle Cell Layer: the middle and thickest layer, Containing the hair-like projections on the skin. c.) The Horney Layer (or "acid mantle"): the uppermost layer of the epidermis, constantly shedding cells at the skin's surface. II. The Dermis: Made up of fibrous cells and housing the elastic support of the skin. Nerve endings located in the dermis detect changes in temperature and feel pressure, pain and vibration. III. The Subcutus (or "fatty layer): has two important functions: to serve as a cushion for vital internal organs, and as a storage site for reserve energy for the body. Our skin is one of our most visible and delicate assets, and is subject to more than its share of abuse. If we do not pay attention, it can "cry" for help in the form of a rash, infection or just plain aggravated neglect, as in the form of severe dry skin in the wintertime. There are an infinite number of products touting daily regimens designed to maintain healthy skin. However, we need only remember five basic ways to care for our skin: cleansing and exfoliating, toning, moisturizing, sun protecting and nourishing.

Cleansing and Exfoliating

Each day our skin comes in contact with dirt, oils, cosmetics, environmental pollution and perspiration. Our only defense is cleansing the skin. Extra mild, "light" cleansers today are benefitting from the addition of plant extracts that offer cleansing of their own as well as foaming compatibility. Botanicals and infused fragrance oils are compatible for all of these products and have added benefit to the consumer. Exfoliators, used to slough off the dead uppermost layer of the skin and leave the skin with a smooth, glowing complexion, are commonly formulated with ammonium glycolate and other salts of Alpha Hydroxy Acids.

Toning

Toners are products intended to shrink the pores after cleansing and refreshing the skin. Also called fresheners and bracers, these products are skin sensitizers and when applied topically give a cool, tight and tingly feel to the skin. Astringents, pore-refiners and refining lotions are all relatively similar products which are basically stronger concentrates of those listed above. Today's toners/astringents are being reformulated with botanicals and Blends marketed for those unable or unwilling to tolerate alcoholic solutions. Natural astringents, such as ginseng, elder and angelica flowers, horse chestnuts and sage leaves, to name a few, tend to be more gentle and soothing in nature while providing astringency. Peppermint and spearmint oils can also be added for their cooling and moisturizing effects, and as fragrant components. Menthol and camphor are frequently and commonly used as well.

Moisturizing

Young skin differs from mature skin in many ways. In our teen years, oil (sebaceous) gland secretion may trigger flare-ups of problematic skin. During our mid-life, diminished oil gland secretion contributes to dry skin and flakiness. Thinning of the epidermis and degeneration of supporting elastin fibers contribute to moisture loss. It is for this reason many moisturizing products are advertised to prevent the first signs of aging and sun damage.

Today's consumer is not so easily enticed. More people are reading labels and scrutinizing ingredients, looking for 100 percent natural-derived ingredients. Moisturizing products with natural ingredients and therapeutic claims are bringing renewed interest into the skin care industry.

HUMECTANTS

Humectants are ingredients that attract water as it passes through the epidermis (as well as the surrounding air) and are contained in most moisturizers together with occlusive ingredients, which lock in the moisture already contained in the skin. Fats, polyunsaturated oils such as **apricot kernel, olive, and avocado oils** are common occlusive ingredients used in moisturizers.

Aloe vera, chamomile, elder flower, rosemary, sage and yarrow all offer moisturizing benefits to the skin and are compatible with formulas containing humectants and occlusive ingredients. In addition, these extracts offer soothing, softening, calmative and anti-inflammatory advantages.

BOTANICAL EXTRACTS

These botanical extracts are produced from the selected and purest raw materials collected all around the world and processed by using the most advanced low temperature extraction under vacuum. These botanical extracts are all water soluble making them well suited for astringents, mists, masques, lotions, gels, and some creams (due to the delicate HLB - hydro lipid balance). **For the more nourishing night creams and eye creams, an addition of a custom blending ingredient may upset the emulsion and therefore should be avoided.**

Usually for custom blending; 1.0% - 5.0% of an ingredient is used according to the type and sensitivity of the skin. The selection and combinations of the botanical extracts for different custom products can be chosen according to the functional benefits they offer a specific skin type. Recommended for customizing, manufacturing and external use only.

Custom blending items are for dilution only. Do not use directly on the skin.

2201 *Aloe Vera (aloe barbadensis)*

Habitat: Indigenous to East and South Africa, Mediterranean countries and tropical or subtropical countries including the West Indies, Mexico and Southern United States. Gel cultivated in Texas and Florida. Appearance: Succulent plants with numerous fleshy leaves which protrude from the upper part of the root; narrow, tapering and usually beset at the edges with spiny teeth. Flowers are erect spikes. Clear gel is characterized by hair-like connective veins. Odor: Odorless to slightly vegetable odor. Functional Benefits: Natural moisturizer, has soothing effects on dry, chapped, irritated skin.

2203 *Angelica Root (archangelica officinalis)*

Habitat: Cultivated in Europe and native or Northern Europe. Commercially available throughout the world. Also grows wild from Labrador to Minnesota in the U.S. Appearance: Stately (up to 6 ft.); biennial or perennial herb with thick hollow stems, toothed leaflets and large rhizomes and roots. Odor: Celery-like smelling leaf stalks. Roots are used as flavorings for gin and various liqueurs. Functional Benefits: Has soothing effects on nerve end-

2205 *Calendula Flowers (calendula officinalis)*

Habitat: Cultivated in Europe and North America; commercially throughout the world. Appearance: Pale green leaves, golden orange florets; in yellow, orange and red varieties. Odor: Pleasant, mild floral, depending on variety. Aromatic when used in cooking. Functional Benefits: Soothing, anti-inflammatory, healant, used in ointments for cuts, bruises, sores and burns; has detergent and cleansing properties, as an astringent and refresher.

2207 *Chamomile Flowers (matricaria chamomile)*

Habitat: Europe, Great Britain, the temperate region of Asia, North Africa, North America. Appearance: A low-growing plant, characterized by little flower heads and numerous tubular yellow "rays." Odor: Aromatic, strong scent; used as a fragrance component. Functional Benefits: Soothing, sedative, softening, calmative, anti-inflammatory, sun protecting, wound healant.

2209 *Colts foot Herb (tussilago farfara)*

Habitat: Introduced to North America from Europe. Now cultivated and growing wild from Newfoundland to New Jersey, and west to Minnesota. Grown in damp, clay-like ground. Appearance: The plant leaf is shaped like a colt's hoof, hence the name. Stout leaves with bright yellow flowers characterize. Odor: Raw potato, marshy, mossy odor, vegetable-like odor. Functional Benefits: Conditioning, moisturizing. Contains: silica and cystine, important amino acids to maintain healthy skin.

2211 *Comfrey Leaves (symphytum officinale)*

Habitat: A native of Europe and Temperate Asia, common throughout Great Britain, on the banks of rivers and watery places. Appearance: A rough plant covered with bristly hairs on the stem, which stands 2-3 feet high. Paired purple flowers taper down and grow on one side of the stem, much resembling the herb Foxglove. Odor: A nondescript green note. Functional Benefits: Astringent, cleansing, a healant to rough and abused skin, anti-inflammatory. Wound healing due to natural allantoin, carotene and mucopolysaccharides.

2215 *Elder Flowers (sambucus canadensis)*

Habitat: All over Europe and introduced to the Americas. The canadensis species is native to North America and the part used is the flower. European species nigra is mainly cultivated for its berries for use in Elderberry Wine, an old European tradition. Appearance: Sambucus canadensis is a tall shrub, up to 10 ft. tall, with small white flowers and purple-black berries. Odor: Fragrant, light green note, pleasant vegetable odor. Functional Benefits: Extracts of flowers are used as fragrance components and, because of their slightly astringent nature, are used in under-eye and other skin products. Elder is a cleanser and moisturizer to the skin and hair.

2217 *Ginseng Root (panax quinquefolius)*

Habitat: American and Western species are native to North America and cultivated in Canada and throughout the U.S. Oriental is native to Manchuria, Siberia, Korea and Japan. Appearance: Both species are perennial herbs, with single stems and six long, petioled leaves on top. Parts used for extraction are the roots and rootlets. Odor: Characteristic vegetable odor. Functional Benefits: Used in creams, gels, tonics, facial masks, in wrinkle and other treatment preparations. Known for its ability to deliver oxygen to the cells.

2219 *Hops Buds (humus lupulus)*

Habitat: A native of Great Britain, Scotland, Ireland, The Netherlands, France, Russia, Australia, New Zealand, Germany and the United States, as well as northern temperate zones. Appearance: Dark green, lengthy, flexible and tough stems with heart-shaped and lobed leaves. Characterized by cone-shaped, yellowish “strobiles.” Odor: Hay like, slightly musty, mildew odor. Functional Benefits: Tonic, stimulant, healant, circulation promoter.

2221 *Horsetail Grass (equisetum arvense)*

Habitat: Temperate regions of North and South America, wet, boggy grounds, swamps, embankments. Appearance: Perennial, vascular herb with hollow, cylindrical jointed stems with sheath-like united leaves and cone-like fructifications. Odor: Green scent, vegetable like; although very slight. Functional Benefits: Astringent, calmative, cleansing, acne and skin disorders, pain relief from skin abrasions, anti-inflammatory, high in silica and saponins.

2223 *Horse Chestnut (aesculus hippocastanum)*

Habitat: Native to Mid and Southeastern Europe, cultivated in temperate North America. Appearance: Deciduous tree-reaching heights of up to 100 ft. with prickly green seed pods that mature in autumn when they split open and release up to three brown nuts. Odor: Nutty green odor. Functional Benefits: Astringent, anti-inflammatory benefits for products treating reddened, irritated or sensitive skin. Used as a protecting for facial and hand/nail products.

2225 *Althea Root (althea officinalis)*

Habitat: Northern Europe, Northern Great Britain, Scandinavia, Northern United States, in marshes and in moist places. Appearance: Perennial herb, velvety and hairy, up to 5 ft. Odor: Slightly pungent and mossy. Functional Benefits: Emollient, soothing, healant, demulcent, mucilaginous. Excellent in therapeutic type skin products.

2227 *Nettles Leaves (urtica dioica)*

Habitat: The temperate regions of Europe and Asia, South Africa, Australia, the Andes, and temperate regions of the United States. Appearance: Heart-shaped, finely-toothed leaves, tapering to a point, with green flowers in long, branched clusters. Over 500 species, many with the characteristic stinging hairs on the stems and leaves, thus the name “Stinging Nettles.” Fibrous raw material. Odor: A very slight leafy odor. Functional Benefits: Heat sensation following touching of the raw material; irritant, astringent.

2229 *Orange Peel (citrus aurantium)*

Habitat: Native to all temperate, subtropical and tropical areas of the globe. Mainly cultivated as a food source. Appearance: Small trees bearing green fruit that expand and usually become yellow to orange colored upon maturing. Odor: Fragrance, refreshing citrus odor. Distinct orange note. Functional Benefits: Has anti-inflammatory and anti-bacterial properties. Adds freshening appeal to products.

2231 *Passionflower (passiflora incarnata)*

Habitat: Native to Southeastern United States from Florida to Texas. Appearance: Exotic climbing vine with large, pale lavender colored flowers. Spanish explorers were said to have been startled by the beauty of the passion-

flower. A perennial, woody plant. Odor: A slight hint of floral. Functional Benefits: Used primarily for its soothing and sedating effect in cosmetic preparations. Compatible with aroma therapy or other therapeutic products.

2233 *Rosemary Leaves (rosmarinus officinalis)*

Habitat: In most gardens in all regions of Europe, the United States and Asia. Prefers locations near seas or oceans. Appearance: A shrubby herb with evergreen leaves of dark green color. Flowers are small and pale blue. Odor: Pungently aromatic, somewhat camphorous. Functional Benefits: Tonic, astringent, stimulant, cleansing, soothing, fragrance component. A widely used botanical in all types of personal care products.

2235 *Pacific Sea Kelp (macrocystis pyrifera)*

Habitat: Off the coast of California all the way down to South America and Hawaii. Grows up from the ocean floor and at depths of more than 100 ft. Down. Appearance: A sporophyte plant. The upper part exposed to sunlight near the surface is light to dark green due to photosynthesis, while the deeper parts are almost colorless. Odor: Basically odorless or slightly salty. Functional Benefits: Soothing, healant, odorless and colorless, which is of great advantage in personal care products. Wide uses in anti-cellulite products for added firming.

2237 *Sage Leaves (salvias officinalis)*

Habitat: Natural habitat is the shores of the Mediterranean, although cultivated in Great Britain, France and Germany. Commercially cultivated in the United States. Appearance: An evergreen undershrub. Odor: All parts of the plant have a strong, almost pungent, distinctive odor; and a warm, bitter, astringent taste. Functional Benefits: Calmative, cleanser, moisturizer, skin purifier, fragrant, antimicrobial, non-sensitizing, non-irritant.

2239 *Thyme Leaves (thymus vulgaris)*

Habitat: Native to Southern Europe, widely cultivated in North America. Appearance: Perennial herb with woody stems and twigs that are velvety white. Flowers are lavender to white-pink in color. Odor: The variety of volatile oils (cymemes, terpenes, and terpineols among others) give it a characteristic pungent odor when broken or crushed. Functional Benefits: Thyme is an antiseptic rich in thymol. Besides extensive use as a kitchen herb and fragrance component, thyme is used in ointments and other OTCs to treat infections. It refreshes the skin and has excellent use in toners. It is also included in the formulations of toothpastes, soaps, creams and lotions.

2241 *Yarrow Flowers (achillea millefolium)*

Habitat: Grown commonly in meadows, pastures and by the roadside, not confined to region. Cultivated commercially and in the renowned gardens of Madiera. Appearance: Leaves have a feathery appearance. Plant is harvested when flowering; flowers are grayish-white or pink. Odor: Foliage is pungent, and both flowers and leaves have a bitter, astringent, pungent taste. Odor is so astringent it is known to cause nose bleeds, thus the name "nose-bleed." Functional Benefits: Cleansing, anti-inflammatory, and soothing properties lend easily to various facial treatment products.

2245 *Awapuhi (Hawaiian white ginger)*

BOTANICAL MARINE BLENDS

It is well known that in certain combinations some botanicals develop new properties. Below we offer a range of prepared blends that possess specific qualities in custom blending. Many of them have been widely used in the personal care industry for many years. These blends are water soluble and are therefore easily incorporated into astringents, mists, masques, gels, lotions, and some creams (avoided in nourishing night reams and eye creams for the reasons mentioned previously). The last three blends are oil soluble. This implies that they are *not well suited for astringents, gels, and mists*, but **very well suited for creams, masques, and lotions**.. Recommended for manufacturing and external use only. Usually used in astringents, mists, lotions, gels, creams, masques 1-5%. In salon treatment used 5-10%

Custom blending items are for dilution only. Do not use directly on the skin.

Cleansing Blends

3407 *Cleansing Blend (for sensitive skin)*

Contains: Aloe Vera, Chamomile, Comfrey, Calendula, Rose Petals, Burdock Root, Quillaia Bark.

3351 *Cleansing and Moisturizing Blend (all skin types)*

Contains: Aloe Vera, Rosemary Leaves, Elder Flowers, Ginseng, Horsetail Grass, Sage Leaves.

3682 *Cleansing Blend for Oily, Probl.and Acne Skin*

Contains: Comfrey, Aloe Vera, Chamomile, Rosemary Leaves, Orange Peel

Toning Botanical Blends

3730 *Astringent and Toning Blend*

Contains: Aloe Vera, Gensing Root, Horsetail Grass, Witch Hazel, Pacific Sea Kelp, Lemongrass

3726 *Purifying and Toning Blend*

Contains: Aloe Vera, Witch Hazel, Rose Hips, Comfrey, Orange Peel

3745 *Replenishing and Toning Blend*

Contains: Aloe Vera, Chamomile, Goldenseal, Passionflower, Dandelion Root, Pacific Sea Kelp

3405 *Blend for delicate under-eye and neck skin*

Moisturizing Botanical Blends

3509 *Moisturizing and Anti-aging Blend*

Contains: Aloe Vera, Rosemary Leaves, Comfrey, Elder Flower, Sage Leaves, Horsetail Grass, Ginseng, Orange Peel.

3424 *Moisturizing/Soothing Blend for Dry Skin*

Contains: Chamomile, Aloe Vera, Elder Flower, Coltsfoot, Calendula, Rose Petals.

3725 *Moisturizing/Soothing Blend*

Contains: Aloe Vera, Cucumber, Rosemary Leaves, Chamomile, Althea Root.

3728 *Moisturizing/Rejuvenating Blend*

Contains: Aloe Vera, Cucumber, Comfrey, Ginseng, Orange Peel, Rosemary Leaves.

After Sun Care Botanical Blends

3657 *Marine Blend for after sun applications*

Contains: Pacific Sea Kelp, Aloe Vera, Comfrey, Rosemary Leaves, Kiwi Fruit, Sea Lettuce, Orange Peel. Dosage 1%-5%

3731 *Soothing After Sun Care Blend*

Contains: Calendula, Pacific Sea Kelp, Aloe Vera, Orange Peel, Passionflower, Yarrow Flowers.

3422 *After Sun Care Blend for Irritated Skin*

Contains: Aloe Vera, Comfrey, Chamomile, Pacific Sea Kelp, Ginseng.
Uses & Dosage: lotion, cream, masques 1-5% in salon treatment 5-10%

3325 *Ginkgo Biloba Blend (Anti-aging & Free Radicals)*

Contains: Chamomile, Comfrey, Aloe Vera, Calendula, Sage Leaves, Yarrow Flowers.

SUPER-NOURISHING OILS

The super-nourishing oils are often used in creams, lotions, and masques. **They are primarily used for products recommended for dry, dehydrated, aging, sun-damaged, and withered skin.** Super-nourishing oils are commonly added to products and used in in-salon treatments for dry skin.

Custom blending items are for dilution only Do not use directly on the skin.

4402 *Almond Oil (super refined)*

Elegant Non-Oily feel, nourishing.

4403 *Apricot Kernel Oil (super refined)*

Skin softening, lubricating

4407 *Avocado Oil (super refined)*

Often used in bath oils

4409 *Babassu Oil (super refined)*

Superior emollient, melts at body temp.

4411 *Carrot Oil (super refined)*

Helps condition rough, dry, chapped skin

4415 *Chamomile Extract in oil*

Anti-inflammatory, calming

4417 *Evening Primrose Oil (super refined)*

Soothing, calming, Softening, and has rejuvenating properties

4421 *Orange Roughy Oil (super refined)*

Skin softening. Skin protecting at 3%, moisturizing.

4423 *Super Refined Safflower oil (super refined)*

Pure grade vegetable oil

4425 *St. John's Wort Extract in oil (super refined)*

Healing, calming, soothes sensitive skin

4429 *Wheat Germ Oil (super refined)*

Contains multiple oil soluble vitamins

BIOLOGICAL EXTRACTS

Custom blending items are for dilution only Do not use directly on the skin.

5201 *Placental Extract (from wheat)*

Placenta liquid oil-soluble is intended for application to aging skin with diminishing cell functions, losing its suppleness, and thus becoming dry, withered, particularly susceptible to wrinkles around the eyes, face, neck and decollete. Uses: as a supplement to emulsified and oily preparations for skin regeneration. Dosage 2.00%-5.00% in cream or oil base.

5202 *Bio-sulfur Fluid (water soluble)*

Bio-sulfur fluid is soluble in water and intended for application to greasy and blemished skin preparations. Uses: aqueous, aqueous-alcoholic, and emulsified skin preparations. Dosage: 0.1%-2.0%

5203 *Collagen (pure low molecular weight)*

Collagen is ideal for skin which is aging due to the passage of time or by exposure to light that is, skin which is becoming inelastic (withered and wrinkled) as well as low in moisture through loss of soluble collagen. Uses: emulsified, aqueous and aqueous-alcoholic skin regeneration preparations. Dosage: 1.00%-3.00%

5204 *Elastin (pure low molecular weight)*

Due to the sub epidermal intertwining of collagen with elastin, preparations with elastin represent, for regenerating skin care, a convenient supplement to collagen. Uses: emulsified, aqueous and aqueous-alcoholic skin regenerating preparations. Dosage: 1.00%-3.00% in cream, lotion or toner base

5205 *Royal Bee Jelly-(cellular Bio-activator)-powder*

Royal Bee Jelly is the very nutritious secretion of the throat glands of the royal bee that is fed to the larvae in a colony, and to all queen larvae. It is a mixture of highly valuable natural proteins and carbohydrates that helps to facilitate cell renewal by stabilizing skin secretion. Mix with distilled water. Solution if not preserved use immediately or keep in refrigerator no longer than 1 day.

5206 *Amino-Acid Complex - super moisturizer*

Amino acid complex is a skin moisturizer adapted to the natural moisturizing factors. Contained in a hydrophilic medium, it is ideal for application to "low-moisture" skin. Its ingredients monosaccharides and disaccharides in natural combination with amino acids. Contains: Hexylene Glycol & Glucose & Fructose & Sucrose & Urea & Dextrin & Alanine & Glutamic Acid & Hexyl Nicotinate). Uses: emulsified, aqueous and aqueous-alcoholic moisturizing skin products dosage 3.00%-5.00%

5207 *Azulen 15% (water soluble)*

5208 *Azulen 100% (oil soluble)*

Azulen is one of the most biologically advanced skin care treatments for skin exposed to the daily attack of the environment. The mode of action of the azulene has three predominant benefits: anti-inflammatory, anti-allergic, and restorative. It helps to prevent the formation of unpleasant inflamed pimples and pustules, blackheads and promotes speedy clearing up of such skin problems.

5209 *Sodium PCA - super moisturizer*

Sodium PCA is contained abundantly in skin and plays the role of a natural moisturizing factor. Sodium PCA is extremely hygroscopic and imparts a pleasant dampness and softness to skin. Softness and elasticity of the stratum corneum are two important physical properties that contribute to the normal function of the skin. Sodium PCA has a moisture binding ability of about 60% times its weight. Use: day creams, toners, cleansers, shampoos, scalp moisture treatments 1.00-3.00%

VITAMINS

Custom blending items are for dilution only Do not use directly on the skin.

5210 *Vitamin A & D3*

As a molecular distillate of cod-liver oil in a lipophilic medium, Vitamins A, and D3, are intended for application to over sensitive skin. Also for skin which is irritated by external influences, and as a consequence is rough, chapped and cracked. Uses: emulsified and oily preparations. Dosage:0.05%-0.2%

5211 *Yeast Extract (Vitamin B Complex)*

Yeast extract with natural B vitamins is intended for application to skin with excessive secretion of sebum - greasy and blemished skin. Also for application to skin with enlarged pores. Uses: aqueous and aqueous-alcoholic skin and hair preparations. Dosage 0.5%-2.0% in water, toners or masks.

5213 *Vitamin E Acetate*

Walnut Extract reacts with the keratin in skin to produce a brown color. Used in European self-tanning products. Appears to enhance UV absorption. Used in sun-care products 3.0% -5.0%

5214 *Multi-Vitamin Complex (A, D3, F, E)*

An antioxidant. Protects fat in the skin's tissues from abnormal breakdown. Has good anti aging properties. Dosage 0.5%-1.0% in creams or oil base. As a multivitamin (Vitamins A,D3,E,F, and H) combination in a lipophilic medium, it is intended for application to skin with poor secretion of sebum (dry, chapped, scaling skin) also for skin with inadequate blood supply (sallow,withered skin). Preparations are suitable for application to skin with weak secretion of sebum. Uses: as a supplement to emulsified and oily creams for dry skin . Dosage 1.0%-3.0% in cream or oil base

UNPRINTED EMPTY PACKAGING

These empty containers and sizes are available for creating your custom blended products

- 9720 White Cosmetic Jar and Round Cap 1/4 oz
- 9721 Round Natural Cosmetic Jar and Cap 1/2 oz
- 9722 Round Natural Cosmetic Jar and Cap 1 oz
- 9723 Round Natural Cosmetic Jar and Cap 2 oz
- 9724 Round Natural Cosmetic Jar and Cap 4 oz
- 9725 Round Natural Cosmetic Jar and Cap 8 oz
- 9726 Natural Cosmetic Bottle and Pump 16 oz
- 9727 Natural Cosmetic Bottle and Cap 16 oz
- 9730 Natural Cosmetic Jar and Pump 16 oz
- 9732 Natural Cosmetic Jar and Cap 128 oz
